

International Security Assistance Force (ISAF): Key Facts and Figures

Mission: NATO-ISAF aims to prevent Afghanistan from once again becoming a haven for terrorists, to help provide security, and to contribute to a better future for the Afghan people. NATO-ISAF, as part of the overall International Community effort and as mandated by the United Nations Security Council, is working to create the conditions whereby the Government of Afghanistan is able to exercise its authority throughout the country.

To carry out its mission, ISAF conducts population-centric counterinsurgency operations in partnership with Afghan National Security Forces (ANSF) and provides support to the Government and International Community in Security Sector Reform, including mentoring, training and operational support to the Afghan National Army and the Afghan National Police. NATO-ISAF key priorities in Afghanistan are:

- Protect the Afghan people
- Build the capacity of the Afghan Security Forces so they can take lead responsibility for security in their own country;
- Counter the insurgency and
- Enable the delivery of stronger governance and development.
