

BROADCAST INFO SHEET

The EBU's Eurovision News Events team is supporting and working on behalf of the Host Broadcaster TRT and the International Media Team of the Presidency's Directorate of Communications of Türkiye, to provide local distribution and media center broadcast facilities, as well as Worldfeed distribution of the host coverage for the NATO Summit in Ankara.

During the Summit, members of the press and delegations will be able to access the HOST content in two ways:

- via the Worldfeed on satellite. To request the parameters, please click on the Book Now button and select your region. You will be added to the takers and sent a synopsis with parameters for the Worldfeed downlink.
- via our NewsDirect platform (newsdirect.ebu.ch) for download in full broadcast quality files, MP4 files, and audio files (registration to the platform is free and required.) You will also be able to follow the livestream(s) and do near-live-clipping of the primary (A) and secondary (B) signals. Please find [here a HOW TO document to use the NewsDirect platform](#).

For the Media Advisory from NATO: <https://www.nato.int/en/news-and-events/events/media-advisories/2026/04/22/nato-summit-media-advisory>

To register and access NewsDirect platform: <https://newsdirect.ebu.ch> (if you're new to registering, click on Sign In, and in the new page, next to "No Account?", click the "Create one" button and follow the prompts to create your account.)

With any questions related to this post, issues for and to broadcast facilities during the NATO Summit, please email us at:

newsevents@eurovision.net with editing@iletisim.gov.tr.
