### 1. Situation update:

1.1 Many villages and towns in remote mountainous areas are completely destroyed. This has caused colossal loss of life and property. The number of casualties is estimated to be more than 23.000 and more than 50.000 need urgent medical attention. The number of displaced people without shelter may be as high as 4 million.

1.2 On 10 October 2005 NATO received a formal request for disaster assistance request from Pakistan.

1.3 On 11 October 2005 NATO North Atlantic Council (NAC) approved and Senior Civil Emergency Planning Committee (SCEPC) in EAPC format endorsed the strategic air bridge for transportation of urgently required relief assets from EAPC nations to Pakistan.

1.4 As of 12 October 2005, 31 EAPC nations have offered assistance to Pakistan on bilateral basis, through UN OCHA or other international organisations. Search and Rescue (SAR) teams from 11 EAPC nations (France, Germany, Greece, Hungary, Italy, Netherlands, Poland, Russia, Spain, United Kingdom and United States) are operating in Pakistan.

1.5 The first NATO cargo with donations from Slovenia is scheduled to leave today, 12 October 2005 and will arrive Islamabad 13 October 2005. A liaison of 5 officers from JC Lisbon will be travelling on the same flight.

1.6 EAPC nations are invited to utilise this Alliance transportation capability in order to expeditiously move the assistance to Pakistan. The nations are requested to inform whether they will put their aid through the NATO-offered movement system.

1.7 SHAPE Allied Movement Coordination Centre (AMCC) has designated Ramstein Airbase (AB), Germany as the European hub for the NATO air-bridge. Nations are requested to transport their accepted donations to Ramstein AB by road for onward movement. Alternatively NATO tactical airlift assets can be utilized to concentrate cargo in Ramstein.

1.8 The nations willing to use the Alliance transportation capability are kindly asked to provide the following essential planning data by e-mail to the EADRCC:

- b. Weight in kilograms
- c. Volume in metric
- d. Dimensions in metric
