MEMORANDUM FOR : Secretary General, North Atlantic Treaty
Organization

Attention : Executive Secretary

SUBJECT : Alert Measures in Support of Berlin Contingency
Plans

Reference : SGM-593-62(revised)✓

1. Sec.Gen. requested SGREP to seek clarification from the Standing Group on the action required by the NAC in compliance with sub-paras 20 c and d of reference, and in particular, to inquire whether such action referred mainly to the provision of adequate communications between the NATO HQ Porte Dauphine and national capitals.

2. In reply to this request, the Standing Group has forwarded the following answer :

(a) Action required of NAC in para 20, sub-para c is to urge and monitor the immediate establishment of effective arrangements between national governments and MNCs whereby national governments can quickly inform MNCs of the lifting, in an emergency, of reservations on Alert Measures which must remain reserved at present.

(b) Action required of NAC in para 20, sub-para d is to prepare emergency operating procedures for NAC which could be given immediate effect by Council decision. These procedures should spell-out in detail how quickly and effectively they would be implemented.
