This report consists of : -7- pages

1. Situation update:

Pakistan and the UN have extended the disaster relief phase from 30 days to 6 months. Revised estimates of Pakistan's NDMA indicate that the floods have affected 20.2 million people in 78 districts across the country, of which over 75 percent are in Sindh and Punjab. Approximately 2.2 million hectares of agricultural land have been damaged and over 1.9 million houses have been damaged or destroyed.

According to Pakistani officials, the relief period is likely to continue till end January 2011. Early recovery shall continue till September 2011. The reconstruction and rehabilitation will be started by the end of 2010.

2. NATO Support to Flood Relief Effort in Pakistan

2.1 On 20 August 2010, in response to the request submitted by the Government of the Islamic Republic of Pakistan, the North Atlantic Council agreed that NATO would, with immediate effect, commence flood relief support by means of airlift/sealift operations, in accordance with specific requests from the Pakistan authorities, and in coordination with other stakeholders engaged in the relief operation.

2.2 EAPC nations and Contact countries are invited to contribute to and participate in this NATO Operation.

3. Transportation information

3.1 Nations, International Organisations and NGOs are herewith invited to inform the EADRCC about national / organisational donations that require transportation and that are in accordance with the needs of Pakistan. Transport requirements, together with the information below, should be sent to the EADRCC without any delay:

- Point of contact of the donor;
- Composition of donation; if food is part of the donation we need proof that it is halal food;
- Weight and volume of the donation;
- Location where the donation is stored;
- Date of earliest availability for transport;
- Recipient of the donation;
- Information about hazardous materials that the donation may contain.

4. The EADRCC, in close cooperation with the Allied Movement Coordination Centre (AMCC) SHAPE, is coordinating transportation of assistance. **Till today, twenty-three (23) NATO organized flights have delivered 933.95 metric tons of relief items (details at annex).**

5. According to the Government of Pakistan **revised** top priority during the relief/recovery phase are:

5.1 **Shelters items including tents particularly winterized tents, blankets, mosquito nets, tarpaulins, etc.**

5.2 **Food items (halal) including rice, wheat flour, high energy biscuits, baby food, milk, dates, sugar, lentils, beans, etc.**

5.3 **Medicines and medical equipment, mobile health clinics etc, (the list of required medicines will be published immediately after its reception)**

5.4 **Water, sanitation and hygiene items including water purification units, aqua tabs, babies and women hygiene kits, general hygiene kits, etc.**

5.5 The list above is not exhaustive and there are items which can be added to it.

5.6 Please note that the Government of Pakistan has decided not to accept used clothing and toys.

5.7 It should be noted that pharmaceuticals (medicines) have to have a remaining shelf life of at least 12 months.

5.8 **VERY IMPORTANT INFORMATION: Donors should note that it is mandatory to label donations with information about content and the recipient's contact details. Ideally each pallet (or larger item) should have such a label that allows the reception team to distribute donations to the respective recipients without delay.**

6. International assistance:

The following nations / organisations offered / provided assistance:

6.1 **Belgian NGO “Coordination Euro – Méditerranéenne de solidarité (CEMS) »** is offering 40 pallets of paramedical equipment. **This donation has been delivered by a German-donated A300 aircraft on 20 October.**
