

# NATO's complex challenges demand *a comprehensive approach*

**Counsellor Michel Rentenaar**  
**Civil-Military Interface Advisor**  
**(CIVAD)**  
**S.H.A.P.E.**

## MISSION in words

TFU, partnered with ANSF and iccw GIRoA, CF and IC, is to further secure, improve governance, and reconstruct and develop throughout URZ ADZs IOT enhance the safety and security of the population of URZ.

# Military and Civilian: a winning Team

## Military can-do and civilian know-how

Soldiers, diplomats and aid workers working together.  
Civilian lead PRT, a logical conclusion: dual command even better.

We win the war but  
lose the peace

It is NOT about  
defeating Taliban

Protecting the people is  
our Mission

Look below the line as well

# Nothing is what it seems

# From CIMIC to Development

## CIMIC

## DEVELOPMENT

Military lead

Civil lead  
GoA, donors, NGOs

Short term, visible results

Aimed at more  
structural needs

Small community  
based projects

Fullfilling urgent needs

Structural programmes  
- Afghan ownership  
- Capacity building

Set conditions  
for development programmes

Force acceptance

Long-term solutions

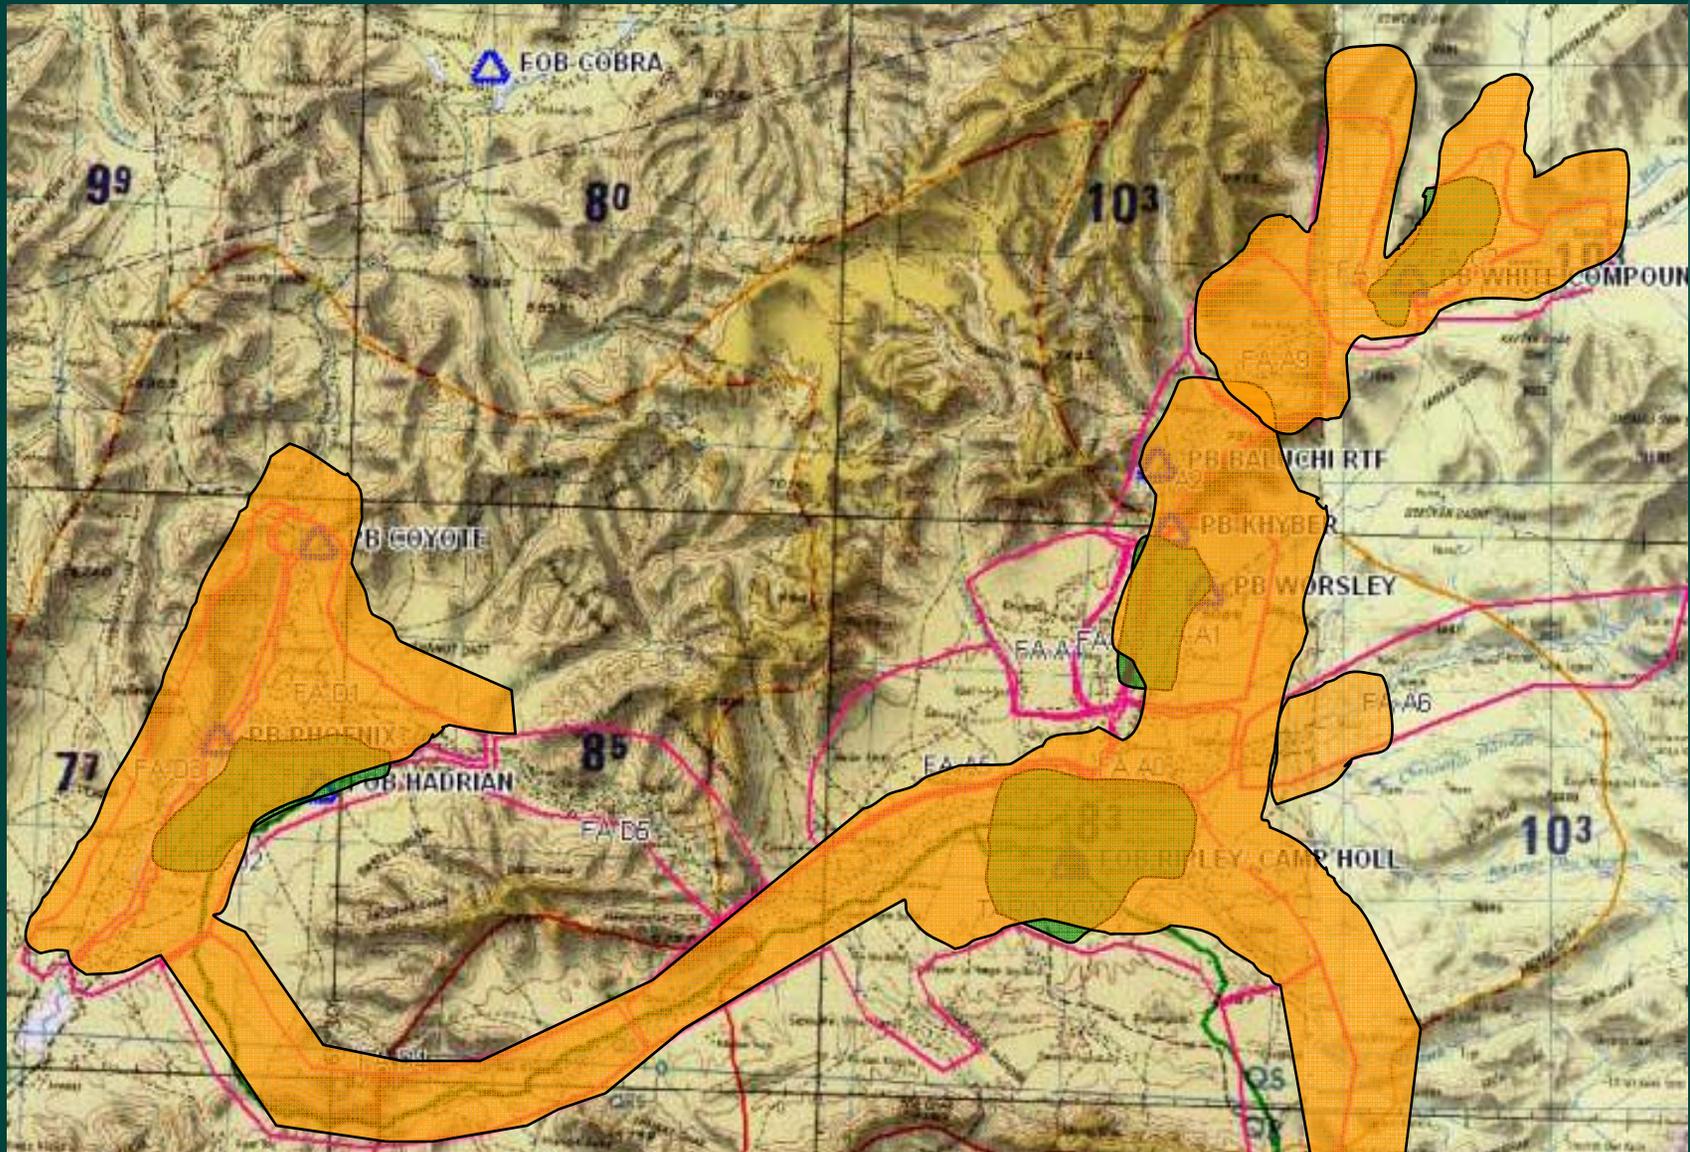

# Growing inkspots
