

*NATO Ministerial  
Study Seminar  
“Dynamic Response  
07”*

# *Overview*

- **Introduction**
- **Participants**
- **Aims and Objectives**
- **Scenario Flow**
- **Scenario Background**
- **Question and Answer Period**

# *Introduction*

- During the NATO Informal Defense Ministerial 8-9 October an associated Study Seminar will be conducted at the Joint National Integration Center (JNIC), Schriever AFB, Colorado.
- The Study Seminar, “DYNAMIC RESPONSE ‘07”, will be conducted 8 Oct.

# *Steering Committee*

**A Steering Committee was appointed by the Office of the Secretary of Defence (OSD) with representatives from:**

- **Office of Secretary Defence (OSD)**
- **Allied Command Transformation (ACT)**
- **Allied Command Operations (ACO)**
- **US Joint Forces Command (USJFCOM)**
- **US Joint National Integration Center (JNIC)**
- **AF Space Command**
- **US Mission NATO**
- **US National Defense University**

# *Task to Steering Committee*

- Direction and guidance from US Secretary of Defence
- Main focus on:
  - transformation
  - new threat
  - use of NRF

# *Participants*

**19 member countries and 7 invitees,  
total of 26 nations**

- **Ministers of Defense (MODs)**
  - **Permanent Representatives/Ambassadors**
  - **Three additional officials (e.g. Political Advisor, Defense Advisor, and Note Taker)**
- **Chiefs of Defense (CHODs)**
  - **One additional official/officer**

# *Aim*

- **Provide participants with a clear understanding of what Transformation is and how the NATO Response Force might be used in future crisis or conflict.**

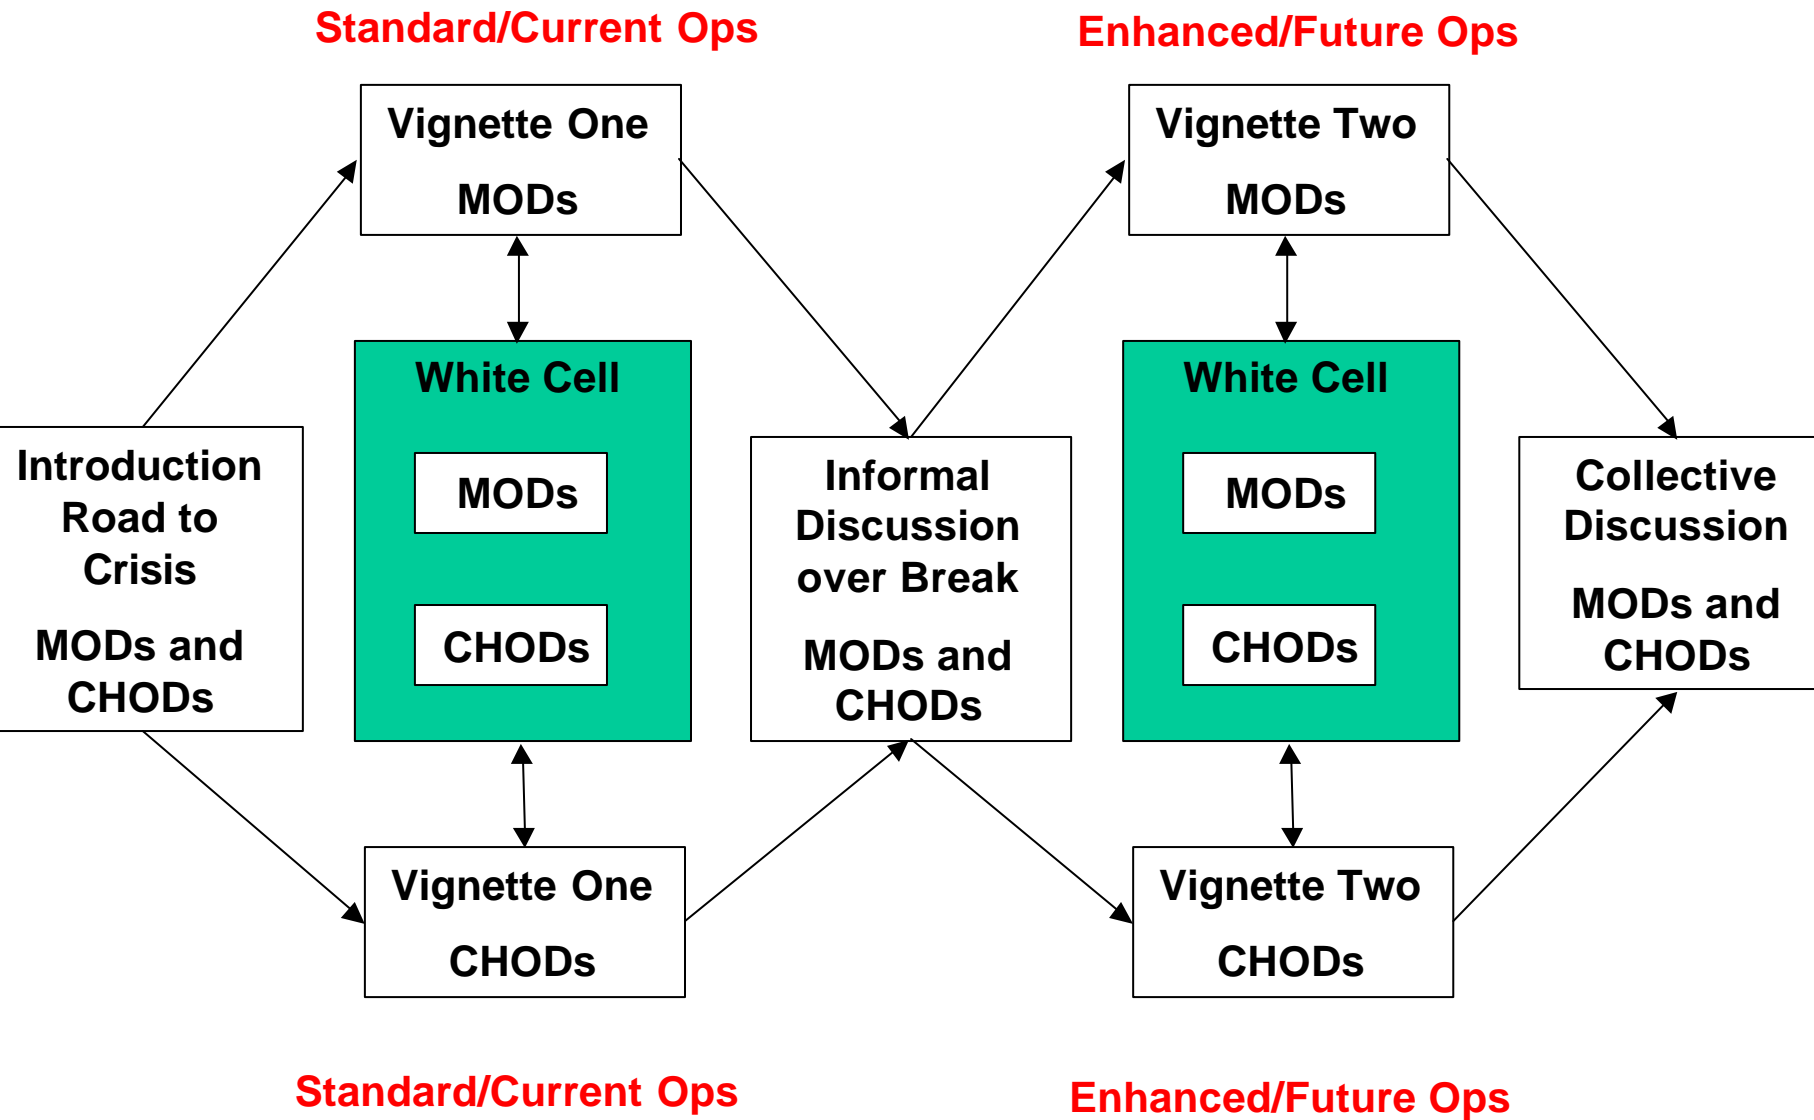

# *Primary Objectives*

- **Gain an understanding of the new asymmetric threat.**
- **Gain an appreciation of the fact that the threat drives NATO towards Transformation**
- **Demonstrate the ability of the NATO Response Forces (NRF) to operate within the "new" environment.**

# General Scenario Flow

# *Scenario Background*

- Presents a fictitious, generic scenario as a tool to enhance discussion
- NATO Response Force (NRF) has deployed and is involved in some of its missions.
- Discussions and exchange of ideas will be around this deployment.
- Several generic options will be presented and discussed
