## 2006 MEDITERRANEAN DIALOGUE WORK PROGRAMME

### INTRODUCTION

1. At their Istanbul Summit in June 2004, NATO's Heads of State and Government decided to further enhance the practical dimension of the Mediterranean Dialogue (MD) through greater emphasis on practical cooperation. This decision is reflected in the enclosed MD Work Programme (MDWP) which includes a number of new activities in the various priority areas agreed in Istanbul such as interoperability, defence reform and counter terrorism.
2. As with previous years, this MDWP will be subject to further changes in light of progress made and the outcome of consultations with MD countries. As such, the MDWP should be considered a living document.
3. The annual MDWP is prepared by the NATO Staff and is based on inputs received from relevant NATO bodies as well as MD countries. Once agreed by the North Atlantic Council (NAC), the annual MDWP is submitted to the MD countries for their consideration, in view of the establishment of individual cooperation programmes.
4. As a result of the decision to use PRIME, the Partnership Real Time Information, Management and Exchange System, the areas of cooperation have been reorganised differently to facilitate the inclusion into PRIME. The various areas of cooperation are the same as those used in the EAPWP framework and are listed alphabetically according to the acronyms used for each area of cooperation. Consequently a number of areas of cooperation have been renamed and some activities may thus be listed under a new header. The format used for the presentation of each event is therefore the same which should contribute to making practical information about specific activities (such as venues, possible financial assistance, attendance, etc.) clearly identifiable.
5. "MD nationally military sponsored activities" and "activities in the spirit of Mediterranean Dialogue" continue to be presented in two separate sections (Part II and Part III respectively). "MD Nationally sponsored co-operation activities" (Part II) are complementing NATO's military co-operation efforts in particular in areas outside NATO's collective defence capabilities. These contributions are offered on a voluntary basis and may qualify as "MD nationally-sponsored military activities" when they are directly related to the aim of the Mediterranean Dialogue and open for general MD Partner participation. National military activities that do not meet the criteria for nationally sponsored military activities but which are nonetheless relevant to, and consistent with, the aim of the MD may be addressed as "activities in the spirit of Mediterranean Dialogue". These activities are also included in the programme (Part III).
6. The rules governing the funding for participation in all NATO activities will remain the same and are as follows:
  - 6.1. The basic principle remains that participation in NATO activities is on a self-funding basis.

- 6.2. NATO can cover up to 100% of the travel and accommodation costs for MD countries' participation in MD approved activities. This would apply provided that: (1) the requesting country's GNP per capita is below \$6,000 per year; (2) the costs can be accommodated within the budget of the organising body; and (3) the activity is listed in the MDWP<sup>1</sup>.
- 6.3. For each activity, it is clearly mentioned if financial assistance is available and under which conditions.
- 6.4. The policy and administrative procedures related to military co-operation activities offered by NATO will continue to apply. In particular:
- 6.4.1. Military activities are those for which the identification code starts by one of the following acronyms "IMS, NSA, ACO, ACT, NADEFCOL" and also include the courses held at the NATO School (Oberammergau - Germany).
  - 6.4.2. These administrative details concerning NATO financial assistance, reimbursement procedures and information on obtaining visas, can be found in the document "Procedures for the implementation of the Mediterranean Dialogue Military Co-operation Activities" distributed to all MD country Embassies and NATO Contact Point Embassies (CPE).
  - 6.4.3. "Nationally sponsored activities" (Part II) and "activities in the spirit of Mediterranean Dialogue" (Part III) do not qualify for NATO common funding.
  - 6.4.4. Administrative details for financial assistance in the "non military activities" can be obtained by the relevant POC.

7. MD partners are reminded that the present MDWP constitutes an invitation in itself. In this regard, MD countries should not wait for official invitations to be sent for each specific activity. MD partners are therefore invited to select activities in the MDWP and to send a consolidated list to the MDWP point of contact at NATO HQ<sup>2</sup>, which will form the basis for their individual cooperation programmes.

8. The issue of visas is under the sole responsibility of the nation in which the activity is taking place. The procedures can be greatly facilitated if the names and whereabouts of the participants are transmitted in time to the relevant organisers.

9. Further information can be obtained from the NATO Point of Contact (POC) listed under each activity.

---

| PD         | Public Diplomacy  |
| PKG        | Conceptual, Planning and Operational aspects of Peacekeeping. Includes combating trafficking in human beings  |
| PSI        | Protective Security Systems and Inspections   |
| RTT        | Response to Terrorism   |
| SLW        | Small Arms and Light Weapons  |
| STD        | Operational, Materiel and Administrative aspects of Standardisation   |
| STS        | Security Through Science  |
| TEX        | Military Exercises and Related Training   |
| TRD        | Military Education, Training and Doctrine   |

## 1. Arms Control, Disarmament and Non-Proliferation (ACD)

### Background Briefings by WMDC Staff

- **Type and Aims:** background briefings by WMDC staff on Alliance political and defence efforts against WMD proliferation for MD nations

### Vienna Document Compliance and Verification Course

- **Type and Aims:** M5-65-A Vienna Document Compliance and Verification Course. To prepare designated individuals to perform duties as inspectors/evaluators/observers and escorts in the verification part of the Vienna Document.

### Arms Control Implementation Orientation Course

- **Type and Aims:** To provide a broad overview of Arms Control Agreements, implementation procedures and a general orientation on arms control developments.

### Arms Control Non-Proliferation Course

- **Type and Aims:** The purpose of the course is to present non-proliferation issues and challenges, and discuss potential coordination of national policies to improve cooperative non-proliferation efforts. The course will review treaties, agreements, and policies that limit proliferation of a broad spectrum of weapon classes, from pistols to WMD.

## 2. Armament Cooperation and Management (ARM)

### CNAD Land Group 9 on Battlefield Engineers<sup>1</sup>

- **Type and Aims of proposed activity:** The purview of LG/9 shall comprise the study of all types of engineer equipment that are normally used by engineer units in the following tasks, in addition to supporting the CNAD defence against terrorism item on Improvised Explosive Devices: Direct support (aid to ground mobility, crossings, countermining, contribution to special combat tasks. General support (protection, survivability, accommodation, restoration and maintenance of infrastructure, excluding NBC defence tasks)

### CNAD Air Group 5 on Avionics and Landing Systems<sup>1</sup>

- **Type and Aims of proposed activity:** Approach and Landing Systems. AG/5 is maintaining a “National PALS Implementation Strategy” Working Paper. This living document summarizes the Precision Approach and Landing System (PALS) transition strategies of NATO nations as well as Partner/MDC Nations wishing to incorporate their national inputs. It provides a description of systems currently

operated by military and civil operators and outlines plans for future replacement. In parallel AG/5 has developed series of related standardization agreements (STANAG) such as Microwave Landing Systems, Multi-Mode Receiver and Local Area Differential Global Positioning System for Military Precision Approach. The final objective is to define common standard(s) for NATO member and partner nations (i.e. PfP/MD) which are willing to participate

### **CNAD Naval Special Working Group 12 on Maritime Environmental Protection<sup>1</sup>**

- **Type and Aims of proposed activity:** promote the development of capabilities among NATO and PfP Nations' Navies in order to enhance readiness, comply with national and international maritime environmental protection regulations and foster cooperative efforts for achieving environmentally sound ship, operations and support facilities

### **CNAD Committee on NATO Codification System (NCS)**

- **Type and Aims:** CNAD Committee on NATO Codification System (NCS) – AC/135 – NCS Sponsorship Programme (NSP). The NCS is a system of codification for armaments systems, equipment and logistic support items. The NCS provides for interoperability and interchangeability in equipment logistic support. The NSP is a programme designed to introduce non-NATO countries to membership of the NCS.

### **CNAD Committee on Ammunition Safety (AC/326)**

**Type and Aims:** To promote common safety standards in design, testing, storage, transportation and operation of ammunition used in NATO operations or NATO led operations.

## **3. Airspace Management (ASM)**

### **Airspace Management**

- **Type and Aim:** Meeting in NATO Air Traffic Management Committee (NATMC) EAPC format including meetings in Air Traffic Management (ATM) and Communication, Navigation, Surveillance (CNS) Groups  
Expert level consultation on air traffic management issues to promote flight safety and information exchange on civil/military air traffic control procedures.  
Civil/military operational aspects of communication, navigation and surveillance in respect of air traffic management.

## **4. Border Security and Control (BSC)**

### **Seminar on Border Security**

- **Type and Aims:** Follow up to the Tirana Workshop that was held in January 2004, aiming to share the good practices in the area of border management.

## 5. Consultation, Command And Control (C3)

### NATO CIS Officers' Orientation Course for Partners

- **Type and Aims:** To provide military and civilian personnel from partner nations with an overview of organisation and management of International Military Large Network and Long Haul Communications as exemplified by NATO CIS.

## 6. Challenges Of Modern Society (CCMS)

### Risk, Uncertainty and Decision Analysis for Ecological Environmental Security and Non-chemical Stressors

- **Type and Aims:** *Advanced Research Workshop (ARW)*  
Co-directors: 1) Dr. M. Mohammed, Egypt; 2) Dr. E. Ferguson, USA

### Risk Management Tools for Environmental Security, Critical Infrastructure and Sustainability

- **Type and Aims:** *Advanced Research Workshop (ARW)*  
Co-directors: 1) Dr. A. Ramadan, Egypt; 2) Dr. D. Belluck, USA

### Integrated Water Resources Management in the Middle East

- **Type and Aims:** *Advanced Study Institute (ASI)*  
Co-directors: 1) Dr. C. Lipchin, Israel; 2) Dr. E. Pallant, USA

### Remote Sensing Applications for Characterizing and Mapping Soil Salinization in Irrigated Agricultural Land

- **Type and Aims:** *Collaborative Linkage Grant (CLG)*  
Project Co-ordinators: 1) Prof. A. El-Harti, Morocco; 2) Prof. A. Bannari, Canada

### Land Degradation Assessment Using Satellite Imagery

- **Type and Aims:** *Collaborative Linkage Grant (CLG)*  
Project Co-ordinators: 1) Prof. A. Essahlaoui, Morocco; 2) Prof. D. Haboudane, Canada

### Tools for Crop Biosecurity

- **Type and Aims:** *Collaborative Linkage Grant (CLG)*  
Principle Investigators: 1) Dr. K. Abd-El Salam, Egypt, Prof. A. Gamliel, Israel; 2) Prof. M. Gullino, Italy

### **Sustainable Development of Water Resources in the Middle East**

- **Type and Aims:** *Collaborative Linkage Grant (CLG)*  
Project Co-ordinators: **1) Prof. U. Mingelgrin, Israel; 2) Prof. U. Lall, USA**

### **Strategic Understanding of the Security Threats Imposed by Global Climate Change**

- **Type and Aims:** *Collaborative Linkage Grant (CLG)*  
Project Co-ordinators: **1) Dr. A. Sandler, Israel; 2) Dr. I. Ploch, Poland**

### **Rational Detection of Peroxide-based Explosives According to their Chemical and Physical Properties**

- **Type and Aims:** *Science for Peace Project (SfPP)*  
Project Leaders: **1) Prof. R. Kosloff, Israel; 2) Prof. J. Oxley, USA**

### **New Geophysical Approach to Prediction of Sinkhole Hazards related to the Drop of the Dead Sea Level and Human Activity**

- **Type and Aims:** *Science for Peace Project (SfPP)*  
Project Leaders: **1) Dr. M. Ezersky / Dr. I. Bruner, Israel, Dr. A. Al-Zoubi / Eng. Z. Alem, Jordan;**  
**2) Dr. C. Camerlynck, France**

### **Evaluation of Riverbank Filtration for Protection of Jordanian Surface and Ground Water Resources.**

- **Type and Aims:** *Science for Peace Project (SfPP)*  
Project Leaders: **1) Prof. Z. Al-Ghazawi / Prof. J. Abu-Ashour, Jordan; 2) Prof. W. Blandford, USA**

### **Clean Products and Processes (Phase II)**

- **Type and Aims:** Pilot study led by Dr. S. Sikdar, Director, Sustainable Technologies Division, U.S. Environmental Protection Agency, Cincinnati, Ohio. Experts share experience and exchange information on innovative developments in cleaner technologies and methods to be implemented in the industrial sector.

### **Integrated Water Management**

- **Type and Aims:** Pilot study led by Prof. P. Meire, University of Antwerp, Ecosystem Management Research Group, Belgium. The main objective is to exchange and combine expertise in water system research considering different dimensions of water management and their intra and inter relations as well as the environmental security aspects.

### **International Technical Meeting (ITM) on Air Pollution Modelling and its Applications**

- **Type and Aims:** International conference held under the leadership of Prof. C. Borrego, University of Aveiro, Department of Environment and Planning, Portugal.  
Internet: <http://www.nato.int/ccms/itm/apm/apm-index.htm>

### **Other CCMS activities of interest to Med Dialogue countries**

#### **1. Use of Landscape Science for Environmental Assessment**

- **Type and Aims:** Pilot study led by Dr. W. Kepner, U.S. Environmental Protection Agency, National Exposure Research Laboratory, Las Vegas, Nevada, USA, to exchange information about landscape science approaches used for environmental assessment and to transfer landscape assessment technologies to nations for use in environmental protection and preservation programmes.  
Internet: <http://www.nato.int/ccms/pilot-studies/lsea/lsea-index.htm>

#### **2. Food Chain Security**

- **Type and Aims:** Pilot study led by Prof. M.B. Çirakoğlu, TÜBİTAK, Gebze-Kocaeli, Turkey, to examine the safety and security of food stuffs in the face of their careless/ignorant handling as well as against expected terrorist attacks at the food chain.  
Internet: <http://www.nato.int/ccms/pilot-studies/fcs/fcs-index.htm>

### **Environmental Protection of Military Forces Course**

- **Type and Aims:** To familiarise officers, NCOs and civilian personnel with basic environmental terms and concepts, environmental policy, hazardous materials, sources of noise, ground, air and water pollution, environmental assessment tools, environmental law, and environmental protection in various military settings. The Course also provides instruction on methods to reduce or avoid damage to the environment in accordance with applicable environmental legislation and regulations.

### **Environmental Planning for NATO Led Operations and Exercises Course**

- **Type and Aims:** To enable experienced operational planners, environmental officers and civilian personnel to integrate environmental considerations into operational planning. The students will become familiar with the aims and objectives of NATO's environmental policy and their application to environmental security concerns. The course instructs them on the lessons learnt from recent operations, gives an update of STANAG 7141 Environmental Protection, the commanders' guidance defensive measures against Toxic Industrial Material Hazards (STANAG 2909) and the commanders' guide on Low level Radiation exposure in military (STANAG 2473), as well as the recent NATO Committee on the challenges of Modern Society Studies and recent NATO Environmental Working group activities.

## 7. Civil Emergency Planning (CEP)

### NATO Civil Emergency Planning (CEP) Course

- **Type and Aims:** To introduce participants to Civil Emergency Planning (CEP) in NATO, including CIMIC during planning and execution of NATO operations and to explain the links to other international organisations.

### Regional CEP-CIMIC Course

- **Type and Aims:** Introduce participants to the organization, role and functions of Civil Emergency Planning and to the basic principles and procedures of civil-military cooperation within NATO's strategic concept, contribute to a better understanding of regional aspects of CEP and CIMIC.

### Crisis Communication Seminar

- **Type and Aims:** Improve the continuous provision of effective public information management during national and regional civil emergencies and crises, by taking stock of current crisis communication requirements and developments; explore broadcasting requirements, in terms of both the message itself as well as the technical transmission means.

### Civil Emergency Planning Seminar

- **Type and Aims:** The seminar aims at bringing together experts and planners from NATO and MD Countries to address issues and specific topics of relevance to Mediterranean Dialogue Countries. This seminar was due to take place initially in 2000 but had to be postponed.

### **NATO Strategic / Operational Civil Military Cooperation (CIMIC) Course**

- **Aim:** To explain the strategic context within which CIMIC is practised in a NATO operation. To teach the principles and practise of CIMIC at strategic and operational level.

### **NATO Operational Liaison Civil Military Cooperation (CIMIC) Course**

- **Type and Aims:** To explain how to liaise properly between a task force commander / J9 /G5 and civilian actors within a theatre.

## **8. Crisis Management (CRM)**

### **COEC meetings at 26+7 (or 26+1 at the request of a specific nation)**

- **Type and Aims:** COEC may schedule meetings to deal with the proposals submitted by Mediterranean Dialogue nations. Separate COEC meetings in a “26+1” configuration can be scheduled with interested Mediterranean Dialogue nations, following in each case a decision by the Allies.

### **Expert Visits**

- **Type and aims:** Crisis Management expert visits could be organized on request in the format and venues most convenient for each Mediterranean Dialogue country.
  1. Enhance co-operation in crisis management in accordance with the NATO Crisis Response System (NCRS) and the corresponding NATO Crisis Response System Manual (NCRSM).
  2. Promote greater interoperability, where applicable, including through Partner participation in appropriate aspects of Crisis Management Exercises (CMX), meetings of the Council Operations and Exercises Committee (COEC) in EAPC/PfP format, PfP seminars and workshops.
  3. Enhance crisis management capabilities under democratic control.
  4. Advise, if required, on the development of a national crisis management organization and a national operations or situation Centre.
  5. Advise, if required, on the development of crisis management procedures, measures, communications requirements and its ADP support

### **Multinational Crisis Management Course**

- **Type and Aims:** To provide a forum for staff officers from NATO, PfP partners and Mediterranean Dialogue Countries in which to introduce and extend their understanding of NATO decision making and staffing process applicable to Crisis Management (CM). This course is designed to develop mutual understanding amongst representatives from different countries, open possible courses of action of

CM, as well as generate interaction between personnel with very different backgrounds, experience and culture.

## 9. Defence Economic Issues (DEI)

### **Expert Meeting addressing the Economic Dimensions of Defence Institution Building.**

- **Types and Aims:** MD countries would be invited to participate in a meeting with experts from the Allies and members of the Defence and Security Economics Directorate focusing upon the Economic Dimensions of Defence Institution Building. The aim of the meeting would be to examine the development of techniques directed at improving resource management in defence spending and to enhance the assessment of the affordability and sustainability of defence expenditure. The objective would be to improve the overall understanding of the methodology and mechanisms of defence resource management in MD countries.

### **Participation in DSED/EAPC Economic Activities**

- **Type and Aims:** MD countries are invited to participate fully in EAPC Economic events under the auspices of the Euro-Atlantic Partnership Work Plan. Such events focus on methods and policies to cope with the socio-economic consequences of defence transformation including programme for the conversion of military personnel and the utilisation of expertise concerning the management of former military sites. They may also focus upon the efficiency of economic and civilian management of defence forces including techniques to improve resource management in defence spending, the assessment of the affordability and sustainability of defence expenditure, the process of restructuring and modernising defence industry, selected issues dealing with security aspects of economic development and the sharing of experiences concerning the economic and financial aspects of defence against terrorism.

### **Seminar focusing on Offsets Practices and their Consequences for Defence procurement**

- **Type and aims:** NATO, Partner and MD countries would be invited to participate in a seminar with experts and industrialists from NATO Countries focusing on Offsets practices and their Consequences for Defence Procurement. The aim of the seminar would be an exchange of information on different offsets practices and legislations in NATO and MD Countries, together with the impact upon Defence Procurement and Defence Contracts. The issues of industrial participation, integrated solutions for offsets, offsets trading and B2B e-marketplaces would be also addressed.

## 10. Defence Planning, Budgeting And Resource Management (DPB)

### **SACT PWP WS**

- **Type and Aims:** This workshop allows Partner Nation military and civilian participants to discuss the Euro Atlantic Partnership Work Plan (EAPWP) and Individual Partnership Programme (IPP) planning and development process. A separate session will allow MD countries to discuss relevant aspects for the MDWP and the Individual Cooperation Programme. The Workshop is designed to review the internal planning guidance SACT will use to prepare the ACT portion of the next EAPWP relevant aspect of the MDWP. Partner nation participants' inputs (recommendations, suggestions, critiques, etc.) will be solicited and discussed. The overall aim of the event is to produce a consolidated draft of the 2007-2008 ACT EAPWP.

## 11. Defence Policy And Strategy (DPS)

### Staff Talks

- **Type and Aims:** Staff Talks will be customised upon partner request. This activity should be associated with topics related to the requesting MD Country's ICP and in which ACT has particular expertise or access to particular expertise. This activity could be conducted as High Level Staff Talks, constituting the basis for more detailed follow-on Expert Level Programmes (ACT.141) or Expert Team Visits to the Partner Country (ACT.127).

### SACT Expert Team Visits

- **Type and Aims:** This activity will be tailored upon MD Countries' request to meet the needs of the requesting country. SACT will provide a team of experts to give briefings and information relevant to the partner area of interest. Possible topics include, but are not limited to, Defence reform, Logistics, Concept Development and Experimentation. This activity could be utilised as a follow-on to ACT.126 Staff Talks.

### Expert Level Programmes on relevant partnership topics

- **Type and Aims:** ACT-sponsored, expert-level Symposia, Seminars and Workshops based on partner request. Various NATO and PfP or MD topics in which ACT has particular expertise or access to particular expertise by either its NATO affiliations or its geographic location in the US and its partnership and affiliations with various US military commands and training facilities. This activity could be utilised as follow-on to ACT.126 Staff Talks.

### **NATO European Security Cooperation Course**

- **Type and Aims:** To increase understanding of the contemporary European security environment and build confidence and mutual trust among officers and defence civilians of NATO, PfP, Mediterranean Dialogue countries and other OSCE nations. Lectures cover the role, policy and strategy agenda of the Alliance and the views of various nations and organisations on security aspects in Europe. Course members discuss problem areas and security issues.

### **University Symposium**

- **Type and Aims:** Annual symposium held to provide a forum for the education and debate of a current high-profile topic. Sponsored in cooperation with a local university, normally Old Dominion University (ODU), but sometimes with other prestigious Virginia universities, in order to provide an open environment for the discussion of issues. Event builds strong community relationships.

### **PfP Symposium**

- **Type and aims:** Annual high level symposium of PfP developments.

## **12. Military Geography (GEO)**

### **NATO Geographic Officer Course.**

- **Type and Aims:** To provide NATO and partners Hydrographic, Rapid Environmental Assessment (REA) and geographic staff with a foundation in the policies, concepts, principles, current practices, and interoperability issues of geographic support in NATO. Emphasis is placed on NATO and national geographic organisations, geographic policy, digital and analogue geographic products, and operational procedures to support combined operations.

## **13. Language Training (LT)**

### **Maritime Operational Language Seminar (MOLS)**

- **Type and Aims:** Training in English terminology required to conduct NATO-led Maritime Operations, including self study, conversation, simulated Bridge training (up to multi ship operations). MOLS consists of two phases. Phase I is a three to four month self-study phase using materials that will be sent to the participants in advance. Phase II is a three week, in residence seminar which applies and deepens the work done in Phase I

### **Staff Officer Military Terminology Course**

- **Type and Aims:** The main purpose of the Staff Officer Military Terminology Course is to enhance military language skills of NATO, Partner and Mediterranean Dialogue nations Staff Officers, and to build a common understanding. The course is the base for Service-related Military Terminology education and training inside NATO and starts after the national basic language training. The scope of the course is NATO Military English Terminology focused on current NATO/partner issues. It comprises daily briefings on various NATO areas, syndicate work related to briefings and linguistic sessions given by professional English teachers.

### **Air Operational Terminology Course**

- **Type and Aims:** The aim of this course is to instruct NATO, Partner and MD aircrew, controllers, and operators in standard NATO air terminology used in NATO led Peace Support Operations. Students will be instructed in air to air and air to ground communications and terminology, including instruction in aircraft and airfield terminology, meteorology, air navigation, air traffic control terminology, emergency procedures and mission briefings.

### **Land Operational Terminology Course**

- **Type and Aims:** The aim of this course is to teach NATO standard land terminology used in NATO led Peace Support Operations and to familiarise students with basic military terminology, expressions and abbreviations used in Peace Support Operations. The course also instructs students in NATO standard correspondence and voice communications procedures. The course includes student preparation of briefings and an Operation Order.

### **NATO Training Group – Joint Services Sub-Group – Bureau for International Language Coordination (BILC) Conference and seminar**

- **Type and Aims:** the Bureau for International Language Coordination (BILC) is a consultative and advisory body who should be consulted by NTG JSSG on behalf of the NTG on any language training matters that may arise. Similarly, any advice or development that BILC wishes to offer or make known to the NTG should be put to the JSSG for further dissemination.

### **Language Testing Seminar (LTS)**

- **Type and Aims:** The aim of the LTS is to develop competency in the development and administration of language proficiency tests, based on the STANAG 6001 standards..

## **14. Consumer Logistics (LOG)**

### **Logistic Expert Team Visit**

- **Type and Aims:** At the request of a MD country, a visit by a logistic expert team from NATO IMS and IS can be organised. The overall aim would be to exchange information on logistic matters, such as NATO and national logistic policies and doctrine, medical, Host Nation Support, Movement and Transportation, etc.

#### **Logistic Staff Assistance Visit (LSAV)**

- **Topic:** to exchange information on logistic matters, such as NATO and national logistic policies and doctrines, Host Nation Support (HNS), movement and transportation, logistic C2 structures and capabilities, etc.

#### **Host Nation Support (HNS) Workshop**

- **Topic:** to assist MD countries in a better understanding of NATO logistic matters concerning Host Nation Support (HNS) issues, such as policy & doctrinal foundation for HNS, provision of HNS, HNS planning, development of HNS Arrangements, inter-departmental coordination, national HNS issues and experiences, etc.

#### **Standing Group of Partner Logistics Experts (SGPLE)**

- **Type and Aims:** SGPLE's meetings which are focused on issues as determined by partners, can be attended by MD nations' representatives. Primary aim is to facilitate Logistics support for non-NATO participation in NATO lead operations. SGPLE agendas cover logistics doctrine, force planning, operational logistics, equipment donation issues and any other logistics topic that the group decides.

#### **Senior Officer's Logistic Seminar**

- **Type and Aims:** Seminar. The aim of the seminar is to improve Partner Forces' Logistic Capabilities primarily in terms of Multinationality and Deployability of logistic assets predominantly from a strategic perspective by sharing experience and information on the development of principles, policies and doctrine for the future.

#### **Logistics Conference/Seminar**

- **Type and Aims:** The challenges facing the Alliance in the future, including limitations on resources, underscore the necessity of increased cooperation and multinationality in logistic support. The conference will focus on further development of operational logistics and integration of PfP nations in non Article V operations and exercises including all functional areas of logistics.

#### **Movement and Transportation Conference**

- **Type and Aims:** Conference for M&T staff officers from NATO HQs and nations as well as PfP and Med Dialogue nations or their representatives. A variety of topics on Movement and Transportation related issues will be presented. Presentations by participating PfP and Med Dialogue nations on topics of interest are most welcome.

### **Air Logistics Seminar**

- **Type and Aims:** Seminar topics include; A4 Campaign Planning; Multinational Joint Logistics Concept (MJLC); NATO Logistics Evaluation and Assessment Programs; NATO Logistics Policy; Procedures and Contracts; Codification; Air Movement and Transportation concepts; NATO Logistics Planning Process; Logistics Concept for CRO operations; Host Nation responsibilities; and Memorandums of Understanding between NATO and PfP/ Med D nations.

### **Host Nation support Course**

- **Type and Aims:** The principal aim of the HNS Course is to introduce civil and military staff officers from NATO and partner countries to NATO's HNS planning procedures and on the concept and organisation for the provision of HNS.

### **Joint Maritime Logistics (RADIANT SUPPORT) Course**

- **Type and Aims:** The aim of the course is to introduce NATO's maritime operational logistics and medical doctrine, concepts, procedures and planning parameters (including the conduct of logistics and medical support) as laid out in ALP-4.1 and other relevant documents to officers of NATO and partner countries. To introduce the theory of joint operations and provide opportunities for the application of theory in gaming exercises.

### **Movement Operational Planning Course (MOPC)**

- **Type and Aims:** The aim of the course is to get the Movement & Transportation (M&T) operators familiar with the Operational Planning Process (OPP) and to integrate the M&T planning in the OPP. An important aim is to apply the features of the Allied Deployment and Movement System (ADAMS) to both the Movement and OPP.

### **Logistics Cooperative Support (COSUP) Course**

- **Type and Aims:** To introduce NATO logistic doctrine, policy, and procedures pertaining to NATO's concept of supporting multinational joint operations to officers of NATO and partner Nations.

### **Multinational Logistics Support for deployed Forces Course**

- **Type and Aims:** The aim of the course is to provide an overview of the command, control and execution of multinational logistic support for deployed forces. This course has been developed to replace the Multinational Joint Logistics Centre (MJLC) course.

### **NATO Logistics Course**

- **Type and Aims:** The aim of the NATO Logistics Course is to provide an overview of logistic disciplines, as well as NATO Logistic policy, principles, doctrine, procedures and structures pertaining to NATO's concept of supporting multinational joint operations to officers of NATO, PfP and MD Nations.

## 15. Medical Services (MED)

### **Committee of the Chiefs of Military Medical Services in NATO (COMEDS) Plenary Meetings**

- **Type and Aims:** Surgeon Generals (and their staff) of MD countries will participate in the COMEDS Plenary Meetings (ad Hoc sessions open to them and PfP). The meetings are in NATO and EAPC format. Primary aim is to facilitate medical support for non-NATO participation in NATO led operations.

### **COMEDS Standing Group of Partner Medical Experts (SGPME) Meetings**

- **Type and Aims:** Senior military officers of MD countries will be invited (COMEDS Plenary decision expected during the Autumn 2005 Plenary) to participate in the COMEDS SGPME meetings. The meetings are in EAPC format. The chairman of the Group belongs to a PfP nation. Primary aim is to facilitate medical support for non-NATO participation in NATO led operations.

### **ACO Medical Conference**

- **Type and Aims:** Conference. To provide an update on NATO Medical planning, doctrine and concepts, and on current operations with respect to the medical requirements. Current medical issues will be presented with open discussions. Syndicates may be formed to address specific issues.

### **ACO Operational Commands Medical Conference**

- **Type and Aims:** To provide an update on NATO medical planning, doctrine, concepts, and on current operations with respect to the medical requirements. Current medical issues will be presented with open discussions. Syndicate may be formed to address specific issues. Attendees may be requested to brief on their national capabilities and medical resources that may be available to NATO; this does not indicate a commitment but rather to identify a pool of medical assets.

### **Medical Mobile Training Team**

- **Type and Aims:** NATO Operational Medical Planning MTT (Outbound) consists of a variety of possible topics. These include, but not limited to: Medical Policy and Doctrine; Medical Staff Structure and Responsibilities; Medical Command and Control; types of NATO missions/operations; NATO medical capabilities; Medical aspects of the Operational Planning Process; Medical Logistics; Medical Intelligence;

Force Health Protection; Casualty Rates and the Medical Estimate; aero medical evacuation; medical implications of CJTF/DJTF/NRF concepts; medical issues and concerns of Asymmetric Warfare [Terrorism, WMD] and Expeditionary Operations; Exercise planning and the process of drafting injects; Mass Casualty incident management and review of triage principles; and for a mission/operation, writing a Medical concept of operations followed by the Medical Appendix to the OPLAN. Training will be held in a plenary session with syndicate work groups. An exercise can be planned to apply the NATO principles of Medical Operational Services and Support.

### **Joint Medical Planner Course**

- **Type and Aims:** To provide the necessary background knowledge to undertake a NATO medical planner's appointment and to provide national planners with an understanding of multinational medical support planning. The main areas are: structures, doctrine and operational medical planning procedures and techniques.

### **Senior Medical Staff Officer Course**

- **Type and Aims:** To provide knowledge and detailed insight into NATO's medical support policy. This includes: policy making in NATO, NATO Medical Doctrine, strategic force planning, multinational medical support options, relations with other international organisations.

### **Major Incident Medical Management and Support (MIMMS) Course**

- **Type and Aims:** To provide the knowledge and skills needed to effectively manage the scene of a major casualty incident in a military environment.

## 16. Meteorological and Oceanographic Support for NATO/Partner Forces (METOC)

### Meteorological Seminar

- **Type and Aims:** METOC Seminar on the ongoing JFC Naples METOC issues to support DJTF/CJTF operations. The aims are to get METOC personnel from non NATO Nations familiar to observing and forecasting tools in NRF operations.

### Annual Military Oceanography Main Group Meeting in PfP Session (MILOC)

- **Type and Aims:** Annual military Oceanography (MILOC) Main Group Meeting to coordinate all aspects of military oceanography including policy, plans, support services, information exchange, standards and interoperability. Also discusses the REA (Rapid Environmental Assessment) methodology and interoperability of National Facilities.

## 17. Military to Military Contacts (MMC)

### Meetings With Intelligence Experts.

- **Type and Aims:** The objective is to share intelligence through expert level discussions on issues of common interest in line with the priority areas agreed at Istanbul. The working sessions should also focus on exploring mechanisms on how to improve the Intelligence Sharing between NATO and partners.

### MD Military Co-operation Programme (MDMCP) Consultation Meetings

- **Type and Aims:** consultation meetings in multilateral format where all NATO Military Authorities implementing the MD Military Co-operation Programme (MDMCP), NATO Nations and MD country military representatives and Defence Attaches serving in NATO Contact Point Embassies (CPE) in MD countries participate. The Spring Meeting is intended to assess the execution of the 2006 programme and to seek the MD partners feedback as well as recommendations and suggestions for the development of the 2007 MDMCP. The Autumn Meeting is intended to present the 2007 MDMCP program to MD Military Authorities for their consideration and provide them all the details needed for a better evaluation and ways to implement the programme.

### High Level Visits to MD Countries

- **Type and Aims:** subject to MD Country invitation to receive a high level visit from NATO Military Authorities, the Chairman of the Military Committee (CMC) or the Deputy of the Chairman of the Military Committee (DCMC) could visit MD countries in order to exchange views on the current and future military aspects of the MD

### **High Level Visits from MD Countries**

- **Type and Aims:** on MD country request MD High Level Military Authorities may visit the NATO HQ and call on the Chairman of the Military Committee (CMC), the Deputy Chairman of the Military Committee (DCMC) and/or the Director of the International Military Staff (DIMS) in order to discuss and exchange views on current and future perspectives of the military co-operation programme. Briefings may be organised on the NATO military organisation, the military decision making process and on other military issues of common interest as appropriate.

### **Staff Level Visits/Meetings to and from MD Countries**

- **Type and Aims:** on MD country request NATO Military Authorities could conduct/receive visits to/from MD Country Military Authorities at working level. The aim of such visits would be to brief MD Military Authorities on the military aspects of NATO, discuss ways to further improve the MD Military Co-operation Programme and other military issues of common interest.

### **Annual CWINF Meeting**

- **Type and Aims:** Annual CWINF Meeting, Exchange of Information on Military servicewomen

### **Submarine Escape and Rescue Working Group**

- **Type and Aims:** Develops and staffs proposals for military standardisation in all aspects of Submarine Escape and Rescue. It also promotes active participation in the SORBET ROYAL/PHOENIX exercises. A large number of SMER delegates also participate in PG/38 (A NATO Submarine Rescue System). The SMERWG has a number of subgroups (panels), including the Medical Panel consisting of Doctors specialising in the submarine and diving related medicine, which is unique to a SMER operation. Open to PfP and other non-NATO submarine operating nations who wish to develop a SMER capability.

### **Environmental Protection Working Group**

- **Type and Aims:** Environmental Protection Working Group (EPWG) Convened in 1998 to address Alliance Standardisation Requirement SR 11 JO1 dealing with Environmental Protection.

### **Air Operations Working Group**

- **Type and Aims:** Air Operations (Formerly TAWP) Working Group (AOWG) Develops standards to improve interoperability to engage in tactical air operations and thereby achieve total force capability using common doctrine and procedures. The WG includes command and control, counter air operations, air interdiction, reconnaissance and surveillance, tactical air transport, air maritime operations and airspace control.

### **Combat Service Support Working Group - Service Movement and Transportation Panel**

- **Type and Aims:** Combat Service Support Working Group (CSSWG) Movements and Transport Panel (M&TP) staffs doctrine and procedures related to surface movements and transport such as Border Crossings procedures, general M&T procedures for convoys and M&T Information Exchange Requirements. When appropriate standardisation of existing equipment involved in the coordination of surface movements and transport.

### **Staff Talks to and from Mediterranean Dialogue Countries**

- **Type and Aims:** Meeting. For MD partners and ACO officers to pay a visit to HQ SHAPE, JFC HQ Naples, Brunssum, JC HQ Lisbon and MD partner nations for staff talks on identified topics.

### **ACO Mediterranean Dialogue Commanders' Conference.**

- **Type and Aims:** Conference aimed at collectively assessing the programme and mapping future progress.
- **Remarks:** This conference is aimed at directly engaging the senior military official with responsibility for Med Dialogue activity in each country with evolving Med Dialogue Programme aims, direction and development, and to hear their early inputs/feedback on new initiatives and programme implementation.

### **ACO Military Cooperation Coordination Conference**

- **Type and Aims:** Conference. Review of current ACO part in Mediterranean Dialogue Work Plan (MDWP). Military Cooperation Lessons Learned. Policy Guidelines for development of next MDWP. Establishment of a coordinated approach to the development of meaningful and operationally focused MDWP that will meet Partners priority needs and requirements.
- **Remarks:** The conference will have two components. First, a plenary session, where MD and PfP representatives will be briefed on the common military cooperation issues affecting their respective programmes. In the second phase, the conference will split into separate meetings. There the MD representatives and ACO event organisers will discuss the specific aspects of the military activities offered within the MDWP 2007. MD Representatives will be requested to deliver the presentations on

their specific requirements that can be met through the development of the 2008 ACO MDWP military cooperation activities.

### **Staff Visits to Mediterranean Dialogue countries**

- **Type and Aims:** Develop and sustain personal relationships with leading individuals in the MD countries in order to encourage engagement over the longer period.

### **High Level Visits From Mediterranean Dialogue countries**

- **Type and Aims:** Invite High Level Military Authorities to visit ACO commands in order to discuss and exchange views on current and future perspectives, in identified topics.
- **Remarks:** Issues and discussion during the visit may range among items such as Support to Operation Active Endeavour, Anti Terror Information exchange, Search and Rescue, maritime CT and info exchange in general. Lessons Learned after the first MD navy ship participation in Operation Active Endeavour.

### **High Level Visits to Mediterranean Dialogue countries**

- **Type and Aims:** Subject to MD country invitation to receive a high level visit from ACO Military Authorities in order to exchange views on the current and future military aspects of the Mediterranean Dialogue.
- **Remarks:** In order to achieve maximum effect from proposed visits, precursor visits by specialist staff officers may be necessary.

### **Air Commander's Conference**

- **Type and Aims:** High-level conference for Chiefs of Air Staffs from PfP and Med D nations or their representatives. A variety of topics on Air-related issues will be presented. Presentations by participating PfP and Med D nations on topics of interest are most welcome.

### **Maritime Commanders Conference**

- **Type and Aims:** The Maritime Commanders Conference is an annual high level meeting for CNOs or CINCFLEET's of NATO, PfP and MD Nations and NATO Commands. The conference aims are to address current issues on Policy, Security Matters, Current Operations (OP AE), Information Exchange, Exercises and PfP/MD A&I and Cooperation Initiatives.

### **Maritime Component Command Naval Mine Warfare Conference (MCC NMWC)**

- **Type and Aims:** The MCC Naval Mine Warfare Conference is an annual meeting for Mine Warfare specialists on HQ staff officer level ranging from Lieutenant to Commander. The conference aims to address current issues on Mine Warfare concept and policy, planning and training aspects of Mine Warfare operations and exercises.
- **Remarks:** The MCC Naval Mine Warfare Conference will be chaired / co-chaired by a CC Mar Naples / CC Mar Northwood representative, attended by NATO nations, NATO commands and agencies. The conference will generally be conducted in a plenary session for NATO/PfP/MD and a NATO exclusive session, split into MCC groups if required.

### **Port Visit by Standing Naval Maritime Group Two (SNMG2)**

- **Type and Aims:** Port Visit.
- **Remarks:** Port visit by SNMG2 will be conducted in accordance with its 2006 Schedule of Operations, which has yet to be approved. The above dates must be regarded as provisional and the port visit will only be conducted after approval from NAC/DPC and nation to be visited. This activity will include:
  - A CC Mar Naples staff liaison visit to the host nation one to two months in advance of the port visit.
  - A high level visit will be planned in conjunction with the port visit based on the profile of the visit agreed with the host nation.
  - A 1-2 days PASSEX exercise following departure of the harbour will be offered.
  - An offer to embark MD Junior officers (up to three officers per ship) for an extended period from a few days to 2-3 weeks. Disembarkation will be agreed with the MD country and will occur during a port visit in a NATO country. The aim is to familiarize the MD officers with NATO operational procedures and life on board.
  - Briefings and presentations will be provided during the port visit.

### **Port Visit by Standing Naval Maritime Group Two (SNMG2)**

- **Type and Aims:** Port Visit.
- **Remarks:** Port visit by SNMG2 will be conducted in accordance with its 2006 Schedule of Operations, which has yet to be approved. The above dates must be regarded as provisional and the port visit will only be conducted after approval from NAC/DPC and nation to be visited. This activity will include:
  - A CC Mar Naples staff liaison visit to the host nation one to two months in advance of the port visit.
  - A high level visit will be planned in conjunction with the port visit based on the profile of the visit agreed with the host nation.
  - A 1-2 days PASSEX exercise following departure of the harbour will be offered.
  - An offer to embark MD Junior officers (up to three officers per ship) for an extended period from a few days to 2-3 weeks. Disembarkation will be agreed with the MD country and will occur during a port visit in a NATO country. The aim is to familiarise the MD officers with NATO operational procedures and life on board.
  - Briefings and presentations will be provided during the port visit.

### **Port Visit by Standing Naval Mine Counter Measure Group Two (SNMCMG2)**

- **Type and Aims:** Port Visit
- **Remarks:** Port visit by SNMCMG2 will be conducted in accordance with its 2006 Schedule of Operations, which has yet to be approved. The above dates must be regarded as provisional and the port visit will only be conducted after approval from NAC/DPC and nation to be visited. This activity will include:
  - A CC Mar Naples staff liaison visit to the host nation one to two months in advance of the port visit.
  - A high level visit will be planned in conjunction with the port visit based on the profile of the visit agreed with the host nation.
  - A 1-2 days PASSEX exercise following departure of the harbour will be offered.
  - An offer to embark MD Junior officers (up to three officers per ship) for an extended period from a few days to 2-3 weeks. Disembarkation will be agreed with the MD country and will occur during a port visit in a NATO country. The aim is to familiarise the MD officers with NATO operational procedures and life on board.
  - Briefings and presentations will be provided during the port visit.

### **Port Visit by Standing Naval Mine Counter Measure Group Two (SNMCMG2)**

- **Type and Aims:** Port Visit
- **Remarks:** Port visit by SNMCMG2 will be conducted in accordance with its 2006 Schedule of Operations, which has yet to be approved. The above dates must be regarded as provisional and the port visit will only be conducted after approval from NAC/DPC and nation to be visited. This activity will include:
  - A CC Mar Naples staff liaison visit to the host nation one to two months in advance of the port visit.
  - A high level visit will be planned in conjunction with the port visit based on the profile of the visit agreed with the host nation.
  - A 1-2 days PASSEX exercise following departure of the harbour will be offered.
  - An offer to embark MD Junior officers (up to three officers per ship) for an extended period from a few days to 2-3 weeks. Disembarkation will be agreed with the MD country and will occur during a port visit in a NATO country. The aim is to familiarise the MD officers with NATO operational procedures and life on board.
  - Briefings and presentations will be provided during the port visit.

### **Staff and SNMG2/SNMCMG2 Co-ordination Visits (Multiple)**

- **Type and Aims:** Staff and Co-ordination Visits, (Multiple).
- **Remarks:** Short duration staff officer visits for discussions on items of mutual interest as well as co-ordinating SNMG2 and SNMCMG2 port visits. Visits will be co-ordinated via the designated and respective NATO CPEs and are designed to familiarise each other's organisations, processes/procedures, and planned MD activities. Visits to co-ordinate SNFM and MCMFS port visit will be conducted to each Med Dialogue generally one to two months before the actual date of the port visit.

### **Embarkation of Junior Officers/NCOs Standing Naval Maritime Group Two**

- **Type and Aims:** Embarkation of MD Officers and NCOs on SNMG2 vessels as the vessels depart Port. Such Embarkations provide an opportunity for underway orientation, training and operational demonstration of the rules and duties of NCOs and Junior Officers in NATO Maritime forces.
- **Remarks:** Embarkation period is normally for the entire length of time between SNMG2 Port Visits. Therefore, Embarkation periods will vary in length depending on the amount of time SNMG2 spends at sea between Port Visits. Normal working language for Embarkation period is English. In some cases, use of native language of the Embarkation vessel's national crew is also acceptable. Translation capabilities for languages other than English or the vessel's national crew native language cannot be expected. For safety reasons, unacceptable language capabilities could result in last-minute disqualification of an individual proposed for Embarkation.

### **Embarkation of Junior Officers/NCOs Standing Naval Mine Counter Measure Group Two**

- **Type and Aims:** Embarkation of MD Officers and NCOs on SNMCMG2 vessels as the vessels depart Port. Such Embarkations provide an opportunity for underway orientation, training and operational demonstration of the rules and duties of NCOs and Junior Officers in NATO Maritime forces.
- **Remarks:** Embarkation period is normally for the entire length of time between SNMG2 Port Visits. Therefore, Embarkation periods will vary in length depending on the amount of time SNMG2 spends at sea between Port Visits. Normal working language for Embarkation period is English. In some cases, use of native language of the Embarkation vessel's national crew is also acceptable. Translation capabilities for languages other than English or the vessel's national crew native language cannot be expected. For safety reasons, unacceptable language capabilities could result in last-minute disqualification of an individual proposed for Embarkation.

### **PASSEX**

- **Type and Aims:** PASSEX to exercise maritime cooperation, information exchange and Search and Rescue procedures.
- **Remarks:** Opportunity based PASSEXs may be conducted when SNMCMG2 or SNMG2 ships are operating nearby the country concerned. Activities will be conducted in international waters outside the TTW. A planning conference may be required prior the execution of the event based on the complexity of the exercise. MD countries are encouraged to nominate a naval Officers as POC for this activity.

### **Port Visit by Standing NATO Response Force Maritime Group 1 (SNMG 1)**

- **Type and Aims:** Port Visit.
- **Remarks:** This activity is subject to acceptance by the host nation, Mauritania, and represents a provisional plan for a MD port visit activity.

### **Port Visit by Standing NATO Response Force Maritime Group 1 (SNMG 1)**

- **Type and Aims:** Port Visit.
- **Remarks:** This activity is subject to acceptance by the host nation, Morocco, and represents a provisional plan for a MD port visit activity.

### **NATO Sea Riders**

- **Type and Aims:** Embarkation of Partner Officers and NCOs on NATO warships as they depart Port in/near Northern European Waters. Such Embarkations provide an opportunity for underway orientation, training and operational demonstration of the rules and duties of NCOs and Junior Officers in NATO Maritime forces.
- **Remarks:** Embarkations are normally for the entire period between port visits. Therefore, embarkations can vary in length and departure during a period at sea is unlikely to be feasible. The normal working language is English. Use of the native language of the host nations' ship is sometimes acceptable. Translation cannot be expected. For safety reasons, candidates may be withdrawn if their language skills are considered inadequate. The number of places allocated to each nation is flexible dependant upon the number of berths available and the number of applications for those berths. Nations should bid for as many places as they wish, prioritising their personnel. Nominations will then be allocated by MCC Northwood. Normal daily working uniform is required.

### **Standing NATO Response Force Mine Countermeasures Group 1 (SNMCMG 1) Sea Riders**

- **Type and Aims:** Embarkation of Naval Officers and Senior Non-Commissioned Officers (SNCO) on SNMCMG 1 vessels as they depart Port. Embarkation provides opportunities for underway orientation, training and operational demonstration of the roles and duties of SNCOs and Naval Officers in NATO MCM forces.
- **Remarks:** Embarkation period is normally for the entire length of time between SNMCMG 1 port visits. Therefore, Embarkation period will vary in length depending on the amount of time SNMCMG 1 spends at sea between port visits. No facilities exist for joining or departing vessels whilst they are underway. Nations are not limited in the number of places they can request, but there will be a limit on the total numbers that may embark due to the number of berths available. Number of berths available to each nation is subject to negotiation with the POC. Normal daily working uniform is required.

### **Alligator Conference 2006 (6-10 Mar 2006)**

- **Type and Aims:** The Alligator Conference is an annual NATO conference conducted by Strike Force NATO (SFN) for Memorandum of Understanding (MOU) Nations, other NATO Commands/Nations. The conference aims to bring together amphibious experts, with an interest in maritime expeditionary operations in order to:
  - Exchange information on current and emerging amphibious/expeditionary and maritime strike capabilities.
  - Enhance operational level knowledge of forces and staff in amphibious/expeditionary force employment, CIS requirement, FSC, multinational logistics and other emerging warfare aspects.

- Build relationships/POCs within the NATO Command structures.
- **Remarks:** MD/PfP participation is expected to be:
- 6 Mar: An educational/social evolution that will serve as a way to meet conference attendees prior to the first official day of the conference. This day is “optional” for all attendees, and historically maintains approximately 50% participation.
- 7 Mar: National/Command unclassified amphibious/expeditionary capabilities update briefs.

### **Visit of NATO AWACS to partner Nation**

- **Type and Aims:** Visit to a partner country, to demonstrate capability of NAEW&C aircraft. Briefings on history, role and mission of the E-3, can be tailored to partner requirements.
- **Remarks.** To initiate a visit by a NAEW&C FC aircraft the partner nation must formally request the visit, in writing, to the NAEW&C Force Commander through the SHAPE Chief Of Staff. A survey prior to the visit is required by NAEW&C FC to coordinate visit arrangements and confirm the facilities of the host airbase.

### **HFM-134 Symposium<sup>3</sup> on “Stress and Psychological Support in Modern Military Operations”**

- **Type and aims:** HFM-134 focuses on the fact that military personnel participating in military operations may potentially experience mental health problems. Historically, this has been recognised and documented using different terminology (shell shock, combat fatigue, combat stress, PTSD, etc.). Effective military leadership is directed towards operational readiness and maintaining high morale. Therefore managing the effects of stress is one of the command tools of modern military leaders. The objective of HFM-134 is to disseminate the principal findings of the previous RTG-020 on ‘Stress and Psychological Support for Modern Military Operations’ and to call for additional contributions from specialists working in the area of psychological support for the military. Topics to be addressed include: (1) Assessing the risks for psychological stress; (2) Psychological preparation of military personnel; (3) Screening of personnel; (4) Psychological support during deployment; (5) Psychological support after deployment; (6) Psychological support for families; (7) Organisation of psychological support (structure, procedures, role of professionals, etc.).

## **18. NBC Defence (NBC)**

### **Bi-SC WMD/Consequence Management (CM) Seminar**

- **Type and Aims:** The aim of the Seminar is to update participants on CBRN/WMD and CM status of work; discuss future issues. The format of the Seminar

---

<sup>3</sup> RTO Symposia are large-scale (100+ participants), three-to-four day events, aiming at promoting exchange of state-of-the-art knowledge among a wide expert audience on an important defence R&T topic. The results of RTO Symposia are documented in an RTO Publication.

will likely include presentations and briefs, followed by syndicate work to explore the subject more fully.

#### **NATO NBC Defence Orientation Course.**

- **Type and Aims:** To teach students the basic concepts, procedures and responses to problems pertaining to all aspects of NBC Defence within NATO.

#### **NATO Training Group – Joint Services Sub-Group – Nuclear Biological Chemical Defence Working Group Meeting**

- **Type and Aims:** The NATO Training Group Joint Services Sub Group (NTG JSSG) acts as a multinational group of joint education and training experts with the aim of enhancing interoperability among Alliance forces, and additionally between the forces of Partner and MD countries, through improved co-ordination and standardisation of joint education and training. It recommends guidance to improve cost effectiveness and efficiency in the use of joint and combined training courses with the use of common training doctrines, procedures and tools, and to identify opportunities for rationalisation of training arrangements/facilities/areas in order to achieve financial and manpower savings. The Nuclear Biological Chemical Defence Working Group (NBCDef WG) is concerned with Nuclear Biological Chemical hazards, contamination containment, and contamination control.

#### **NATO Training Group – Joint Services Sub-Group – Nuclear Biological Chemical Defence Working Group TOXIC TRIP Exercise**

- **Type and Aims:** The NATO Training Group Joint Services Sub Group (NTG JSSG) acts as a multinational group of joint education and training experts with the aim of enhancing interoperability among Alliance forces, and additionally between the forces of Partner and MD countries, through improved co-ordination and standardisation of joint education and training. It recommends guidance to improve cost effectiveness and efficiency in the use of joint and combined training courses with the use of common training doctrines, procedures and tools, and to identify opportunities for rationalisation of training arrangements/facilities/areas in order to achieve financial and manpower savings. The Nuclear Biological Chemical Defence Working Group Contamination Control Area (NBCDefWG CCA) is concerned with Nuclear Biological Chemical hazards, contamination containment, and contamination control exercises.

#### **Annual Seminar for Expert Level Consultations**

- **Type and Aims:** annual seminar for expert-level consultations on political and defence efforts against proliferation of WMD and their means of delivery

### **19. Public Diplomacy (PD)**

#### **Ambassadorial Conference**

- **Type and aims:** the NATO Public Diplomacy Division will organise in 2006 its annual special event in an MD partner country, in cooperation with the host nation. The aim of this event will be to bring together the Secretary General, NATO officials, PermReps, MD Ambassadors and high level participants from the academic world, politics, government and the media from NATO and MD countries. This special event will be used as the sixth periodical brainstorming for the NAC and senior NATO and MD officials, to discuss the future prospects of the Mediterranean Dialogue, with the help of fresh perspectives coming from outside official government circles.

### **Two Day National Seminars**

- **Type and aims:** Two days national seminars will be organised in each of the MD countries, in order to exchange views with national opinion leaders from civil society organisations, think tanks, academia, the media, parliamentarians and policy makers on the aim, content and perspectives of NATO's Mediterranean Dialogue. These events will also offer the occasion to use participating NATO speakers for ad hoc in country briefings to NGOs, universities, think tanks and media organisations, around the dates of each seminar.

### **Visits to the NATO Headquarters**

- **Type and aims:** In the year 2005 the NATO Public Diplomacy Division will organise one to the NATO Headquarters by select opinion leaders and policy makers from each Mediterranean Dialogue country, shaping public attitudes and having direct impact on national decision making processes.

## Media Relations

- **Type and aims:** Press tours will be organised for media representatives from Mediterranean Dialogue countries to participate in the press and media events at NATO Headquarters, involving Arab media from NATO member countries and during the 2006 December NATO Foreign Ministers Ministerial meeting. The Public Diplomacy Division will organise on these occasions on-the-record interviews with the Secretary General. Additionally, interviews will also be conducted during the year with the aim of promoting at least one interview of the Secretary General with a media organisation of each of the MD countries.

## Publications

- **Type and aims:** Two additional publications will be translated into Arabic and Hebrew and will be given wide circulation in the year 2006 among select recipients in MD countries.

## NATO Public Information Course

- **Type and Aims:** To provide Officers, senior NCOs and civilians with a working knowledge of NATO's Public Information policy, responsibilities and procedures.

## 20. Conceptual, Planning And Operational Aspects of Peace Support Operations (PKG)

### JFC Naples Peace Support Operations in the Balkans

- **Type and Aims:** Seminar aimed at directly exposing military and civilian leaders with NATO's Peace Support Operations in the Balkans..
- **Remarks:** The seminar is aimed at operational level military leadership and military and civilian advisors to heads of state, in the ranks of Lieutenant Colonel and above. Seminar will include organisational and mission briefings and open discussions at JFC NAPLES. This will be followed by two-three days of operations briefings, discussions and tours at HQ KFOR with representation from NATO HQ Sarajevo, to include meetings/discussions with representatives from the United Nations' Mission in Kosovo (UNMIK), the UN's Office of the High Representative (OHR), the Office of Security Co-operation Europe (OSCE), and the European Union Monitoring Mission (EUMM). Upon return from the Balkans a brief wrap-up session at JFC NAPLES HQ is scheduled.

### Mobile Training Team on Crisis Response Operations (MTT)

- **Type and Aims:** Mobile Training Team. The aim is to provide tailored training / assistance in any required topic or functional areas.
- **Remarks:** The MTT could cover any military related with NATO's Crisis Response Operations (CRO) or other as required. Details should be further discussed and defined together with the interested MD countries.

### **Seminar on Peace Support Operations (PSO)**

- **Type and Aims:** Seminar open for the participation of both MD and PfP Partners. The aim of the seminar is to present and discuss both Peace Support Operations and Crisis Response Operations scenarios.
- **Remarks:** The seminar will include informational briefings and syndicate discussions covering all relevant functional areas of NATO Peace Support Operation and Crisis Response Operations.

### **Maritime Operational Planning Workshop**

- **Type and Aims:** Workshop with the aim to train Staff Officers in the area of NATO Maritime Operational Planning Process and related issues.
- **Remarks:** A PfP workshop open to MD by direction of SHAPE. Specific dates of seminar will be included in the invitation letters, which will be forwarded about three months in advance.

### **Mil Info Workshop**

- **Type and Aims:** Present NATO's strategic Vision and elements of the NATO intelligence Architecture to partner nations.

### **NATO Peace Support Operations Course**

- **Type and Aims:** The aim of the course is to provide an orientation on the planning, preparation and conduct of Peace Support Operations (PSO) and related activities conducted by NATO at the operational level.

### **Multinational Forces Orientation Course**

- **Type and Aims:** To inform NATO, PFP, Mediterranean Dialogue countries and other OSCE nations' staff members about the principle of multinationality at lower levels and the unique challenges and complexities that are linked to the establishment, maintenance and employment of multinational forces at these levels (ie. Army corps/division/brigade levels).

### **NATO/Partner/MD Operational Staff Officer Course**

- **Type and Aims:** To educate NATO / Partner officers and MD to function at an entry level in a NATO-led multinational HQ conducting Peace Support Operations (PSO). On the job training will still be required for the graduate to function effectively in a combined and joint environment.

### **NATO Operational Military Police Course**

- **Type and Aims:** To provide basic knowledge and to teach the principles of operational level MP planning in support of NATO- and interlocking institutions (e.g. EU, OSCE, UN) led operations within the wider context of NATO decision-making at the strategic level.

## 21. Protective Security Systems and Inspections (PSI)

### a. Inspection Programme by the NOS

- **Type and Aims:** Conduct of the ongoing inspection programme by the NOS of those six MD countries who have signed a Security Agreement with NATO.

## 22. Response to Terrorism (RTT)

### Explosive Ordnance Disposal (EOD) and Consequence Management

- **Type and Aims:** Part of Conference of National Armaments Directors Programme of Work for Defence Against Terrorism. Aims at improving interoperability and cooperation among participating nations through the introduction of new technologies and operational doctrines

### Countering Improvised Explosive Devices (IEDs)

- **Type and Aims:** Part of Conference of National Armaments Directors Programme of Work for Defence Against Terrorism. Aims at improving interoperability and cooperation among participating nations through the introduction of new technologies and operational doctrines

### Seminar on the Economic and Financial Aspects of the Defence Against Terrorism

- **Types and Aims:** Experts from MD countries and other experts from EAPC countries would be invited to participate in a seminar in EAPC format that would share experiences on the economic and financial aspects of the international fight against terrorism.

### NATO (AC/46) SPECIAL COMMITTEE Meeting

- **Type and aims:** NATO (AC/46) SPECIAL COMMITTEE meeting on an exchange of intelligence with NATO member security services and MD Partners.

### PfP Workshop on PAP-T (tbd)

- **Type and Aims:** Follow Up Workshop to Lugano Seminar on PAP-T

### Intelligence/Information Sharing with MD countries

- **Type and Aims:** Develop and institutionalise Intelligence/Information with MD countries, in particular those having signed a security agreement, by further operationalising co-operation through liaison visits in order to define common and topical areas of Intelligence interest.

#### **Terrorism Seminar with MD countries**

- **Type and Aims:** The objectives of this recurring seminar are to conduct discussions at expert level between the representatives of NATO and MD nations on those aspects of terrorism that are of common interest in the fight against terrorism.

#### **NATO Defence against Terrorism Course.**

- **Type and Aims:** To provide foundation knowledge of the global and regional threats of terrorism, including its various forms, resources, means and tools as well as global, regional and national efforts in combating terrorism; and to explain the NATO Defence Terrorism Policy, Doctrine and Means.

### **23. Operational, Material And Administrative Aspects of Standardisation (STD)**

#### **NATO Naval Mine Warfare Conference (NNMWC)**

- **Type and Aims:** The NATO NAVAL MINE WARFARE CONFERENCE (NNMWC) is responsible for promoting cooperation and transformation in the area of Naval Mine Warfare (NMW). It investigates policies and concepts related to NMW and, as appropriate, identifies shortfalls and proposes changes to the Strategic Commanders (SCs).
- **Remarks:** Provides excellent forum for Regional Cooperation on Mine Clearing Issues and handling of unexploded ordinance. Addresses general mine warfare concepts, policy and operations.

### **24. Security through Science (STS)**

#### **Combinatorial Optimization: Methods and Applications**

- **Type and Aims:** *Advanced Study Institute (ASI)*  
Co-directors: 1) **Prof. N. Sbihi, Morocco**; 2) **Prof. V. Chvatal, Canada**

#### **Software System Reliability and Security**

- **Type and Aims:** *Advanced Study Institute (ASI)*  
Co-directors: 1) **Prof. O. Kupfermann, Israel**; 2) **Prof. M. Broy, Germany**

#### **Magneto-and Barocaloric Cooling**

- **Type and Aims:** *Collaborative Linkage Grant (CLG)*

Project Co-ordinators: **1) Prof. M. Saber, Morocco; 2) Prof. K. Barner, Germany**

#### **Micro Raman Investigation of WS2 Nanoparticles**

- **Type and Aims:** *Collaborative Linkage Grant (CLG)*  
Project Co-ordinators: **1) Prof. R. Tenne, Israel; 2) Prof. C. Thomsen, Germany**

#### **Smallpox Countermeasures**

- **Type and Aims:** *Collaborative Linkage Grant (CLG)* Project Co-ordinators:  
**1) Prof. A. Amer, Egypt; 2) Prof. P. Torrence, USA**

#### **Microarray-based Detection of Plant Viral and Viral-like Pathogens**

- **Type and Aims:** *Science for Peace Project (SfPP)*  
Project Leaders: **1) Prof. H. Czosnek, Israel, Prof. H. Mazyad, Egypt, Prof. G. Anfoka, Jordan; 2) Dr. M. Barba, Italy**

## **25. Military Exercises and Related Training (TEX)**

### **COOPERATIVE MARLIN (COMN)**

- **Type and Aims:** Aim of the exercise is to enhance mutual interoperability and adopt common procedures with regard to Non-Combatant Operations (NEO), Embargo Operations, Counter-Terrorism, Consequence Management, Anti-Submarine Warfare (ASW) safety, and Mine Warfare in a Command Post Exercise (CPX). The CPX will provide familiarisation with NATO's organisation, command and control (C2) structure and a clear understanding of NATO's maritime doctrine. This exercise is complementary to the live exercise COOPERATIVE MAKO.
- **Remarks:** It is highly recommended that the same selected Officer(s) could attend the whole sequence of the Exercise Planning Process. For the FPC personnel should be exercise planning officers (OF-2 – OF-4) to represent the needs of their nations and their intended participation, and have some expertise in multinational exercises planning. The exercise admin internet e-mail address is: [marlin@manw.nato.int](mailto:marlin@manw.nato.int). Uniform will be normal working dress throughout.

### **COOPERATIVE MAKO (COMO)**

- **Type and Aims:** LIVEX/MAREX / To develop a new series of PfP exercises built on rapid reaction, strategic and operational deployment, restabilisation, military action relevant to the entire spectrum of new NATO missions and tasks. The exercise will practice maritime skills related to Crisis Response Operations and those tactical and Interoperability Tasks necessary for NATO/PfP forces to conduct NATO led combined maritime operations such as Non-Combatant Evacuation Operations (NEO), Maritime Interdiction Operations (MIO), Counter-Terrorism (CT) to include

WMD Interdiction, Humanitarian Assistance (HA), Disaster Relief (DR), Embargo Enforcement and strategic site security.

- **Remarks:** It is highly recommended that the same selected Officer(s) could attend the whole sequence of the Exercise Planning Process.

### **COOPERATIVE LONGBOW (COLW)**

- **Type and Aims:** CPX / To deliver MNB Land staff training with air integration training based on a Crisis Response Operations (CRO) CPX. Key tasks involve securing sensitive points and assuring a safe and secure environment by performing NEO, CT and consequence management missions in order to prevent the destabilisation of an emerging country. Linked to COOPERATIVE LANCER. Both exercises to be conducted in the same country back to back (CPX (COOPERATIVE LONGBOW) as phase 1 followed by a FTX/LIVEX (COOPERATIVE LANCER as phase 2).
- **Remarks:** CPX Exercise. Participants should be familiar with the ICAO/IMO SAR Manual – IAMSAR, NATO Document ATP 10 and SAR procedures and philosophy in general. It is highly recommended that the same selected Officer (s) could attend the whole sequence of the Exercise Planning Process.

### **COOPERATIVE LANCER (COLR)**

- **Type and Aims:** LIVEX/FTX. Exercise open for the participation of both MD and PfP Partners (ACO.3234.3). The aim of the exercise is to train, exercise and promote the interoperability of PfP / MD Partner forces using NATO standards set inside a CRO scenario through a LIVEX. Key tasks involve securing sensitive points and assuring a safe and secure environment with a focus on anti-terrorism operations to prevent the destabilisation of a particular area. Linked to COOPERATIVE LONGBOW. Both exercises to be conducted in the same country back to back (CPX (COOPERATIVE LONGBOW) as phase 1 followed by a FTX/LIVEX (COOPERATIVE LANCER as phase 2).
- **Remarks:** LIVEX/FTX Exercise, Main focus is to train units and sub-units under OPCON of a Multinational Brigade HQ. It is highly recommended that the same selected Officer (s) could attend the whole sequence of the Exercise Planning Process.

### **NOBLE INTENT (NIT)**

- **Type and Aims:** Seminar/CPX WS / To encourage and develop an exchange of information between NATO Nations, NATO HQ's, Partner Nations and International Organisations on emerging security challenges.

### **STEADFAST MOVE I (SFME I)**

- **Type and Aims:** MOVEX/ CAX / Movement exercise with ADAMS software/Observer
- **Remarks:** MD officers are invited to participate in the exercise as observers.

### **STEADFAST MOVE II (SFME II)**

- **Type and Aims:** MOVEX/ CAX / Movement exercise with ADAMS software/Observer
- **Remarks:** MD officers are invited to participate in the exercise as observers.

### **STEADFAST JAW (SFJW)**

- **Type and Aims:** CAX (LCC deployed) / To integrate and certify the NRDC-TU as NRF CJFLCC HQ for the NRF rotation starting Jan 07 and to validate JFC Brunssum ability to Command and Control NRF operations and deploy a CJTF. LCC: NRDC-TU (NRF phase), CC-Land Heidelberg (CJTF phase) MCC: SPMARFOR (NRF phase), CC-Mar Northwood (CJTF phase). ACC CC Air Ramstein (both NRF and CJTF phases). Augmentation, HICON and LOCON TBD. NOTE: This is FOC exercise for CC-Land Heidelberg as an LCC during CJTF phase.
- **Remarks:** Only CJTF portion open to MD countries as observers. It is highly recommended that the same selected Officer(s) could attend the whole sequence of the Exercise Planning Process.

### **BATTLE STAFF TRAINING 2 (JFC BST II)**

- **Type and Aims:** CPX / To train the JFC Naples CJTF nucleus staff and Partner Augmentees as well as DJTF members, and exercise the JFC Command and Control concept while continuing development of JFC Naples capabilities as parent CJTF HQ. To initiate JFC Naples BS and DJTF HQ preparations for Steadfast Jackpot 07. The aim of Steadfast Jackpot 07 is to certify Combat Readiness for the complete NRF package for year 07/08 (LCC Jul-Dec 07) starting July 07 and to validate JFC Naples ability to Command and Control NRF operations and to deploy the CJTF HQ.
- **Remarks:** It is highly recommended that the same selected Officer(s) could attend the whole sequence of the Exercise Planning Process.

## **BOLD MASTER 2006**

- **Type and Aims:** Exercise designed to improve co-operation between NATO and merchant shipping in accordance with the NATO doctrine of Naval Cooperation and Guidance for Shipping (NCAGS). To maintain proficiency of the multinational NCAGS organisation in supporting the Maritime Component Command (MCC) and Merchant Shipping. To prepare NCAGS personnel for NATO Response Force (NRF) operations.
- **Remarks:** For the FPC personnel should have NCAGS planning experience. For the CPX personnel should have NCAGS experience. For the PXD personnel should be able to represent their nation's participation. Uniform will be normal working dress throughout.

## **BOLD MINOTAUR**

- **Type and Aims:** An exercise designed to evaluate the ability of NATO, in participation with other submarine operating nations, to co-operate in life saving operations from a distressed submarine through a command-post exercise (CPX). To provide training to NATO commands and participating nations in the command and control of a submarine accident situation. To exercise the search procedures for a distressed submarine, evaluate all related publications with emphasis on MTP-57, ATP-10, and all related Submarine Emergency Rescue WG (SMERWG) publications. To evaluate the effectiveness of the Submarine emergency procedures and Interim Submarine Emergency Rescue Liaison Officer (ISMERLO).
- **Remarks:** Uniform will be normal working dress throughout.

## **26. Military Education, Training and Doctrine (TRD)**

### **Prime Training**

- **Type and Aims:** Training. To train personnel from Partner nations and MD Countries on Internet based PRIME system and data management of event oriented cooperation programmes.
- **Remarks:** From September 2005 MD Work Plan will be inserted in the PRIME to allow MD Nations to manage their participation programmes on-line. Therefore PRIME Management Board has decided to invite participants from MD Nations to this PRIME training. 2005 is foreseen as a test year for future PRIME users from MD countries while full involvement is planned for 2006. Training is targeted to PfP and MD data management experts, PRIME users

### **Conference of Commandants (Conf. of CMDTS)**

- **Type and aims:** to permit the exchange of information between military authorities sharing identical responsibilities in the field of higher defence education as well as to encourage the development of co-operation in the field of higher defence training

between Colleges in NATO countries and their counterparts in Mediterranean Dialogue Countries.

### **General and Flag Officers And Ambassadors Course (GFOAC)**

- **Type and Aims:** to enhance mutual understanding of current politico-military issues of importance for the Alliance and to familiarize selected Generals and Flag Officers, Ambassadors and civilians of equivalent status, from NATO, Partnership for Peace (PfP) and Mediterranean Dialogue Countries, with current and prospective issues facing NATO, and offer opportunities for professional networking among senior military officers and civilian officials.

### **Integrated PfP, OSCE and MD Course (IPOC)**

- **Type and Aims:** as an integral part of the NATO Defense College's Senior Course, IPOC aims at educating senior officers and officials of partner countries in the values and standards of NATO and the current strategic issues facing NATO.

### **Lectures on NATO topics in MD countries**

- **Type and aim:** to lecture on issues of mutual interest for NATO and Mediterranean countries and to discuss educational activities before civilian/military audiences of Mediterranean countries institutions; to create a network of experts between NDC and the Mediterranean countries

### **Academic Education/human interoperability/ Visit by Senior Course**

- **Type and aim:** Visit by NATO Defense College Senior Course as a vehicle to give MD countries further opportunity to present and discuss their views on current politico-military affairs at an academic level with senior officers from NATO, PfP and other MD countries and to gauge the reaction of nations represented on the Senior Course by the questions posed by the course.

### **MD Fellowships**

- **Type and aims:** to promote scholarly research in areas of particular interest to the NATO Mediterranean Dialogue partners, primarily dealing with Mediterranean security issues

### **NATO Defense College Senior Course**

- **Type and Aims:** The Senior Course is designed to: Enhance mutual understanding between Nato, PfP and MD countries of current and prospective politico-military issues and challenges within the Euro-Atlantic and Mediterranean area; better prepare selected officers and civilians, with rank of Colonel or Lt. Colonel or equivalent to serve in international staffs or positions involving co-operation with NATO; offer opportunities for professional networking

### **MD IRS Seminar**

- **Type and aims:** International Research Seminar aimed at exploring security issues of common interest

### **MD Research Talks**

- **Type and aims:** intense exchange of view between NDC Research Branch and Mediterranean countries; the objectives are to gather researchers, officers, and officials from one or several Mediterranean countries at a time with NDC Research Branch in order to explore in depth mutual security issues.

### **Air Operations Seminar**

- **Type and Aims:** Seminar. Topics include: NATO Command Structure; Air Campaign Planning; Air Space Management; Air Defence Operations; Close Air Support; Forward Air Control procedures; Helicopter/SAR/CSAR Operations; Air Transport Operations; NATO Rules of Engagement; and Air Space Surveillance.
- **Remarks:** This is a combined EAPWP/MDWP event (EAPWP ACO 3135.3).

### **NATO Military Terminology Course**

- **Type and Aims:** The aim of this course is to familiarise the participants with the NATO Terminology used in the functional areas of NATO Command Structure, Logistics, Public Information, Communications, Intelligence, Civil Military Co-operation, Crisis Management, Crisis Response Operations, Operational & Exercise Planning, and the Partnership for Peace Programme. The course consists of briefings, discussions, and practical exercises.
- **Remarks:** Course is designed for staff officers in the rank of Captain to Colonel.

### **Mobile Training Team on "NATO Military Terminology"**

- **Type and Aims:** The aim of this course is to familiarise the participants with the NATO Terminology used in the functional areas of NATO Command Structure, Logistics, Public Information, Communications, Intelligence, Civil Military Co-operation, Crisis Management, Crisis Response Operations, Operational & Exercise Planning, and the Partnership for Peace Programme. The course consists of briefings, discussions, and practical exercises.
- **Remarks:** Course is designed for staff officers in the rank of Captain to Colonel.

### **CIS Mobile Training Team**

- **Type and Aims:** CIS Mobile Training Team, focus on CIS Interoperability.
- **Remarks:** To maintain the focus on the achievement of the minimum military requirements for communications interoperability. Includes familiarisation with NATO STANAGs, CIS principles, voice communications, transmissions and radio systems.

### **Air CIS Mobile Training Team (MTT)**

- **Type and Aims:** NATO Mobile Training Team visit to a Med D nation (at the specific request of that nation). Topics presented include, but not limited to: NATO Communications Publications and SOPs; NATO C2 Systems: NATO C2/C3 Organisation; CC-Air HQ Izmir A6 Structure and Operations; Overview of NATO CIS Connectivity; CIS Interoperability and Compatibility.

### **Communications Information System (CIS) Workshop**

- **Type and Aims:** Workshop open for the participation of both MD and PfP Partners (ACO.3055.4). The aim of the workshop is to present and discuss NATO CIS systems, CIS planning for operations and exercises, introduction in INFOSEC and NATO CIS logistics, and frequency management.
- **Remarks:** No special background is required, but it will be assumed that attendees have used standard desktop computers and telephone systems.

### **Information Management Seminar**

- **Type and Aims:** Seminar open for the participation of both MD and PfP Partners (ACO.3117.2). The aim of the seminar is to train partner officers on gathering and analysis of information emerging on Crisis Response Operations and on compilation of reports in tactical level role-playing circumstances using NATO means of communications, particularly computer network.
- **Remarks:** The first day of the seminar will be devoted to briefings started from the general issues to the specific ones. The second and third days will be designed to practical training similar to battle staff circumstances, running a mini-exercise.

### **CIMIC Seminar**

- **Type and Aims:** Seminar open for the participation of both MD and PfP Partners. The aim of the seminar is to present and discuss information on civil military cooperation operations oriented on the tactical and operational level.
- **Remarks:** The seminar will include informal briefings and syndicate discussions covering all the relevant functional areas of CIMIC. Briefers are required to have actual experience in combat, peacekeeping or humanitarian operations. All presentations dealing with past operations will discuss lessons learned and how we can either do better or reinforce successful experiences.

### **Air Expert Team Visit (ETV)**

- **Type and Aims:** Team will review Med D nation's national goals and objectives and provide information exchange on training events and requirements. In addition, the visit will establish personal contacts to enhance correspondence, co-ordination and planning between CC-Air Izmir and the Med D nation requesting the visit.
- **Remarks:** This event is at the request of a Med D nation and will not include participants from other Med D or PfP nations. The visit is intended to be followed by an Air Mobile Training Team (MTT) from CC-Air HQ Izmir approximately six months later composed of Subject Matter Experts as requested by the host nation i.e. a CIS MTT.

### **Air Mobile Training Team (MTT)**

- **Type and Aims:** This is a follow up visit of an Air ETV to a MD nation. In the initial visit, a review of national goals and objectives was carried out. Information was exchanged on training events and requirements. As a result, this follow up Air MTT was arranged to address a specific area of interest that was requested by the MD nation.
- **Remarks:** This Air MTT is a follow on visit at the request of the MD nation that requested an Air ETV in the second quarter 2006. It is a specific area of interest for the host MD nation and is intended for that nation only. (It is not open to other MD or PfP nations.)

### **MD Maritime Workshop**

- **Type and Aims:** Workshop
- **Remarks:** Specific dates of seminar will be included in the invitation letters, which will be forwarded about three months in advance. In addition to discussions on items of mutual interest, the workshop will focus on a review of recent SNFM/MCMFS MD port visits, plans for upcoming MD port visits, and CC-Mar Naples's planned MD activities for future years. Navy co-operation in the Mediterranean Sea as well as Search and Rescue, maritime Counter Terrorism (CT) and working alongside NATO units in support of maritime CT.

### **Maritime Staff Attachment Exercise Planning Workshop**

- **Type and Aims:** Workshop with the aim to introduce MD officers to staff work at CC Mar Naples. Practical side by side work with desk officers developing Annexes to documentation for a NATO PfP/MD maritime exercise.
- **Remarks:** A PfP workshop open to MD by direction of SHAPE. Participation in competition with PfP as limited number of positions available. Specific dates of seminar will be included in the invitation letters, which will be forwarded about three months in advance.

### **Maritime Workshop (Mobile Training Team)**

- **Type and Aims:** Workshop
- **Remarks:** A team of 3-4 NATO Officers to travel to the host country to conduct briefings and discussions. A pre-event co-ordination visit will be held in the country

requesting the training. Issues such as Search and Rescue, maritime Counter Terrorism (CT) and working alongside NATO units in support of maritime CT.

### **Public Information Seminar**

- **Type and Aims:** Public Information Seminar (Inbound) consists of a wide menu of potential topics ranging from basic PI training to operational PI Workshops.
- **Remarks:** This seminar will be also open to participants from PfP countries.

### **Public Information Mobile Training Team**

- **Type and Aims:** Public Information MTT (Outbound), consists of wide menu to potential topics, ranging from basic PI training to operational PI Workshops.
- **Remarks:** Curriculum for this seminar will be tailored to specific training needs of hosting nation.

### **Public Information Operation (PIO) Workshop**

- **Type and Aims:** The Workshop (WS) highlights the role of Public Information Operation (PIO) in today's changing security environment, conceptual differences between Information Operations and Public Information Operation and how to maintain long term credibility and trust by the media. Areas of concentration include the role of media - on and off the battlefield, planning, deployment and conduct of operations that engage the media in all its forms in order to promote and maintain public understanding and support, thereby enhancing freedom of manoeuvre for commanders at all levels. PIO objective is to enhance public understanding of NATO-lead PSO.

### **Workshop on Engineer Operations**

- **Type and Aims:** The Workshop will expose participants to Engineer contributions to current operations. Areas of focus will cover Combat Engineering and Infrastructure Engineering at the operational level, Engineer contributions to Force Protection concentrating on measures to mitigate and reduce risk, and Engineer contributions to Civil-Military Cooperation.
- **Remarks:** In Crisis Response Operations (CRO) and Peace Support Operations (PSO) the Engineers provide infrastructure planning and coordination for deployed forces using the assessment of environmental damage and assessment of plans to deal with minefields and unexploded ordnance (UXO) from the conflict as well as to restore vital services such as electricity and water supply in order to assist the strategic objective of nation-building.

### **Seminar on Asymmetric Threats / Force Protection**

- **Type and Aims:** Seminar open for the participation of both MD and PfP Partners (ACO.3221.2). The aim of the seminar is to present and discuss force protection procedures in the context of asymmetric threats and anti-terrorism.

- **Remarks:** The seminar will include informational briefings and syndicate discussions covering all relevant functional areas of force protection, asymmetric threats and anti-terrorism.

### **Legal Mobile Training Team**

- **Type and Aims:** Legal Mobile Training Team outbound (Operational law)
- (Legal aspects of CJTF operations; Legal advisers' role during planning and execution of CJTF operations)

### **Combined Joint Task Force (CJTF) HQ Training**

- **Type and Aims:** NATO/PfP Training, to familiarise officers with CJTF HQ formation, organisation and composition and operating procedures
- **Remarks:** The CJTF HQ Training is in 2 parts, a self-study period in the student's home country and a residential period at JFC HQ Brunssum, NL. On receipt of the invitation from JFC HQ Brunssum, MODs, HQs will be required to register potential students in accordance with the information in the invitation. On receipt of the registration, potential students will be sent a Read Ahead Package (a CD) who provides information on the course and the scenario used during the course. Students will have to study the CD material, answer a questionnaire based on the information contained in CD and return it to JFC HQ Brunssum by a given date. Based on the correct completion of the questionnaire and its receipt by the deadline, students will notified of their selection to attend.

### **Combined Joint Task Force (CJTF) HQ Functional Specialist Training**

- **Type and Aims:** To train partner augmentees within functional areas, this training meant to augment the CJTF HQ in LEGAD area.

### **Seminar – Whole Headquarters Concept/CJTF Staff Element**

- **Type and Aims:** Seminar. The aim is to train the staff element to conduct initial C2 responsibility for Whole HQ concept operations. Building block training to include Basic Training, Functional Area Training, Cross Functional Area Training and Battle Staff Training.

### **Maritime Component Command Operational Planning Process Training**

- **Type and Aim:** Workshop. To train augmentees to the MCC in maritime /joint operations procedures.
- **Remarks:** To train Partner augmentees to the MCC Staff in Maritime/Joint Operations Procedures. This activity will only be conducted if it can be linked, as collective training, to a forthcoming exercise which will include an MCC. Normal daily working uniform is required.

### **Staff Attachment of Partner Nation Officers to NAEW&C FC**

- **Type and Aim:** Staff attachment of partner nation officers to HQ NAEW&C FC and the E-3A or E-3D Component.
- **Remarks:** The attachments will be arranged at the request of Partner Nation who should make the request to the NAEW&C Force Commander through the SHAPE Chief of Staff. Nations are to include in their request the specific areas they wish their officers to view, for example logistics, simulation or aircraft maintenance.

### **CIS EXPERT TEAM WORKSHOP**

- **Type and Aims:** The purpose of the workshop is to familiarize the students with NATO CIS concept, structure, standard and procedures. Multinational CIS Expert Team will demonstrate NATO communication and information system at a NATO facility. The overall aim is to promote interoperability with participating Nations in the field of CIS.

### **CROSS-SERVICING TRAINING**

- **Type and Aims:** The objective of the aircraft cross-servicing program is to provide NATO with the flexibility to deploy, operate, recover, and generate tactical aircraft for operational missions. By attending this training, participants will gain an understanding of cross-servicing requirements and the level of support expected from a host base providing services to transient aircraft. Most importantly, participants will have the opportunity to gain hands-on training on a variety of NATO aircraft.

### **AIR MOVEMENT SEMINAR**

- **Type and Aims:** The purpose of the Seminar is to establish common basis of understanding among participating Nations regarding NATO Air Transport and Air Movement Operations. Articulate interoperability concepts to include expeditionary air component C2 structure (CJFACC), NATO Air Logistic procedures, air transport aircraft characteristic and handling standards, and cargo marshalling and processing standards.

## **CJFACC HQ COURSE**

- **Type and Aims:** The purpose of the Course is to address NATO operational concepts and procedures for air component command and control architecture in support of Crisis Response Operations. It will cover operational and interoperability topics to include the Combined Joint Force Air Component Commander (CJFACC) expeditionary command & control architecture/organisation and the planning & employment of NATO air power.

## **AEROMEDICAL EVACUATION WORKSHOP**

- **Type and Aims:** The purpose of this seminar is to inform and discuss basic medical concepts, principles and standards to conduct Aero medical Evacuation (AE) as agreed by NATO Nations. It also covers present Aero medical support and treatment capability standards, operating and management procedures, lessons learned in real world operations, specific Medical Logistics in AE and practical demonstrations of AE equipment.

## **NATO School Schedulers Conference**

- **Type and Aims:** To inform POCs of the tentative NATO School Programme of the following year and to discuss new initiatives.
  - Review procedures for bidding, allocating and turning back student allocations.
  - Review procedures for joining report submission.
  - Review the Academic Calendar of the following year.
  - Review procedures for student billeting.
  - Review security, financial and other administrative procedures.
  - Discuss NATO School transformation.
  - Discuss new initiatives by NATO School to aid supported units.
  - Receive recommendations/feedback from supported units to improve NATO School support procedures.
- **Remarks:** This is an annual working level conference held to benefit those officers, NCO's and civilians who coordinate with the NATO School on a regular basis.

## **NATO School Mobile Education and Training Team (METT)**

- **Type and Aims:** In addition to its resident courses, NATO School can also deploy Mobile Education Training Teams as an alternative to educate and train large numbers of personnel in country within an MOD or commands. These are generally conducted for exceptional requirements only. The topic for each METT is developed based on the specific request by the partner country.
- **Remarks:** On Partner request on a case-by-case basis. MD Countries are invited and encouraged to propose potential topics and themes related to their ICP for METTs. The conduct of an METT requires substantial resources and at least three months of preparation. Therefore, any country that plans a METT are requested to submit their request to ACT TI-340([be more specific](#)) by 30 September 2005.

## **NATO Staff Officer Orientation Course**

- **Type and Aims:** To provide foundation knowledge of NATO, including structure, policies and operations, as well as current issues affecting the Alliance, to newly appointed regular and reserve NATO/PfP and MD officers or civilians equivalent.
- **Remarks:** Please read the information provided under “Remarks” in activity Identification Code: M5-65 (see Section 1.e.).

### **NATO Senior Non Commissioned Officer (NCO) Orientation Course**

- **Type and Aims:** To provide foundation knowledge of NATO, including structure, policies and operations, as well as current issues affecting the Alliance, to newly appointed regular and reserve NATO/PfP and MD Non-commissioned officers or civilians equivalent.
- **Remarks:** Please read the information provided under “Remarks” in activity Identification Code: M5-65 (see Section 1.e.).

### **NATO Academic Instructor’s Course.**

- **Type and Aims:** The aim of the course is to for each student to be able to apply effective teaching methods and presentation techniques in delivering academic instruction. It will focus on the two methods used most often in NATO specifically the Syndicate Discussion method and the Lecture method of instruction.
- **Remarks:** Please read the information provided under “Remarks” in activity Identification Code: M5-65 (see Section 1.e.).

### **NATO Training Group – Air Force Sub-Group Meeting**

- **Type and Aims:** The NATO Training Group Air Force Sub Group (NTG AFSG) acts as a multinational group of aviation education and training experts, responsible for NTG aviation education and training aspects with the goal of enhancing interoperability among Alliance forces and additionally between the forces of Partner and MD countries, through improved co-ordination and standardisation of aviation education and training and use of available resources.

### **NATO Training Group – Army Sub-Group Meeting**

- **Type and Aims:** NATO Training Group (NTG) Army Sub-Group (ASG) meetings are aimed to enhance interoperability among Alliance forces, and additionally between the forces of Partners, through improved co-ordination and standardisation of Army individual and collective training, thus improving efficiency of training and use of available resources. The ASG identifies and recommends suitable projects, present and future, for consolidation of training within NATO through bilateral and multilateral co-operative training arrangements. These actions should be accomplished without prejudice to bilateral and multilateral training arrangements already in existence. Furthermore, PfP/NACC initiatives and Army training ventures with Partner nations and MD countries are to be developed.

### **NATO Training Group – Financial Sub-Group Meeting**

- **Type and Aims:** The NATO Training Group Financial Sub Group (NTG FSG) acts as a multinational panel of financial experts within the NTG, aiming to improve cost-effectiveness and efficiency in the use of joint and combined individual training in order to economise on the use of resources by developing financial principles and procedures, including cost-sharing methods, for training, and financial guidelines related to the operation of common training installations and facilities.

#### **NATO Training Group – Joint Services Sub-Group Meeting**

- **Type and Aims:** The NATO Training Group Joint Services Sub Group (NTG JSSG) acts as a multinational group of joint education and training experts with the aim of enhancing interoperability among Alliance forces, and additionally between the forces of Partner and MD countries, through improved co-ordination and standardisation of joint education and training. It recommends guidance to improve cost effectiveness and efficiency in the use of joint and combined training courses with the use of common training doctrines, procedures and tools, and to identify opportunities for rationalisation of training arrangements/facilities/areas in order to achieve financial and manpower savings.

#### **NATO Training Group – Naval Sub-Group Meeting**

- **Type and Aims:** The NATO Training Group Naval Sub Group (NTG NSG) acts as a multinational group of naval education and training experts, responsible for NTG maritime education and training aspects with the goal of enhancing interoperability among Alliance forces and additionally between the forces of Partner and MD countries, through improved co-ordination and standardisation of naval education and training and use of available resources.

#### **NATO Training Group – Joint Services Sub-Group – Working Group on Individual Training and Education Development Meeting**

- **Type and Aims:** The NATO Training Group Joint Services Sub Group (NTG JSSG) acts as a multinational group of joint education and training experts with the aim of enhancing interoperability among Alliance forces, and additionally between the forces of Partner and MD countries, through improved co-ordination and standardisation of joint education and training. It recommends guidance to improve cost effectiveness and efficiency in the use of joint and combined training courses with the use of common training doctrines, procedures and tools, and to identify opportunities for rationalisation of training arrangements/facilities/areas in order to achieve financial and manpower savings. The Working Group on Individual Training and Education Development (WG IT & ED) analyses and develops new Training Concepts and Policy Documents for individual training and education.

#### **NATO Training Group – Joint Services Sub-Group – Working Group on Training and Education for Peace Support Operations**

- **Type and Aims:** The NATO Training Group Joint Services Sub Group (NTG JSSG) acts as a multinational group of joint education and training experts with the aim of enhancing interoperability among Alliance forces, and additionally between the forces of Partner and MD countries, through improved co-ordination and standardisation of joint education and training. It recommends guidance to improve cost effectiveness and efficiency in the use of joint and combined training courses with the use of common training doctrines, procedures and tools, and to identify opportunities for rationalisation of training arrangements/facilities/areas in order to achieve financial and manpower savings. The Working Group on Training and Education for Peace Support Operations (NTG JSSG WG TEPSO) is a permanent Working Group established to enhance effectiveness for Peace Support Operations by supporting the development of NATO's individual and collective PSO training goals and promoting the standardisation of NATO's PSO training objectives.

#### **NATO Training Group – Army Sub-Group – Environmental Training Working Group Meeting**

- **Type and Aims:** The NATO Training Group (NTG) Army Sub-Group (ASG) Environmental Training Working Group (ETWG) is a multinational group of Army experts and environmental advisors that supports the NTG ASG by providing a forum to discuss and develop co-operative training arrangements within the NTG that are of Army interest. It identifies and recommends suitable environmental training projects in order to consolidate training within NATO through bilateral or multilateral co-operative arrangements. It monitors developments in environmental management and sustainable training through new technologies and procedures and it acts upon any other related environmental training issue as authorised by the Chairman ASG.

#### **NATO Training Group – Army Sub-Group – Fighting in Built Up Areas/Military Operations in Urban Terrain Working Group Meeting**

- **Type and Aims:** The NATO Training Group (NTG) Army Sub-Group (ASG) Fighting in Built Up Areas/Military Operations in Urban Terrain Working Group (FIBUA/MOUT WG) acts as the focus for FIBUA/MOUT training issues. It receives from nations represented at the WG offers of training assistance, papers and other items related to FIBUA/MOUT training. It reviews emerging training aids, equipment and techniques in order to provide a common and integrated approach to all aspects of FIBUA/MOUT training. It ensures that FIBUA/MOUT training remains current and relevant in line with current missions and developing threats and it organises and conducts a FIBUA/MOUT training Symposium as required.

#### **NATO Training Group – Army Sub-Group – Training and Simulation Working Group Meeting**

- **Type and Aims:** The NATO Training Group (NTG) Army Sub-Group (ASG) Training and Simulation Working Group (TSWG) provides a venue for member nations to discuss concepts for simulation in Army training at all three levels. It identifies common concepts that may have general application to member nations, NATO, or

international organisations. It provides co-ordination where necessary amongst nations using simulation in Army training. It recommends guidance to the ASG for the development of policy and standards with respect to the use of simulation in Army training and it provides co-ordination where necessary with other NATO working groups.

#### **NATO Training Group – Financial Sub-Group/ Financial Seminar Working Group**

- **Type and Aims:** Due to an increasing number of mutual assistance between NATO and PfP states against the background of national budget restraints, there is the necessity of a serious training for officers to improve existing skills or to get acquainted with the topic. Participants may also share their knowledge or improve their skills by a management game.
- The responsibility regarding the content of PfP Financial Seminars lays with the Financial Seminar Working Group that is a subordinate body to the NTG/FSG.

## PART II

### MD NATIONALLY SPONSORED MILITARY ACTIVITIES

#### BELGIUM

#### 1. Symposium on Defence and Security Policy Issues

- **Type and aims:** Symposium on defence and security policy issues, hosted by the BE Centre for Defence Studies. The Centre was set up under the auspices of the BE Royal Defence College and was founded in 1978 as a think tank for security and defence issues. The subject of research at the Centre for Defence Studies is the question of national and European security and defence. The Centre takes a scientific and independent approach towards its subject of research. The Centre combines research with the organisation of lectures, symposia and seminars. It organises a yearly cycle of about ten lectures dealing with current security problems. The Centre also sets up symposia on a specific security issue, for which it has recourse on Belgian and foreign experts. In this respect, it aims at wide-ranging co-operation with similar institutions. These symposia are already offered in the 2006 EAPWP (reference BE.2238).
- **Remarks:** Travel and accommodation are at the participants' expense, functionally as well as financially. Dress code: military uniform or business suit. Tuition Fee: 12.50 EUR, includes lunch and beverages. Invitations for the symposia will be sent by the Centre to the bilateral representatives of the target nations in/to BE. Target nations will also be informed about this multilaterally by the BE Mil Rep and/or the BE Perm Rep to NATO.

#### 2. Humanitarian Awareness Course

- **Type and aims:** Course on the organisation and management of humanitarian assistance and co-operation with NGOs. The aim is to inform participants on concepts, terminology, general operations and procedures and thus providing them an operational knowledge of humanitarian aid. Guest speakers from UNHCR, UNFAO, ICRC, WHO, several medical research institutes, universities and think tanks. Are being dealt with: managerial and organisational aspects, CIMIC, medical intelligence, data collection and analysis, cluster sampling, diagnostic strategies, epidemiology, nutrition, immunisation, anthropologists' views, legal/forensic aspects, PTSD, several case studies... This course is also being offered in the 2006 EAPWP (reference BE.2240.4).
- **Remarks:** Travel and accommodation are at the participants' expense, functionally as well as financially. Dress code: military uniform or business suit.

#### 3. EOD Team Leader Course - expert level

- **Type and aims:** Tailored expert level EOD Team Leader course focussing on the neutralisation of specific unexploded ordnance that are often encountered in a given geographical area (area TBD). Depollution of minefields is NOT being dealt with. This course is also being offered in the 2006 EAPWP (reference BE.2241.3).  
Skill requirement: being qualified and certified as an EOD expert. Basic scientific knowledge (physics, chemistry) as well as a minimum of experience in EOD operations are required and will be tested by SEDEE beforehand. The first 3 weeks of the course are concluded by another test which has to be passed in order to continue participation. Participants who have successfully concluded the course will be certified to act as an EOD Team Leader for EOD operations in the geographical area that has been dealt with.
- **Remarks:** Travel and accommodation are at the participants' expense, functionally as well as financially.

#### 4. **Staff Officer Course on the Law of Armed Conflict**

- **Type and aims:** Course for (future) military experts leading to the "Conseiller en droit des conflits armés" certificate. Dedicated to (international) public and criminal law and to international humanitarian law (IHL). This course is also being offered in the 2006 EAPWP (reference BE.2242.4).
- **Remarks:** Travel and accommodation are at the participants' expense, functionally as well as financially. Dress code: military uniform.

#### 5. **French Language Course - "niveau intermédiaire"**

- **Type and aims:** Language course with a focus on "règlements militaires, sujets d'actualité, révision de la grammaire, nombreux exercices oraux et écrits". Aim: "Les candidats doivent être capables de présenter oralement un exposé sur un sujet militaire et de rédiger un texte en français de 200 mots." This course is also being offered in the 2006 EAPWP (reference BE.2243.11).
- **Remarks:** Travel and accommodation are at the participants' expense, functionally as well as financially. Dress code: military uniform or business suit.

#### 6. **Expert meeting on legal aspects of multinational operational cooperation**

- **Type and aims:** Annual legal expert meeting on the implementation of Status of Forces Agreements (SOFA) in the context of a multinational contribution to NATO-led crisis response operations. Relating topics: multilateral treaties, UN Charter, SOFAs and other specific texts, ESDP perspectives, claims, "lex loci", law of armed conflict, rules of engagement....This event is also being offered in the 2006 EAPWP (reference BE.2244.3).
- **Remarks:** Travel and accommodation are at the participants' expense, functionally as well as financially. Dress code: business suit.

#### 7. **Conference on soldier modernisation**

- **Type and aims:** Conference addressing the B.E.S.T Programme on soldier modernisation in smaller nations, soldier system technology requirements, interoperability, project management, developpement of future infantry. Focus on material resources management aspects. This conference is also being offered in the 2006 EAPWP (reference BE.2245.3).
- **Remarks:** Travel and accommodation are at the participants' expense, functionally as well as financially. Dress code: military uniform or business suit.

## GERMANY

### 1. Political and defence efforts against NBC proliferation (NBC)

#### Water Purification Course

- **Type and Aims:** Basic course. Technical and tactical procedures in field water purification.

### 2. Conceptual, planning and operational aspects of peacekeeping (PKG)

#### United Nations Staff Officer Course (UNSOC)

- **Type and Aims:** Course for Staff Officers. Preparation for Assignments as a Staff Officer at UN-Headquarters
- **Remarks:** Participants rank level: Major - Colonel or equivalent

### 3. Military Geography (Geo)

#### International Seminar Geopolitics

- **Type and Aims:** Seminar. Provides a general overview on the significance of Geo-factors for security policy and strategic planning, the German approach to cover this field.

### 4. Democratic Control Of Forces And Defence Structures (DCF)

#### Military Police Officers Course

- **Type and Aims:** Basic Course. Overview of "Bundeswehr"-organisation and tasks; the legal basis for missions and support of armed forces in the Federal Republic of Germany. Principles applying to the co-operation between German Military Police (Feldjäger) and Allied Forces.
- **Remarks:** Dress/equipment: class B uniform / civilian clothes. Participants are expected to arrive in Sonthofen not later than 18.00 hours on the 09.10.2006

### 5. Political And Defence Efforts Against Nbc Proliferation (Nbc)

#### Multinational Senior Officers Orientation course on German NBC Defence Policy – MSOOC

- **Type and Aims:** Course for Experts. NBC defence, Environmental- and Self-protection in the Bundeswehr; Mission, Organisation and Doctrine of the NBC Defence Corps; Equipment of the Bundeswehr for All Arms NBC Defence and the NBC Defence Corps. Objectives of Scientific Research in the field of NBC Defence. Opportunity for bilateral and multinational Expert Discussions

## **6. Planning; Organisation And Management Of National Defence Research And Technology (Drt) (Link To Trd)**

### **Operations Research, especially Modelling and Simulation**

- **Type and Aims:** Basic Course. General on Operations Research (OR), application fields of OR, practical application.

## GREECE

### Multinational PSOs officers Basic Course

- **Type and Aims:** The aim of the course is to train and prepare officers for assignment as Platoon Leaders and/or Company Commanders for the conduct of PSOs and Military Observers in PSOs.
- **Remarks:** The course is free of charge. Costs of accommodation and meals are offered by Greece. Travel from/to the origin countries will be a responsibility of visitors.

### Multinational PSOs Officers Advanced Course

- **Type and Aims:** The aim of the course is to train and prepare officers for assignment as Battalion Commanders and staff officers in Multinational Division/Brigade HQs and/or in national contingents for the conduct of PSOs.
- **Remarks:** The course is free of charge. Costs of accommodation and meals are offered by Greece. Travel from/to the origin countries will be a responsibility of visitors.

### Border Security and the role of Armed Forces Course

- **Type and Aims:** The aim of the course is to train and familiarise officers and NCOs with all aspects of Border Control regime in order to be capable to establish, organise, man, equip and train Border Control Units
- **Remarks:** The course is free of charge. Costs of accommodation and meals are offered by Greece. Travel from/to the origin Countries will be a responsibility of visitors

### Multinational PSOs CIMIC Regional Course

- **Type and Aims:** The aim of the course is to train and prepare officers from different countries for CIMIC duties as staff officers in Multinational Brigade/Battalion HQs and/or in national contingents for the conduct of PSO
- **Remarks:** The course is free of charge. Costs of accommodation and meals are offered by Greece. Travel from/to the origin Countries will be a responsibility of visitors

### Mobile Training Team on Multinational PSO Assignments

- **Type and Aims:** The aim of the course is to familiarise the participants with the training and preparation of officers for assignment as Platoon Leaders and/or Company Commanders for the conduct of PSOs
- **Remarks:** A team of up to 10 trainers, which depends on the number of attendees, will travel to the host country to conduct briefings and discussions.

### Mobile Training Team on Border Security

- **Type and Aims:** The aim of the course is to familiarise the participants with all aspects of Border Control regime in order to be capable to establish, organise, man, equip and train Border Control Units.
- **Remarks:** A team of up to 10 trainers, which depends on the number of attendees, will travel to the host country to conduct briefings and discussions.

#### **Exercise "DOLPHIN-O6"**

- **Type and Aims:** LIVEX / INVITEX. The aim of the exercise is to train jointly combined Maritime, Air and Land Units in a Disaster Relief/Humanitarian Aid-Search and Rescue Exercise. MD countries are invited to participate with Units, Personnel and/or Observers.
- **Remarks:** Participation in the exercise is free of charge. Accommodation and meals are offered by Greece in military installations for aircrews and staff officers. Transportation from the depicted point of entry in Greece and vice versa is provided for those needed.

## ITALY

### CIVIL – MILITARY CO-OPERATION (CIMIC) COURSE

- **Type and Aims:** to give the students an updated overview of the existing laws and procedures regarding civil defence/protection, civil military cooperation and civil emergency planning at national NATO level.
- **Remarks:** Tuition free. Other administrative and financial arrangements to be dealt with POC.

### BASIC COURSE FOR INSPECTORS/ESCORTS IN CFE/CSBM VERIFICATION.

- **Type and Aims:** To qualify personnel as inspectors/escorts in CFE/CSBM.
- **Remarks:** Tuition free. Other administrative and financial arrangements to be dealt with POC.

### REGIONAL SEA-POWER SYMPOSIUM OF THE MEDITERRANEAN AND BLACK SEA NAVIES.

- **Type and Aims:** the Symposium will operate as an international forum to: enhance mutual understanding of the topic political, security and military issues related to the Mediterranean and Black Sea; familiarise selected high rank military Representatives with current and prospective issues facing those regions. The Symposium is directly linked to the International Conference on Mediterranean and Middle East to be held in October 2005.
- **Remarks:** Tuition free. Other administrative and financial arrangements to be dealt with POC.

## NETHERLANDS

### NETHERLANDS DEFENCE ORIENTATION COURSE (NDOC)

- **Type and Aims:** Orientation course. The objective of this course is a thorough orientation in European military and security structures, taking the Netherlands as an example. In order to achieve this goal a funnel approach in the topics was chosen, gradually starting out with the Netherlands and widening into more broad subjects dealing with the international setting. Ideally the course will create an environment in which mutual understanding and respect can flourish.
- **Remarks:** The course is free of charge. Costs of accommodation, meals and travel are offered by The Netherlands. Travel within the country of origin will be the responsibility of the participant.

## NORWAY

### 1. International Commanding Officers' Course / International Senior Logistics Officers' Course

- **Type and Aims:** The course is aimed at senior military and civilian senior personnel working with international staff matters, and/or expecting to hold senior staff positions (unit commanders, branch heads, ACOS, COS). To familiarise senior military and civilian personnel with the challenges and issues related to planning and participation in UN and other Multinational Peace Support Operations. The course is aimed at senior military and civilian personnel working with international logistic matters, and/or expecting to hold senior logistic staff positions (branch chief, ACOS). Qualify the students for future assignments as Senior Logistics Officers in UN and other Multinational units in Peace Support.
- **Remarks:** Daily uniform. Tuition fee; NOK 350,- that covers accommodation and 3 meals.

### 2. International Support Staff Officers' Course

- **Type and Aims:** The course is aimed at military junior personnel working with medical, legal or personnel matters who are expecting to hold staff positions in Multinational Peace Support Operations.
- To prepare officers for future assignments in multinational units or HQs in Peace Support Operations, or for participation in international training and exercises.
- **Remarks:** Daily uniform. Tuition fee; NOK 350,- that covers accommodation and 3 meals.

### 3. United Nations Logistics Officers' Course

- **Type and Aims:** The course is aimed at military personnel with logistic background or experience expecting to work as Logistic officers, Supply officers or Movement Control officers in UN peacekeeping operations.
- To prepare students for assignments as Logistic officers, Supply or Movement Control officers in present or future UN Peacekeeping operations.
- **Remarks:** Daily uniform – Battle dress. Tuition fee; NOK 350,- that covers accommodation and 3 meals.

### 4. NATO/PfP Logistics Officers' Course

- **Type and Aims:** The course is aimed at Military personnel with logistic background or experience, expecting to work as Logistic officers, Supply officers or Movement Control officers in UN peacekeeping operations.  
To prepare students for assignments as logistic staff officers at Headquarter level or Supply or Movement Control officers in present or future Peace Support operations. The course is also valuable for officers working at national departmental levels within interface to Peace Support Operations.

- **Remarks:** Daily uniform – Battle dress. Tuition fee; NOK 350,- that covers accommodation and 3 meals.

#### 5. Disarmament, Demobilisation and Reintegration of Former Combatants

- **Type and Aims:** to enable for all participants to carry out the missions and fulfil the assignments within a DD&R concept and understand where their branch fits in the process, and for the military officers to carry out the missions or attend to the tasks required to fulfil the assignments of a Commanding Officer (at least on the level of battalion), military observers and CIMIC officers on battalion or brigade level. The aim of the DD&R course is to provide a broad and general understanding of the issues and processes, within the DD&R concept, and contemporary experiences of DD&R operations and also to provide an increased understanding of the different roles of the actors involved and the importance of co-operation in the peace building process.  
The education shall impart such knowledge, attitudes and understanding to the students that they fully understand the different issues included, their respective organisations role within a DD&R concept and the importance of co-ordination.
- **Remarks:** Daily uniform. Tuition fee; NOK 350,- that covers accommodation and 3 meals.

## POLAND

### Host Nation Support (HNS) Course:

- **Type and Aims:** Host Nation Support (HNS) course is addressed to staff with certain level of experience in the area of logistics. The aim of this course is to present principles, legal aspects, tasks and responsibilities of the main bodies of HNS system. Moreover, the course covers experiences of the Polish Armed Forces in the area of HNS SYSTEM.
- **Remarks:** This course is recommended for NATO, PfP and MD nations. Uniforms are required only during the opening and graduation ceremony.

## PORTUGAL

### Embarkation of Observers During National Exercises

- **Type and Aims:** Participation with observers to attend SAREX and DISTEX serials, during national exercises INSTREX 01-06 and INSTREX 02-06 (advanced frigates training exercise)
- **Remarks:** If a Peace Support Operations (PSO) scenario should happen in SWORDFISH 06 exercise (01-12MAI06 TBC), embarkation of observers, in the final phase of the exercise, can be considered; Dress Code: military uniform; Travel and accommodation are at the participants expense (See note 1)

### Hydrographic Specialisation Course for Officers 2006/07 - Grade A

- **Type and Aims:** Post-graduation on Hydrographic Sciences
- **Remarks:** This course is recognised by the International Hydrographic Organisation (Grade A); Dress Code: military uniform; Travel and accommodation are at the participants expense (See note 1)

### Naval Cooperation and Guidance for Shipping (NCAGS) Course

- **Type and Aims:** Make use of co-operation between military and civil maritime authorities and agencies and the commercial shipping industry in order to facilitate an uninterrupted flow of maritime commerce in periods of peace and conflict and simultaneously minimise disruption to military operations)
- **Remarks:** Dress Code: military uniform; Travel and accommodation are at the participants expense (See note 1)

### Military Exercises Observation

- **Type and Aims:** To exercise Infantry Battalion in order to training and working at the tactical level; non article 5 missions.
- **Remarks:** Light Combat Uniform

### Military Exercises Observation

- **Type and Aims:** To exercise Infantry Battalion in order to training and working at the tactical level; non article 5 missions.
- **Remarks:** Light Combat Uniform

---

**Note 1: Exception can be made on an ad hoc basis for participants sent by countries that have a bilateral framework agreement with the Portuguese Ministry of Defence. If their participation has been scheduled beforehand in the annual bilateral co-operation programme, assistance might be provided depending on the initially concluded bilateral agreements.**

**Survival on Land and Sea Course for Air Crews ( Morocco, Tunisia )**

- **Type and Aims:** Participation on the course held by Portuguese Air Force in order to prepare Air Crews for survival after plane crash

**Flight Physiology Training (Morocco, Tunisia )**

- **Type and Aims:** Participation on the training organised by Portuguese Air Force in order to prepare Air Crew Staff about body behaviour in flight conditions

**Training Cruise ( Morocco, Tunisia )**

- **Type and Aims:** Participation in a training cruise on a Naval Training Ship for cadets

**Exchange of Experience on Aeronautical Medicine ( Morocco, Tunisia )**

- **Type and Aims:** Exchange of experience between medical staff from both Air Forces

**Naval Co-operation and Guidance for Shipping ( Morocco, Tunisia )**

- **Type and Aims:** To make use of co-operation between military and civil maritime authorities, agencies and the commercial shipping industry in order to facilitate an uninterrupted flow of maritime commerce in periods of peace and conflict and simultaneously minimise disruption to military operations

## ROMANIA

### Denomination of the Activity – Brigade Staff Officers Course

- **Type and Aim:** Staff Course The Course is recognised by NATO The graduates can attend combined exercises (tactical and operational level) and can also be assigned in NATO structures.
- **Remarks:** Clearance request: NATO PfP Restricted Dress: military uniform For the year 2006/2007, the deadline for application is January, 3, 2006.

### Denomination of the Activity – Joint Operations Staff Officers Course

- **Type and Aim:** Staff Course The Course is recognised by NATO The graduates can attend combined exercises (tactical and operational level) and can also be assigned in NATO structures.
- **Remarks:** Clearance request: NATO PfP Restricted Dress: military uniform. For the year 2006/2007, the deadline for application is January, 3, 2006.

### Denomination of the Activity – NATO Orientation Course

- **Type and Aim:** Staff Course The Course is recognised by NATO The graduates can attend combined exercises (tactical and operational level) and can also be assigned in NATO structures.
- **Remarks:** Clearance request: NATO PfP Restricted Dress: military uniform For the year 2006/2006, the deadline for application is January, 3, 2006.

### Denomination of the Activity – PSO Course

- **Type and Aim:** Staff Course The Course is recognised by NATO The graduates can attend combined exercises (tactical and operational level) and can also be assigned in NATO structures.
- **Remarks:** Clearance request: NATO PfP Restricted Dress: military uniform. For the year 2006/2006, the deadline for application is January, 3, 2006.

## SLOVENIA

### Language Training

#### 1. Advanced English Course SLP 3332/3333 English Course

- **Type and Aims:** The purpose of this course is to provide an intensive language training to meet SLP 3332. Topics covered will include: core text project work – briefing professional skills (telephoning, meetings, handling the media, messages, faxes, memos) CNN/BBC listening skills training learner training American/British Studies guest speaker reading skills training writing practice
- **Remarks:** Course participants will receive a certificate of participation after 1. they have attended 90% of classroom hours offered 2. submitted a teaching portfolio that contains the following: a one-week lesson plan on an appropriate topic and a folder of listening, speaking, reading and writing activities appropriate for adult learners 3. given a demonstration lesson which has been evaluated by one of the course facilitators. Travel costs covered by participating nations, accommodation and meals free of charge provided by PfP LNG Training Centre.

#### 3. English for Specific Purposes Teacher Training

- **Type and Aims:** The purpose of this course is to provide participants with hands-on experience in designing, teaching, and evaluating ESP lessons for military and civilian professionals. Topics covered include: dealing with adult language learners; learning and teaching styles; setting learning objectives; evaluating ESP materials; teaching speaking, listening, reading, and writing according to STANAG criteria; and giving feedback. Participants will present both lesson plans and mini-lessons designed for a military audience.
- **Remarks:** Course participants will receive a certificate of participation after 1) they have attended 90% of classroom hours, 2) submitted a teaching portfolio that contains the following: a one-week lesson plan on an appropriate task-based ESP topic and a folder of skill-based ESP activities related to a particular topic, and 3) given a demonstration lesson which has been evaluated by one of the course facilitators. Travel costs covered by participating nations, accommodation and meals free of charge provided by PfP LNG Training Centre.

#### 4. English Language Training Management I

- **Type and Aims:** The purpose of this course is for participants to critically evaluate and improve their English Language Teaching institutions through the identification of strengths and weaknesses and the tools to elaborate and implement realistic development plans.  
Topics include:
  - Quality Assurance
  - Institution Development and Promotion
  - Project Management
  - Resource Management

Organising Courses and Events

NB This course is not intended as a methodology course related to teaching / testing.

- **Remarks:** Course participants will receive a certificate of participation if they have 1) attended at least 90% of classroom hours, 2) presented a change proposal based on identified needs, 3) submitted a written report of the change proposal incorporating feedback from the presentation. Travel costs covered by participating nations, accommodation and meals free of charge provided by PfP LNG Training Centre.

## 5. Testing and STANAG 6001 Familiarisation

- **Type and Aims:** The purpose of this course is for participants to critically evaluate and improve their English Language Teaching institutions through the identification of strengths and weaknesses and the tools to elaborate and implement realistic development plans.

Topics include:

- Quality Assurance
- Institution Development and Promotion
- Project Management
- Resource Management
- Organising Courses and Events

NB This course is not intended as a methodology course related to teaching / testing.

- **Remarks:** Course participants will receive a certificate of participation if they have 1) attended at least 90% of classroom hours, 2) presented a change proposal based on identified needs, 3) submitted a written report of the change proposal incorporating feedback from the presentation. Travel costs covered by participating nations, accommodation and meals free of charge provided by PfP LNG Training Centre.

## SPAIN

### 1. Exercise FAMEX-06

- **Type and Aims:** LI VEX. The aim of the exercise is to train the Spanish Regional Navy Staffs and vessels in fight against illegal activities such as weapons, drugs and human trafficking, etc. Activities of MD observers could include visit to naval operation centres, visits/embarkation on patrol vessels, and visit to other navy ashore facilities.
- **Remarks:** The exercise is free of charge. Costs of accommodation and meals are offered by Spain. Travel from/to the origin countries will be responsibility of visitors.

### 2. Exercise BALSAR

- **Type and Aims:** LIVEX/SAREX. SAR crews training.
- **Remarks:** The exercise is free of charge. Costs of accommodation and meals are offered by Spain. Travel from/to the origin countries will be responsibility of visitors.

### 3. Exercise MADRISAR

- **Type and Aims:** LIVEX/SAREX. SAR crews training.
- **Remarks:** The exercise is free of charge. Costs of accommodation and meals are offered by Spain. Travel from/to the origin countries will be responsibility of visitors.

### 4. Exercise CANASAR

- **Type and Aims:** LIVEX/SAREX. SAR crews training.
- **Remarks:** The exercise is free of charge. Costs of accommodation and meals are offered by Spain. Travel from/to the origin countries will be responsibility of visitors.

### 5. Exercise VOLANT TOREO 06

- **Type and Aims:** AIR TRANSPORT MEETING. Tactical Air Transport Crews Training.
- **Remarks:** The exercise is free of charge. Costs of accommodation and meals are offered by Spain. Travel from/to the origin countries will be responsibility of visitors.

### 6. Multinational Joint Logistics Centre-Cpx Exercise

- **Type and Aims: (CPX)** The aim of the exercise is to train the HQ of the Spanish Logistic Support Command for Operations in procedures acting as MJLC. MD participants in this activity will assume the role of observer.
- **Remarks:** The exercise is free of charge. Cost of accommodation and meals are offered by Spain. Travel from/to the origin countries will be responsibility of visitors.

## TURKEY

### 1. PfP Staff Officers Logistics Orientation Course:

- **Type and Aims:** To examine and discuss NATO's new concepts/strategy, principles, policies, command and control on logistics and explain NATO Logistics organisations and their functions.
- **Remarks:** Financial matters (accommodation, meals and flight tickets) except course fee are to be paid by the participants who are from no subsidised countries. Only flight tickets are to be paid by the participants who are from partial subsidised countries. Lodging will be provided in Officers Clubs.

### 2. The Law of Armed Conflict Course:

- **Type and Aims:** To provide military or civilian personnel an appropriate balance of academic and practical knowledge in the principal areas of international law relating to the Law of Armed Conflict and to enable participants to acquire ability and knowledge within the board field of the Law of Armed Conflict.

### 3. Military Observer Course:

- **Type and Aims:** To teach rules and activities of Military Observer in PSO.
- **Remarks:** Financial matters (accommodation, meals and flight tickets) except course fee are to be paid by the participants who are from no subsidised countries. Only flight tickets are to be paid by the participants who are from partial subsidised countries. Lodging will be provided in Officers Clubs. Combat uniform is required for the FTX.

### 4. Refugees Control in PSO Course:

- **Type and Aims:** To inform the participants at the level of execution and planning of refugees control.
- **Remarks:** Financial matters (accommodation, meals and flight tickets) except course fee are to be paid by the participants who are from no subsidised countries. Only flight tickets are to be paid by the participants who are from partial subsidised countries. Lodging will be provided in Officers Clubs.

**5. Combating Terrorism and Illegal Trafficking Course:**

- **Type and Aims:** To provide practical information concerning terrorism and international illegal trafficking to participants.
- **Remarks:** Financial matters (accommodation, meals and flight tickets) except course fee are to be paid by the participants who are from no subsidised countries. Only flight tickets are to be paid by the participants who are from partial subsidised countries. Lodging will be provided in Officers Clubs.

**6. Tactical Civil-Military Cooperation (CIMIC) Course:**

- **Type and Aims:** To teach Civil-Military Cooperation (CIMIC) at tactical level.
- **Remarks:** Financial matters (accommodation, meals and flight tickets) except course fee are to be paid by the participants who are from no subsidised countries. Only flight tickets are to be paid by the participants who are from partial subsidised countries. Lodging will be provided in Officers Clubs. Combat uniform is required.

**7. Border Security Control Course**

- **Type and Aims:** To make the participants familiarise with practical information to deal with all illegal activities concerning border issues.
- **Remarks:** Financial matters (accommodation, meals and flight tickets) except course fee are to be paid by the participants who are from no subsidised countries. Only flight tickets are to be paid by the participants who are from partial subsidised countries. Lodging will be provided in Officers Clubs. Combat uniform is required.

**8. Humanitarian Relief Operations in Disasters Course**

- **Type and Aims:** To provide the basic information at the level of execution and planning of humanitarian relief operations.
- **Remarks:** Financial matters (accommodation, meals and flight tickets) except course fee are to be paid by the participants who are from no subsidised countries. Only flight tickets are to be paid by the participants who are from partial subsidised countries. Lodging will be provided in Officers Clubs. Combat uniform is required.

**9. Combating Smuggling and Trafficking in Human Beings**

- **Type and Aims:** To make the participants familiar with practical information to deal with smuggling and trafficking in human beings issues.
- **Remarks:** Financial matters (accommodation, meals and flight tickets) except course fee are to be paid by the participants who are from no subsidised countries. Only flight tickets are to be paid by the participants who are from partial subsidised countries. Lodging will be provided in Officers Clubs.

**10. Turkish Naval Academy IX, International Nautical Competition:**

- **Type and Aims:** To promote communication among the Naval Academies and strengthen the values of friendship, solidarity, tolerance and community spirit.
- **Remarks:** Invitation letters will be sent to the Nations via National Embassies in Ankara/TURKEY. Daily formal and working uniform (khakis) will be needed as well as evening dress or equivalent formal uniform for the mess dinner. For various sporting events, appropriate sports outfit (PE gear is recommended.) The foul weather gear for sailing events will be provided by the Turkish Naval Academy Sailing Department.

**11. Analysing of Satellite Image Course:**

- **Type and Aims:** Military aid training and to teach basic subjects of analysing of satellite images to participants.
- **Remarks:** Participation will be in civil outfit. High knowledge of computer-using or to be trained about image analysis is needed.

## UNITED STATES

### 1. Search and Rescue Course

- **Type and Aims:** The aim of this course is to give officers and senior enlisted personnel training in planning and coordination in oceanic and coastal search techniques as well as performing as a Search and Rescue Mission Coordinator.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

### 2. Maritime Law Enforcement – Boarding Officer

- **Type and Aims:** The aim of this course is to provide training for lead officers in a maritime law enforcement boarding team with the basic concepts, procedures and techniques involved with boarding a vessel at sea.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

### 3. Maritime Law Enforcement – Boarding Team Member

- **Type and Aims:** The aim of this course is to provide training for team members in a maritime law enforcement boarding team with the basic concepts, procedures and techniques involved with boarding a vessel at sea.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

### 4. Seaport Security/Anti-Terrorism Course

- **Type and Aims:** This course is designed to instruct personnel in anti-terrorism awareness and how to prepare security and contingency plans in a port environment to prevent terrorist and criminal activity.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

### 5. Container Inspection Course

- **Type and Aims:** This course is designed for enforcement personnel who will be conducting inspections of inter-modal shipping containers.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

**6. Crisis Command and Control Course**

- **Type and Aims:** This course is designed to provide the skills necessary for decision makers to manage emergency incidents.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

**7. Maritime Law Enforcement (Boarding Officer) Mobile Training Team**

- **Type and Aims:** The aim of this course is to provide training for team members in a maritime law enforcement boarding team with the basic concepts, procedures and techniques involved with boarding a vessel at sea.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

**8. Coastal Search and Rescue Operations Mobile Training Team**

- **Type and Aims:** This course provides search and rescue personnel with search planning, coordination and operational methodologies.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

**9. Container Inspection Mobile Training Team**

- **Type and Aims:** This course is designed for enforcement personnel who will be conducting inspections of inter-modal shipping containers.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

**10. Port Physical Security/Vulnerability Mobile Training Team**

- **Type and Aims:** This course introduces students to various port physical security measures and tactics, as well as security surveys and port vulnerability assessments.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

**11. Waterside Port Security Mobile Training Team**

- **Type and Aims:** This course is designed to give the students (three 4- to 6-member small boat crews) an understanding of the basic principles of protecting a high-risk asset (vessel or land facility) from threats coming from the sea in a port complex.
- **Remarks:** Please contact the US Embassy's Office of Defense Cooperation in the MD nation to coordinate dates of instruction and available funding sources.

## PART III

### MILITARY CO-OPERATION ACTIVITIES “IN THE SPIRIT OF MEDITERRANEAN DIALOGUE”

#### FRANCE

##### 1. MINEWARFARE COURSE (Algeria, Egypt)

- **Type and Aims:** to train officers to conduct minewarfare operations
- **Remarks:** Administrative and financial arrangements settled by the POC.

##### 2. SHIPDIVER COURSE (Algeria, Egypt)

- **Type and Aims:** Initial officer diving course
- **Remarks:** Administrative and financial arrangements settled by the POC.

##### 3. French Naval Training Squadron Tour (Algeria, Morocco, Tunisia, Egypt)

- **Type and Aims:** To gain an experience at sea at the end of naval academies
- **Remarks:** Administrative and financial arrangements settled by the POC.

##### 4. Air Operations Command And Control Course (Algeria, Egypt, Jordan, Morocco, Tunisia)

- **Type and Aims:** To train officers (OF1- OF2) assigned to Air Operations Command and Control Structures.
- **Remarks:** Administrative and financial arrangements settled by the POC.

##### 5. Air Operations Command And Control Course (Algeria, Egypt, Jordan, Morocco, Tunisia)

- **Type and Aims:** To train officers (OF3 – OF4) assigned to Air Operations Command and Control Structures.
- **Remarks:** Administrative and financial arrangements settled by the POC.

##### 6. JANUS: Simulation package (Morocco, Tunisia)

- **Type and Aims:** Simulation programme in order to organise HQ level exercises for officers. Software implementation on site and training and education in France
- **Remarks:** Administrative and financial arrangements settled by the POC.

**7. Training course for army staff officers (Algeria, Morocco)**

- **Type and Aims:** to train army officers to staff duties
- **Remarks:** Administrative and financial arrangements settled by the POC.

**8. Codifier basic Course (Algeria, Israël, Morocco)**

- **Type and Aims:** This course is meant for technicians with a good knowledge of their speciality (electronics, engineering,...) and wishing to acquire the basic skills of the job of codifier.
- **Remarks:** Administrative and financial arrangements settled by the POC.

**9. French as a foreign language Teacher Course (Egypt, Jordan)**

- **Type and Aims:** This course is meant to train French teachers and to improve their practice of the language.
- **Remarks:** Administrative and financial arrangements settled by the POC.

## GREECE

### Diving and Hyperbaric Medicine Seminar

- **Type and Aims:** Theoretical and Practical school for treating patients who had diving accidents and patients who need hyperbaric oxygen therapy.
- **Remarks:** Uniform is required, there is not registration fee.

### Naval Tactical Seminar

- **Type and Aims:** The aim of the seminar is to discuss basic naval tactical issues focusing on interoperability.
- **Remarks:** The seminar is free of charge. Costs of accommodation and meals are offered by Greece. Travel from/to the origin countries will be responsibility of visitors.

### KFOR Lessons Learned Seminar (Egypt-Jordan-Israel- and Tunisia)

- **Type and Aims:** The aim of the seminar is to present Lessons Learned deriving from the Hellenic participation in KFOR.
- **Remarks:** Costs of accommodation and meals are offered by Greece. Travel from / to the origin countries will be a responsibility of visitors.

## ITALY

### ISSMI (HIGHER JOINT STAFF INSTITUTE) COURSE

- **Type and Aims:** to broaden and improve the professional training and education of Officers in order to prepare them to fill important positions within their parental service and joint/multinational staff.
- **Remarks:** Tuition free. Other administrative and financial arrangements to be dealt with POC.

### IASD (HIGH DEFENCE STUDIES) COURSE

- **Type and Aims:** to develop and strengthen, in the future military and civilian executives:
- The ability to cooperate in the framework of a tri-service integration process, applying the latest concepts of resources management;
- The awareness and enhancement of national interests in relation to the security and defence policy;
- The ability of understand and communicate with the external community.
- **Remarks:** Tuition free. Other administrative and financial arrangements to be dealt with POC.

## PORTUGAL

### Survival on Land and Sea Course for Air Crews

- **Type and Aims:** Participation on the course held by Portuguese Air Force in order to prepare Air Crews for survival after plane crash.

### Flight Physiology Training

- **Type and Aims:** Participation on the training organised by Portuguese Air Force in order to prepare Air Crew Staff about body behaviour in flight conditions.

### Training Cruise

- **Type and Aims:** Participation in a training cruise on a Naval Training Ship for cadets.

### Exchange of Experience on Aeronautical Medicine

- **Type and Aims:** Exchange of experience between medical staff from both Air Forces.

### Visit to the Artillery School

- **Type and Aims:** Exchange of experience and observe the final exercise of the Portuguese INFRONT Simulator Course.

### Naval Co-operation and Guidance for Shipping

- **Type and Aims:** To make use of co-operation between military and civil maritime authorities, agencies and the commercial shipping industry in order to facilitate an uninterrupted flow of maritime commerce in periods of peace and conflict and simultaneously minimise disruption to military operations.

### Search and Rescue Training

- **Type and Aims:** Participation in the training organised by the Portuguese Navy in order to prepare ship crews for such and rescue operations.

### Spatial Disorientation Simulator Training

- **Type and Aims:** To provide practice on Spatial Simulator in order to prepare pilots for flight disorientation situations.

### **PASSEX Exercise**

- **Type and Aims:** Exchange of visits of a Portuguese War Ships and Exercise in order to coordinate procedures to be held between both Navy.

### **Visit to the Emergency Civil Planning National Centre**

- **Type and Aims:** Visit to the Centre in order to develop coordination skills to be held by both military and civil forces.

### **Exchange of Experience on Preservation and Valorisation of Military Buildings of Cultural Interest**

- **Type and Aims:** Exchange of experience in order to establish procedures on building preservation and valorisation.

### **Exchange of Experience on Pedagogical Training**

- **Type and Aims:** Exchange of experience with the aim to establish partnership between Air Force Academies (exchange of professors, conferences and methods).

### **Combat Diving Course**

- **Type and Aims:** Participation in the course in order to prepare divers for specific combat operations.

### **Underminer Diving Course**

- **Type and Aims:** Participation in the course in order to prepare combat divers for undermining operations.

### **Medicinal Diving Training**

- **Type and Aims:** Participation in training in order to prepare medical staff to deal with diving accidents.

### **Anti-Pollution Exercise**

- **Type and Aims:** Participation as observers in the anti-pollution exercise in order to prepare/coordinate procedures in pollution disasters

### **Visit to the Alfeite Shipyard**

- **Type and Aims:** Exchange of experience on ship building techniques.

### **Participation, as Observers, in Mechanised Brigade Exercise**

- **Type and Aims:** Participation in an exercise and exchange of experience on tactical view of the battlefield.

#### **Participation, as Observers, in Air Force Exercise**

- **Type and Aims:** Participation in an exercise and exchange of experience on flight procedures.

#### **Air Force Target Practice Training**

- **Type and Aims:** Participation in training in order to practice airplane target shoot.

#### **Search and Rescue Training**

- **Type and Aims:** Participation in training in order to practice search and rescue procedures.

#### **Survival on Land and Sea Course for Air Crews**

- **Type and Aims:** Participation on the course held by Portuguese Air Force in order to prepare Air Crews for survival after plane crash.

#### **Flight Physiology Training**

- **Type and Aims:** Participation on the training organised by Portuguese Air Force in order to prepare Air Crew Staff about body behaviour in flight conditions.

#### **PASSEX Exercise**

- **Type and Aims:** Exchange of visits of a Portuguese War Ships and Exercise in order to coordinate procedures to be held between both Navy.

#### **Hydrography on Board Training**

- **Type and Aims:** Participation in training in order to prepare naval officers for hydro-graphics cruises.

#### **Training Cruise**

- **Type and Aims:** Participation in a training cruise on a Naval Training Ship for cadets.

### **OJT in the Light House Direction of the Navy**

- **Type and Aims:** Participation in training for light house direction staff.

### **Hydrography Training**

- **Type and Aims:** Prepare officers to coordinate works in hydro-graphy.

### **Naval Co-operation and Guidance for Shipping**

- **Type and Aims:** Make use of co-operation between military and civil maritime authorities and agencies and the commercial shipping industry in order to facilitate an uninterrupted flow of maritime commerce in periods of peace and conflict and simultaneously minimise disruption to military operations).

### **Exchange of Experience on Aeronautical Medicine**

- **Type and Aims:** Exchange of experience between medical staff from both Air Forces.
- **Remarks:** none.

## UNITED STATES

### 1. Exercise ELOQUENT NUGGET 2006:

- **Type and Aims:** Eloquent Nugget Series is politico-military symposia & workshop that focuses on “Civilian Democratic Control of the Military”. The aim in inviting Mediterranean Dialogue (Med Dialogue) Nations is to build bilateral/multilateral relationships and ties among Med Dialogue, Middle East, Caucasus region, and Central Asia. This seminar will familiarise participants with the concept and intended consequences of cooperative partnership by understanding civilian control of the military, the current security environment and it’s impact, understanding the North Atlantic Alliance’s policies programs, and shared activities/responsibilities related to partnerships, and to develop insight into the necessary capabilities (including resources, manpower, and equipment) required to meet partnership obligations.
- **Remarks:** The course is free of charge. Costs of travel from/to the origin countries, accommodation and meals will be the responsibility of visitors. Attire: summer uniform/class Bs or equivalent civilian attire for daily exercise/seminar; dress uniform for one official off-site visit, civilian coat/tie for one formal dinner.

### 2. Exercise ADRIATIC ENGAGEMENT 2006

- **Type and Aims:** ADRIATIC ENGAGEMENT 2006 is scheduled to occur in the Albanian Littorals in June 2006. The plan is for the Expeditionary Strike Group 4, with embarked coalition forces and SETAF forces ashore will conduct a five day combined/joint maritime and amphibious training exercise in order to enhance U.S. and NATO operational interoperability.  
Exercise Objectives: (1) To exercise Joint/Combined warfighting skills required for Battlegroup/Force integration. (2) Conduct Peace Support Operations through the amphibious landing of ARG/MEU forces. (3) Conduct firing exercises and manoeuvres at Albanian ranges. (4) Establish maritime interdiction and establish superiority with a multinational coalition task force. (5) To facilitate U.S. information exchange in the region. (6) To coordinate personnel recovery.
- **Remarks:** Funding assistance can be arranged to pay for incremental costs for expendable items (food, fuel, water, and training ammunition) for the U.S. Developing Country Combined Exercise Program (DCCEP) for developing countries that might participate in this training event. All other nations participating in the event that are not indicated as "developing countries" by the U.S. Government are responsible for funding their own participation in this training event.

### 3. Exercise PHOENIX EXPRESS 2006

- **Type and Aims:** PHOENIX EXPRESS deploys designated US forces to develop MAHGREB interaction, and especially enhance Navy-to-Navy interoperability amongst all players while fostering an environment of cooperation suitable to meet future operational requirements and contingencies with specific focus on peace-keeping, maritime interdiction, and collective maritime security. Exercise Objectives: (1) Ensure use of air and sea lines of communication and access to supporting facilities and infrastructure. (2) Promote cooperation among MAGHREB & US/NATO.

(3) Encourage Morocco, Algeria, and Tunisia interaction. (4) Encourage combined efforts in the GWOT. (5) Promote military professionalism. (6) Improve Coastal Surveillance capabilities of Regional Security Partners and integrate into Common Operating Picture.

- **Remarks:** Funding assistance can be arranged to pay for incremental costs for expendable items (food, fuel, water, and training ammunition) for the U.S. Developing Country Combined Exercise Program (DCCEP) for developing countries that might participate in this training event. All other nations participating in the event that are not indicated as "developing countries" by the U.S. Government are responsible for funding their own participation in this training event.

#### 4. Exercise MAJESTIC EAGLE (MEDSHARK)

- **Type and Aims:** Bilateral/Multilateral Air Training LIVEX utilising Cap Draa Live Fire Training Range. Dependent on Carrier Strike Group availability.
- **Remarks:** Funding assistance can be arranged to pay for incremental costs for expendable items (food, fuel, water, and training ammunition) for the U.S. Developing Country Combined Exercise Program (DCCEP) for developing countries that might participate in this training event. All other nations participating in the event that are not indicated as "developing countries" by the U.S. Government are responsible for funding their own participation in this training event.

#### 5. Exercise ATLAS DROP 2006

- **Type and Aims:** Exercise ATLAS DROP is a bi-lateral field training and command post exercise involving U.S. and Host Nation (Tunisia) forces to conduct a disaster preparedness exercise.
- **Remarks:** This is a United States Joint Chiefs of Staff scheduled bi-lateral exercise with the armed forces of Tunisia. Nations eligible for Warsaw Initiative Funds (WIF) and Cooperative Threat Reduction (CTR) funds can request use of these funds to defray their cost. Certain African countries are also eligible for Developing Countries Combined Exercise Program (DCCEP) funds to minimise their cost.

#### 6. Ex AFRICAN LION 2006

- **Type and Aims:** To conduct joint and combined bi-lateral exercise with Moroccan defense forces. This is an U.S. and allied nation combined planning exercise (PLANEX). Its purpose is to foster a bond of trust and confidence between a U.S. Marine Expeditionary Unit, the United States Army, Europe (USAREUR) and the Moroccan armed forces.
- **Remarks:** Nations eligible for Warsaw Initiative Funds (WIF) and Cooperative Threat Reduction (CTR) funds can request use of these funds to defray their cost. Certain African countries are also eligible for Developing Countries Combined Exercise Program (DCCEP) funds to minimise their cost.

#### 7. Exercise SILENT WARRIOR 06

- **Type and Aims:** The aim of this exercise is to train Trans Saharan African national

military forces in the conduct of various multilateral and bilateral operations in combating terrorism, promoting security and stability and protecting their sovereign borders from transnational terrorism. Training, exercises and operations will range from staff officer training, civil/military affairs, psychological operations and unconventional warfare.

- **Remarks:** This is a Joint Chiefs of Staff (JCS) exercise. Nations have a wide variety of levels of participation to select from which include: 1) Provide French/English speaking staff officers or senior Non-commissioned officers (NCOs) to act as mentors during a 1-week scenario driven Command Post Exercise in Senegal. 2) Provide French/English speaking CIMIC teams to conduct training and operations in any of the eight participating Trans Saharan countries. 3) Provide French/English speaking PSYOP teams to conduct training and operations in any of the eight participating Trans Saharan countries. 4) Provide a Special Operations Task Group or Element and small command and control element to conduct training and operations in any one of the eight participating Trans Saharan countries in conjunction with a US SOF Team Joint Combined Exchange for Training or unilaterally with a Trans Saharan nation. Participating units will be responsible for travel arrangements and costs for their respective personnel.
