THE ENLARGEMENT OF THE ALLIANCE
KEY INFORMATION

Seven partner countries officially became members of NATO on 29 March 2004: Bulgaria, Estonia, Latvia, Lithuania, Romania, Slovakia and Slovenia, bringing the total membership of the Alliance to 26. They had been invited to start accession talks with NATO at the Prague Summit in November 2002.

Since 1999, they have participated in the Membership Action Plan (MAP), which is a programme designed to help aspiring partner countries meet NATO standards and prepare for possible future membership. Participation in the MAP does not prejudge any decision by the Alliance on future membership, however, it greatly facilitates the process. Currently, Albania, Croatia and the former Yugoslav Republic of Macedonia* are members of the MAP.

In accordance with Article 10 of the North Atlantic Treaty, the door to NATO membership remains open to other European countries that are ready and willing to undertake the commitments and obligations of membership and who are potential security providers.

FORMAL STEPS TOWARDS NATO MEMBERSHIP

Aspirant countries are expected to participate in the Membership Action Plan to prepare for membership and demonstrate their ability to meet the obligations and commit-
ments of membership. They must then be officially invited by NATO to begin accession talks with the Alliance. Once this invitation is issued, the major steps in the process are:

- accession talks with a NATO Team;
- invitees send letters of intent to NATO, along with timetables for completion of reforms undertaken as part of the MAP process;
- accession protocols are signed by NATO countries;
- accession protocols are ratified by NATO countries;
- the Secretary General invites the potential new members to accede to the North Atlantic Treaty;
- invitees accede to the North Atlantic Treaty in accordance with their national procedures;
- upon depositing their instruments of accession with the US State Department - the depository of the treaty - invitees become NATO members.
