

REPORT ON "FUTURE TASKS OF THE ALLIANCE" (C-M(67)74)

Dismembered, this report consists of:

A. THE "WORKING PROGRAMME", Paragraphs 11 to 16 inclusive.

If, however, the Italian proposal is carried, it would be necessary to add paragraph 17 after deleting the first sentence of that paragraph.

NOTE: It is possible to argue that paragraph 11 is not part of the "Working Programme", but this is a view which, I believe, will not stand up to analysis.

B. THE "RATIONALE" essentially, paragraphs 5 to 10 inclusive, but, in practice, probably paragraphs 1 to 10.

NOTE:(1) Paragraphs 1 to 4 of the Report do not constitute an essential part of the "Rationale" section, being preparatory in nature. For this very reason, however, and also because paragraph 4 is a paragraph to which Mr. Harmel attaches importance, there will probably be little difficulty in agreeing that they should form part of a "rationale".

NOTE:(2) As will be seen, the "alternative" of publishing both the "Working Programme" and the "rationale" is equivalent to publishing the whole of the Report.
