

Annex 7: Information to be Maintained in the EADRU Database

INFORMATION TO BE MAINTAINED IN THE EURO-ATLANTIC DISASTER RESPONSE UNIT (EADRU)-DATABASE¹

1. Description of National Elements

- 1.1. Sector name
- 1.2. Type of the national element
- 1.3. Requested capability
- 1.4. Deployment priority
- 1.5. Requested task and their specifications
 - 1.5.1. Main description
 - 1.5.2. Detailed description

2. Available National Elements

- 2.1. Name of the country providing the national element
- 2.2. National name of the national element
- 2.3. Name, telephone and fax number of the data provider
- 2.4. Name of the organization providing the national element
- 2.5. Description of the national element to be provided (see also 1.5)
- 2.6. Name, telephone and fax number of the authority who decides on the deployment of this national element
- 2.7. Name, telephone and fax number of the operational Point of Contact for this national element
- 2.8. Availability to the United Nations of this national element (in order to facilitate exchange of information and to avoid "double counting")
- 2.9. Can offering nation transport the offered capability
- 2.10. Cargo
 - 2.10.1. Description of the individual cargo item
 - 2.10.2. Dimensions
 - 2.10.3. Quantity
 - 2.10.4. Weight
 - 2.10.5. Possibility to airlift the cargo
 - 2.10.6. Special handling
 - 2.10.7. Hazardous materials
 - 2.10.8. Number of accompanying personnel
- 2.11. Deviations from the requested tasks
 - 2.11.1. To which extend do the capabilities of the offered capability deviate from the standard description for this type of national elements (see also 1.5).
- 2.12. Deployment
 - 2.12.1. Indication of the time span needed by the national authorities to decide on the deployment of the national element
 - 2.12.2. Indication of the time needed to deploy after a decision by the national authorities

¹ This information is maintained in order to be able to exchange information with the United Nations-Office for the Coordination of Humanitarian Affairs/Military and Civil Defence Unit

- 2.12.3. Indication of the time needed to be ready for operation once deployed to the disaster site
- 2.12.4. Indication of the period after which the national element would need resupply
- 2.13. Exercises
 - 2.13.1. Participation in exercises in the last five years
 - 2.13.2. Name of the exercise
 - 2.13.3. Year of the exercise
 - 2.13.4. Country of the exercise
 - 2.13.5. Evaluation of the participation (if available)
- 2.14. Experience
 - 2.14.1. Experience in the last ten years
 - 2.14.2. Country of deployment
 - 2.14.3. Year of deployment
 - 2.14.4. Evaluation of the deployment (if available)
- 2.15. Movement
 - 2.15.1. Movement by air
 - 2.15.1.1. To which region
 - 2.15.1.2. Which range
 - 2.15.2. Movement by road
 - 2.15.2.1. To which region
 - 2.15.2.2. Which range
 - 2.15.3. Movement by sea
 - 2.15.3.1. To which region
 - 2.15.3.2. Which range
 - 2.15.4. Movement by rail
 - 2.15.4.1. To which region
 - 2.15.4.2. Which range
 - 2.15.5. Self transportable by road
- 2.16. Other Tasks
 - 2.16.1. Which other task, not described in the standard description, can the national element perform
- 2.17. Performance
 - 2.17.1. Which of the tasks, described in the standard description (see also 1.5) can the national element perform
- 2.18. Region of deployment
 - 2.18.1. To which region can this national element deploy
 - 2.18.1.1. All EAPC Countries
 - 2.18.1.2. Europe
 - 2.18.1.3. NIS States
 - 2.18.1.4. North America
