

NATO-RUSSIA GLOSSARY OF CONTEMPORARY POLITICAL AND MILITARY TERMS

This Glossary presents definitions of key concepts in political and military fields, international law and law of war, national military establishment, military science, military strategy, operational art and tactics, military and technical policy and also humanitarian and peacekeeping activities.

The Glossary has been compiled for senior bodies in NATO and its member nations and in the Russian Federation, as well as for diplomats, servicemen and experts in the field of national and international security. It has been also designed for use by civilian experts, scholars, journalists and translators as well as political and military researchers.
