# Effects to be Achieved

- Introduce NATO CIMIC within a Comprehensive Approach as a facilitator for Gender awareness
- Explain Functionalities of CCOE as an Implementer for Gender Relevance
- .....
- Demonstrate how CIMIC is taught @ CCOE as part of Comprehensive Approach
- Improve Gender awareness (mainstreaming), as per UNSCR 1325

# Agenda

- NATO CIMIC – Frame and Perspective in a Comprehensive Approach
- NATO CIMIC – Military Facilitator in a Comprehensive Approach
- NATO CIMIC – Civil Dimension and Gender Relevance
- CCOE – Functionalities and Implementation for Gender Relevance

# Agenda

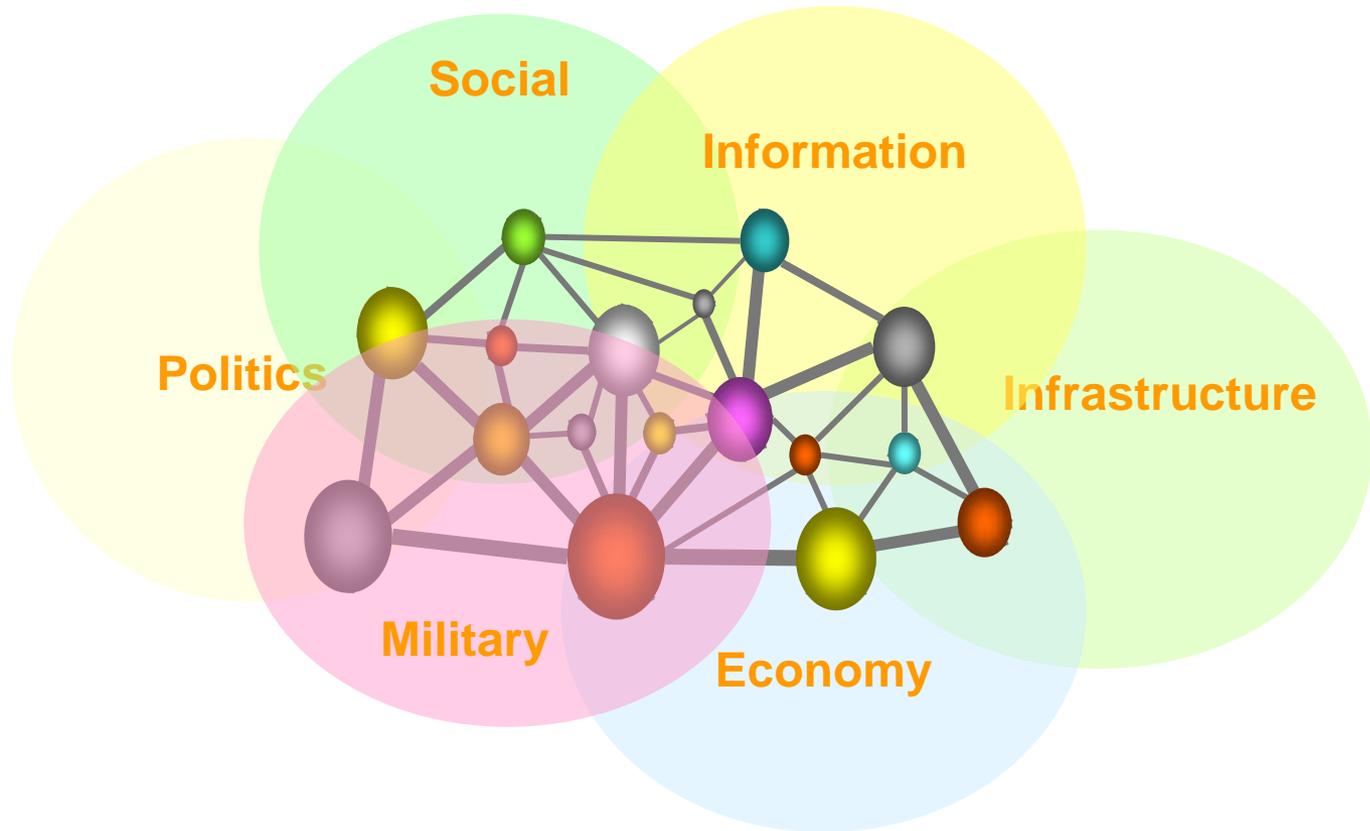

- NATO CIMIC – Frame and Perspective in a Comprehensive Approach
- NATO CIMIC – Military Facilitator in a Comprehensive Approach
- NATO CIMIC – Civil Dimension and Gender Relevance
- CCOE – Functionalities and Implementation for Gender Relevance

# Challenges of Complex Crises or Emergencies

- Involve myriad ethnic, religious, ideological and material drivers
- Requires sustainable solutions in societies ravaged by war, disasters or humanitarian catastrophes
- Resolution unlikely to be achieved by military means alone

# Challenges of Complex Crises or Emergencies

# Response in a Comprehensive Approach

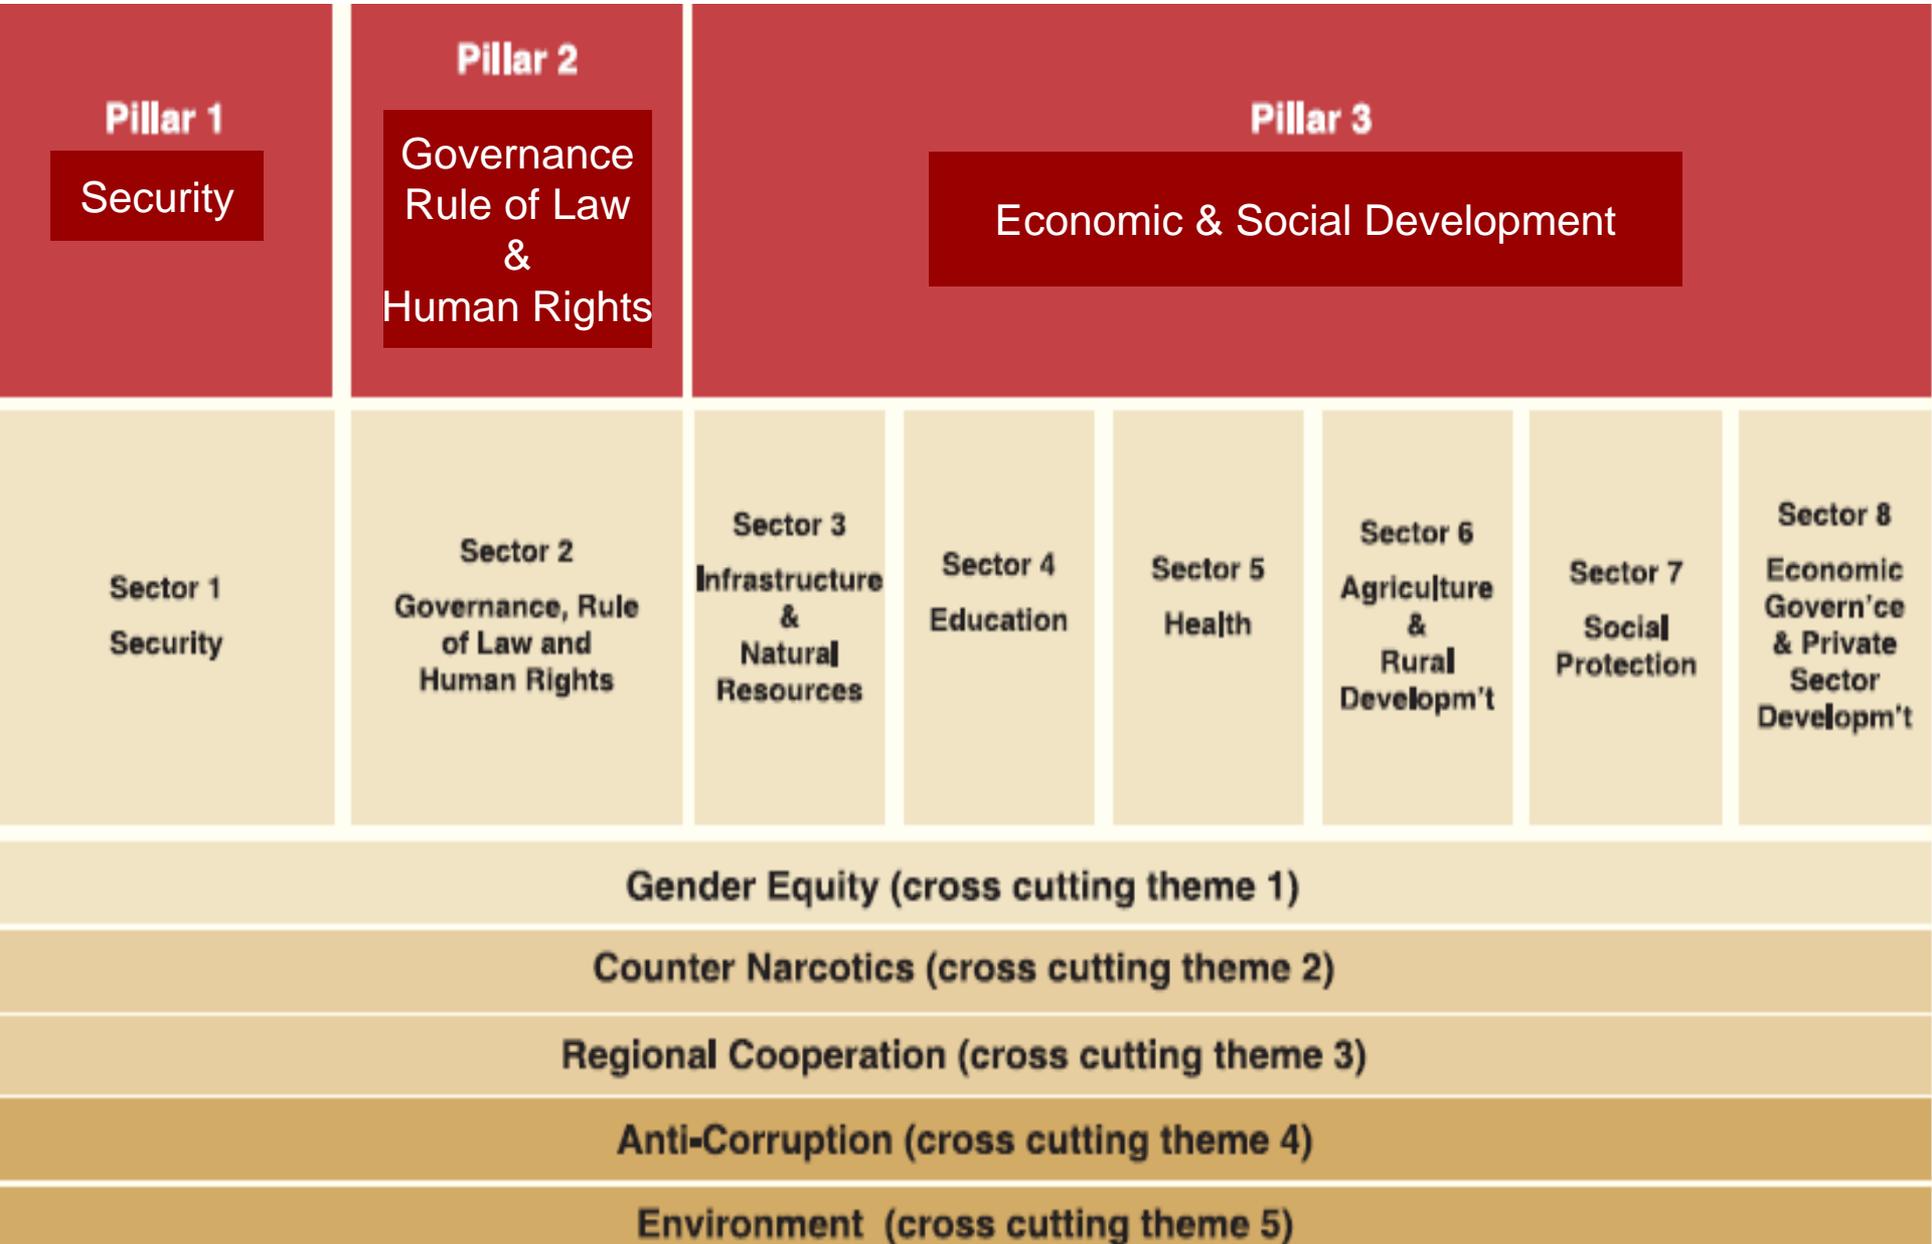

- Requires the international community involving a wide spectrum of civil and military instruments
- Integrates all engaged actors on a desired End State – defined and agreed by all participants
- Provides operating platform throughout all phases of an international engagement
- Allows complementing or even building on actor's capabilities
- Enables each actor to fulfil its share within own principles but coordinated

# Requirements for a Comprehensive Approach

- Shared acceptance and understandings
- Common agreement on basic policy, doctrine and procedures facilitating throughout all phases of an international engagement
  - Common political and operational objectives, strategies
  - Level of each actors involvement
  - Rules of engagement
  - Planning, coordination, implementation and information mechanisms
  - Institutionalisation amongst and within the organisations related

# Common Objectives

# Agenda

- NATO CIMIC – Frame and Perspective in a Comprehensive Approach
- NATO CIMIC – Military Facilitator in a Comprehensive Approach
- NATO CIMIC – Civil Dimension and Gender Relevance
- CCOE – Functionalities and Implementation for Gender Relevance

# Role of CIMIC

- Enhances military ability to reach the desired end state by linking military operations with the civil sector
- Facilitates comprehensive or even combined assessments with all actors involved
- Provides the civil rational to military operations as contributions to the comprehensive approach

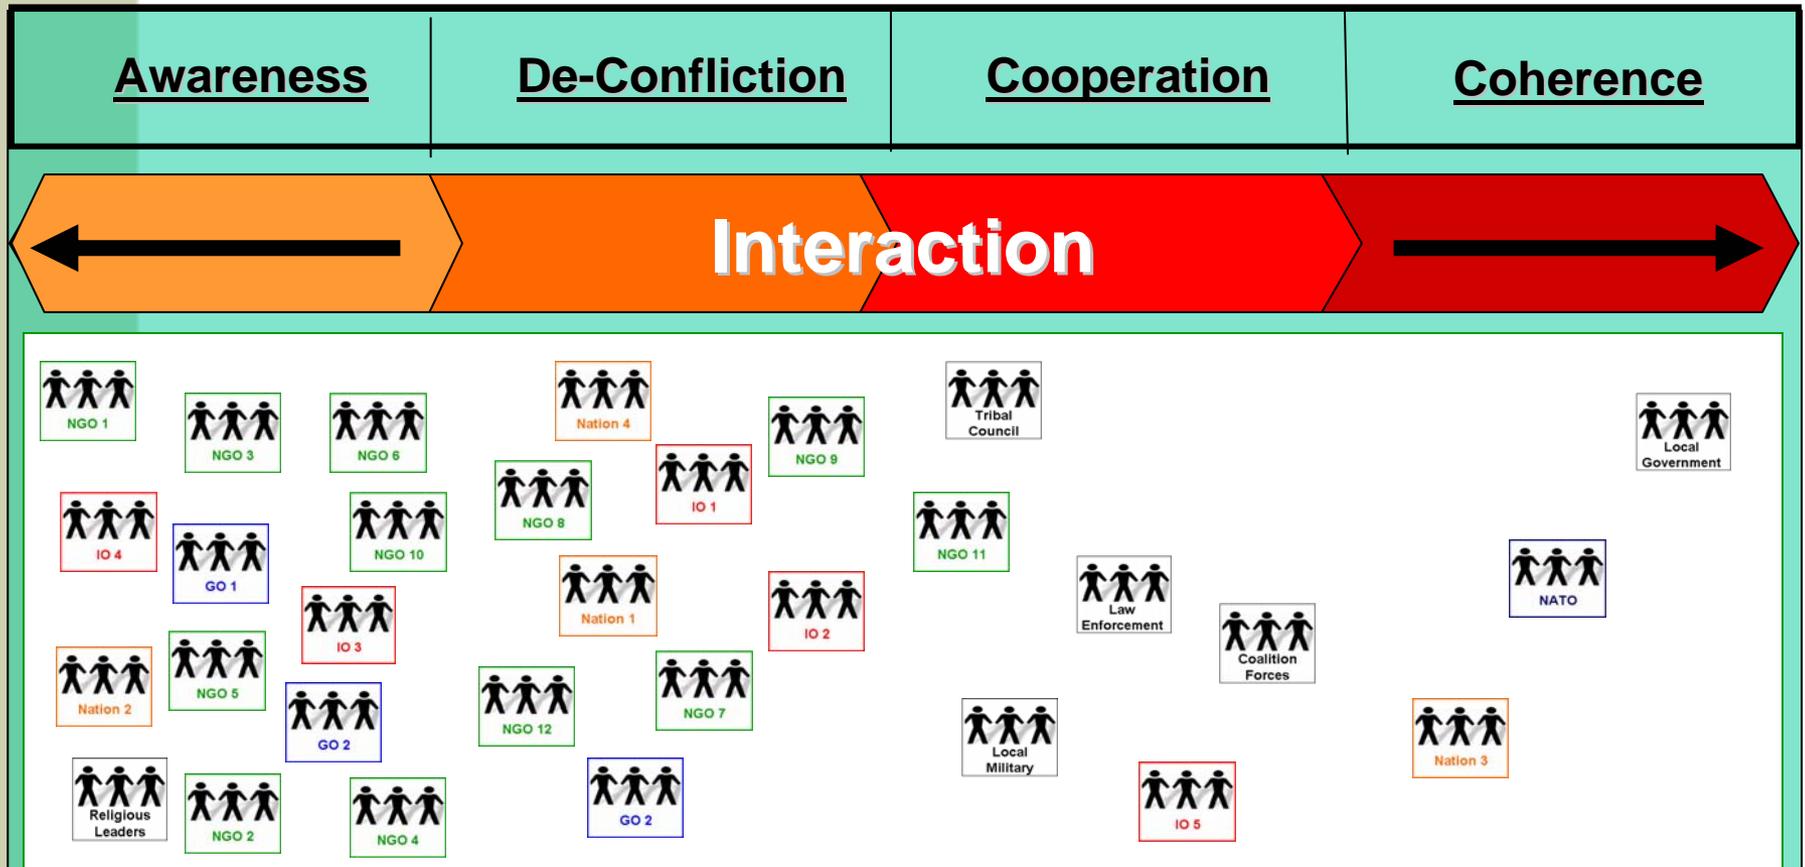

# CIMIC Foundations

- Provides for coordination, cooperation, mutual support, coherent joint planning and information exchange
- Includes NATO military forces, governance, civil actors and civilian population
- Enables the NATO Commander to create, influence and sustain conditions that will ensure obtaining operational objectives
- Maximising the effectiveness of the military mission within the comprehensive context of an international engagement

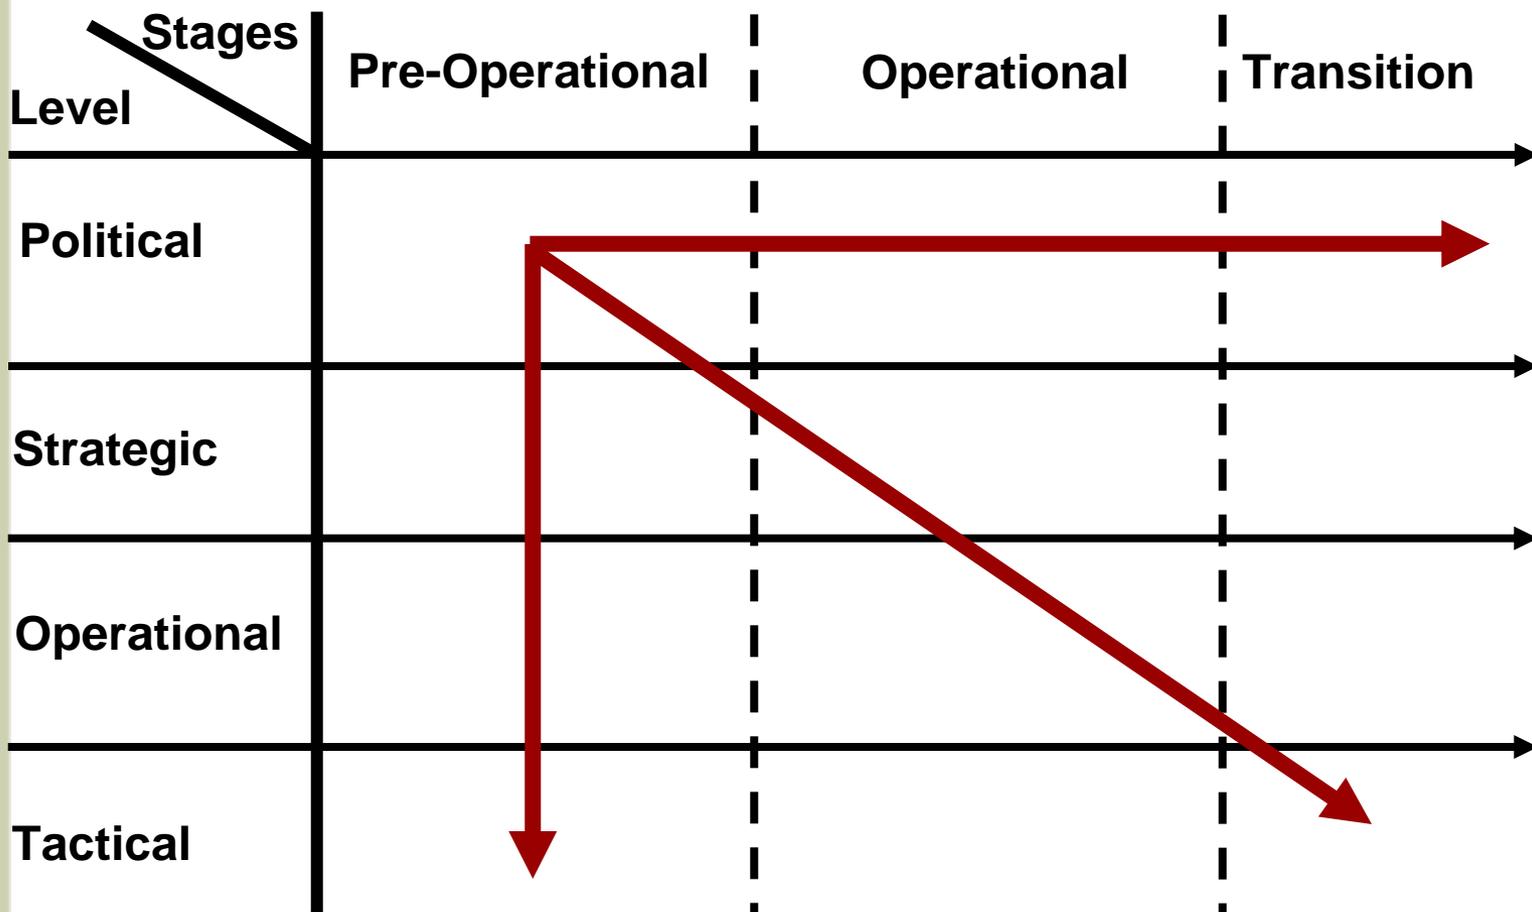

# Comprehensive Civil-Military Interaction

## CIMIC - Facilitator for Civil Military Interaction

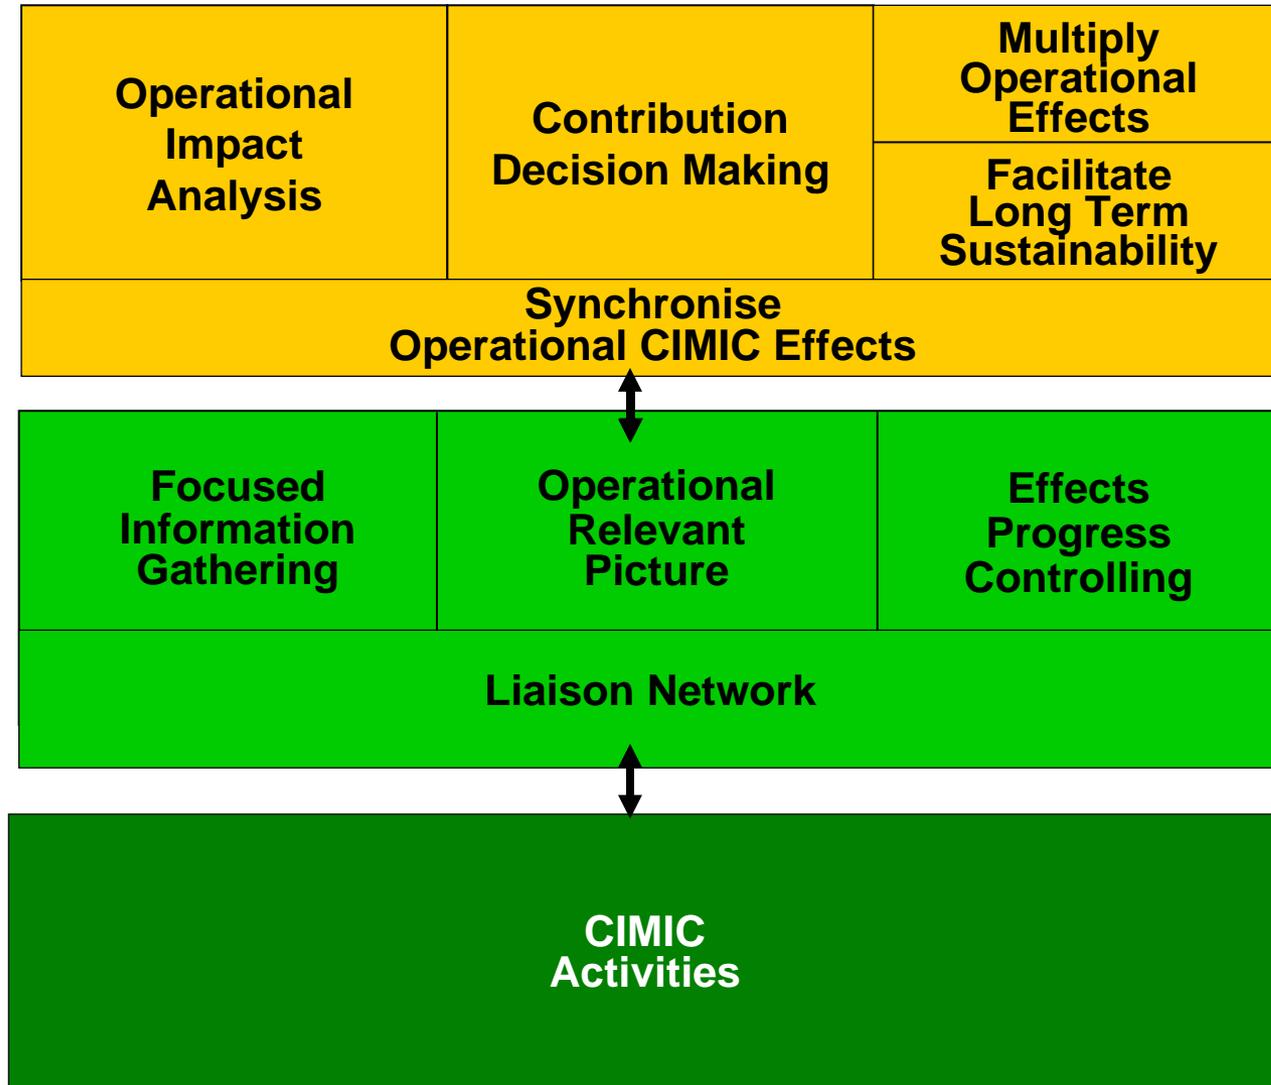

# CIMIC Cohesion and Allocation of Responsibilities

# CIMIC Process Model

# Agenda

- NATO CIMIC – Frame and Perspective in a Comprehensive Approach
- NATO CIMIC – Military Facilitator in a Comprehensive Approach
- NATO CIMIC – Civil Dimension and Gender Relevance
- CCOE – Functionalities and Implementation for Gender Relevance

## Civil Dimension – Operational Factor -

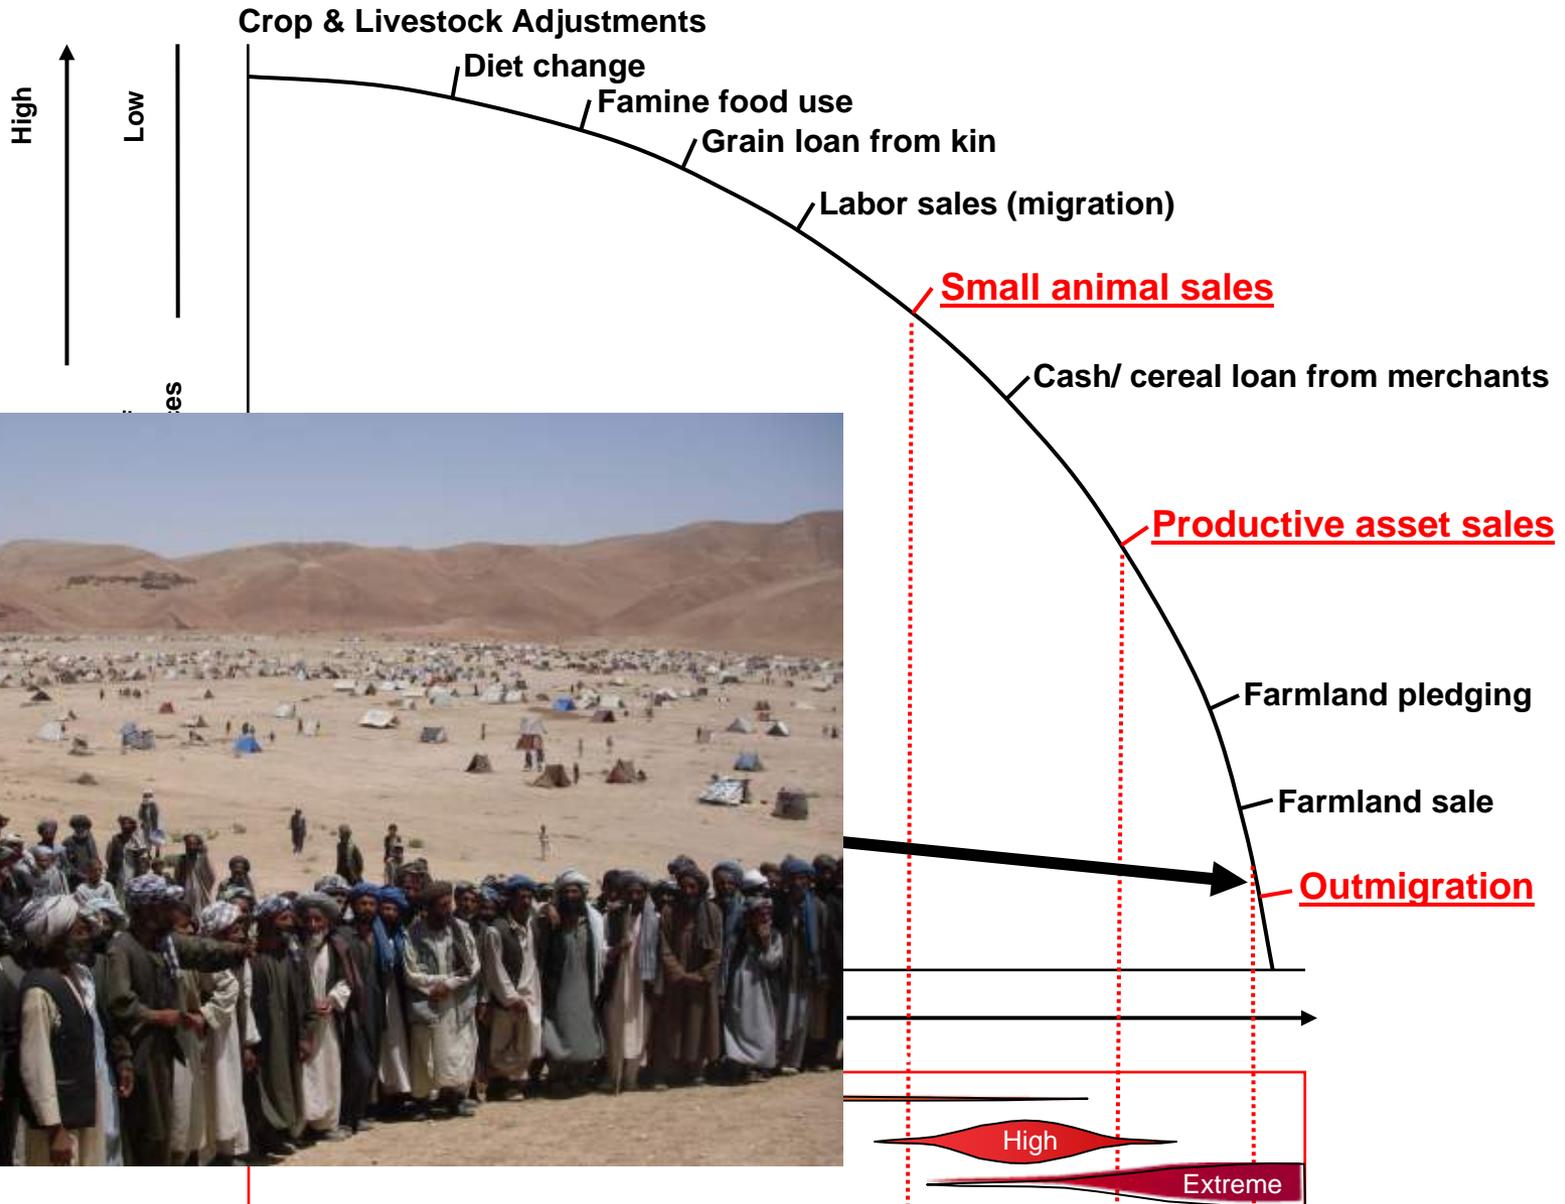

## Civil Dimension - Gender Relevance -

# Civil Dimension - Assessment Mechanisms -

# CIMIC Forces - Gender Relevance -

# CIMIC Projects - Gender Relevance -

# Agenda

- NATO CIMIC – Frame and Perspective in a Comprehensive Approach
- NATO CIMIC – Military Facilitator in a Comprehensive Approach
- NATO CIMIC – Civil Dimension and Gender Relevance
- CCOE – Functionalities and Implementation for Gender Relevance
