1. Situation

1.1. With the report at reference, the EADRCC promulgated to National Points of Contact for International Disaster Assistance an initial request for assistance related to a possible emergency situation in Turkey.

2. Population movement towards Turkey

2.1. Reports received today indicate that the situation in the northern part of Iraq did changed in comparison with the previous EADRCC report. This means that approximately 300.000 people remain displaced, the vast majority staying with relatives, and only some of them requiring assistance. This assistance is provided by local authorities and the ICRC.

2.2. Of these 300.000, approximately 20.000 people have gathered closely to the borders of Iran, but did not make any attempt to cross international borders.

3. Assistance provided to Turkey

3.1. As of today, Canada, Croatia, Czech Republic, Denmark, Hungary, Netherlands, Norway, Poland, the Slovak Republic and Switzerland have informed the EADRCC of offers of assistance to Turkey. Details of these offers to Turkey are provided in Annex 1 to this report. Annex 2 to the report provides an overview of the outstanding requirements of Turkey. In addition, Spain has offered one flight with an Antonov 124 cargo aircraft for 6 April 2003. The EADRCC, together with the Spanish authorities are working out the modalities for the use of this cargo aircraft.

4. Transportation Request

4.2. Slovakia has requested transportation assistance for their offer of assistance to Turkey. The total volume of the load will be specified 27 March 2003.

4.3. EAPC Nations in a position to assist Croatia and Slovakia in the transportation of the cargo are therefore requested to examine whether they might be in a position to provide **the needed transportation** and contact the EADRCC at NATO HQ.
