1. Situation update:

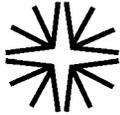

1.1 Many villages and towns in remote mountainous areas are completely destroyed. The death toll is estimated at 40.000, and more than 65.000 people need urgent medical attention. An estimated 3.3 million people need shelter.

1.2 Following a formal request for disaster assistance from Pakistan on 10 October 2005, NATO North Atlantic Council (NAC) on 11 October 2005 approved a strategic air bridge for transportation of urgently required relief assets from EAPC nations to Pakistan. Senior Civil Emergency Planning Committee (SCEPC) in EAPC format endorsed the EADRCC involvement in the support to Pakistan. **On 18 October 05 NAC authorised a sea bridge to move less urgent, heavier and/or bulkier items of nationally offered aid to Pakistan from Europe, if sufficient donations are pledged via the EADRCC.**

1.3 **The Pakistan authorities have an urgent requirement for helicopters, winterised tents, blankets, and stoves. Other international assistance required includes medical capabilities and food. The large number of injured people is overwhelming medical capacities. Field hospitals are still urgently required. Top priority is given to the transport of winterised tents and blankets due to the onset of snowfall in the disaster stricken area.**

1.4 As of 14 October 2005, 35 EAPC nations have offered assistance to Pakistan on a bilateral basis, through NATO / EADRCC, through the EU Civil Protection Mechanism,

NON - CLASSIFIED

through UN OCHA or other international organizations. The Pakistan authorities originally requested SAR teams. This request received significant response. Teams from 20 EAPC nations (Azerbaijan, Belgium, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Italy, Netherlands, Poland, Russia, Spain, Sweden, Switzerland, Turkey, United Kingdom and United States) are operating in Pakistan. The Pakistani authorities have meanwhile informed that SAR teams are no longer required.

1.5 The first NATO cargo flight (B 707) with donations from Slovenia left for Pakistan on 12 October 05 and has arrived Islamabad, Pakistan on 14 October 05. The second NATO cargo flight (AN 124) arrived in Pakistan Sunday, 16 October 05 with a base camp module for 60 persons and other humanitarian aid provided by Sweden. The third NATO cargo flight (B 707) picked up donations from Lithuania and Bulgaria on 17 October 05, and is scheduled to arrive in Pakistan on 18 October 05.

1.6 The next NATO cargo flights are scheduled for Wednesday, 19 October 05, with Danish and German donations from Ramstein AB, Germany, as well as from Incirlik AB, Turkey with UNHCR relief goods.

1.7 EAPC nations are invited to utilise this Alliance transportation capability in order to expeditiously move the assistance to Pakistan. The nations are requested to inform whether they will put their aid through the NATO-offered movement system. **Presently the following nations and international organisations have indicated need of transportation: Czech Republic, Denmark, Estonia (from Pakistan), Germany, Georgia, Lithuania, Malta, Portugal, Switzerland, United Kingdom, UNHCR and WFP.**

1.8 SHAPE Allied Movement Coordination Centre (AMCC) has designated Ramstein Airbase (AB), Germany as the European hub for the NATO air-bridge. Nations are requested to transport their accepted donations to AB Ramstein by road for onward movement. The EADRCC is in charge to schedule the arrival of country-donations at Ramstein AB.

NB! No deliveries can take place at Ramstein AB unless the EADRCC has authorised the arrival. NB!

1.9 Upon arrival of relief goods transported through the NATO air-bridge to Pakistan, donations are formally handed over to Pakistan Authorities by the JC Lisbon team in Islamabad.

1.10 Nations willing to use the Alliance transportation capability are kindly asked to provide the following essential planning data by e-mail to the EADRCC:.

- a. Nature of the item(s) to be shipped, e.g. tents, pumps, blankets etc...
- b. Weight in kilograms
- c. Volume in metric
- d. Dimensions in metric
- e. Type of packaging e.g. bales, rolls, boxes, etc
- f. Whether palletised or not. If palletised, specify the type of pallet(s) e.g. Europallets or...etc
- g. If dangerous good e.g. HAZMAT etc

- h. Where (location) available for pick up and when (specify the Date/Time/Group i.e. DTG) in GMT
- i. Is the shipper willing to move the items to be shipped to the designated point of loading?
- j. Specify any other special instructions
- k. Specify a telephone of Point of Contact (POC), and if possible an alternative POC and the name of the person completing this questionnaire.

NOTE: It is important that each one of the 11 lines of the above questionnaire be completed. Please indicate NO if the answer is negative.

1.11 Nations are also invited to contribute airlift capability to NATO in order to expedite transportation of disaster relief from EAPC nations to Pakistan.
