# 2005 MEDITERRANEAN DIALOGUE WORK PROGRAMME

## INTRODUCTION

1. At their Istanbul Summit in June 2004, NATO's Heads of State and Government decided to further enhance the practical dimension of the Mediterranean Dialogue (MD) through greater emphasis on practical cooperation. This decision is reflected in the enclosed 2005 Draft MD Work Programme (MDWP) which includes a number of new activities in the various priority areas agreed in Istanbul such as interoperability, defence reform and counter terrorism.
2. As work on the implementation of the Istanbul decisions progresses, the MDWP will be subject to further changes in light of progress made and the outcome of consultations with MD countries. As such, the MDWP should be considered a living document.
3. The annual MDWP is prepared by the NATO Staff and is based on inputs received from relevant NATO bodies as well as MD countries. Once agreed by the North Atlantic Council (NAC), the annual MDWP is submitted to the MD countries for their consideration, in view of the establishment of individual cooperation programmes.
4. As in 2004, the MDWP activities have been organised into areas of cooperation, similarly to what is being done in other Partnership frameworks such as the PfP. This should contribute to making practical information about specific activities (such as venues, possible financial assistance, attendance, etc.) more clearly identifiable.
5. "MD nationally military sponsored activities" and "activities in the spirit of Mediterranean Dialogue" will continue to be presented in two separate sections (respectively Part II and Part III). "MD Nationally sponsored co-operation activities" (Part II) are complementing NATO's military co-operation efforts in particular in areas outside NATO's collective defence capabilities. These contributions are offered on a voluntary basis and may qualify as "MD nationally-sponsored military activities" when they are directly related to the aim of the Mediterranean Dialogue and opened for general MD Partner participation. National military activities that do not meet the criteria for nationally sponsored military activities but which are nonetheless relevant to and consistent with the aim of the MD may be addressed as "activities in the spirit of Mediterranean Dialogue". These activities are also included in the programme (Part III).
6. The rules governing the funding for participation in all NATO activities will remain the same:
  - 6.1. The basic principle remains that participation in NATO activities is on a self-funding basis.
  - 6.2. As a result of the Istanbul decisions, Allies agreed to complement the current MD funding policy to bring it in line with NATO funding arrangements for other partnership frameworks thus allowing NATO to fund up to 100% of the travel and accommodation costs for MD countries' participation in MD approved activities. This would apply provided that: (1) the requesting country's GNP per capita is below \$6000 per year; (2) the costs can be accommodated within NATO's existing budget; and (3) the activity is listed in the MDWP <sup>1</sup>.
  - 6.3. For each activity, it is clearly mentioned if financial assistance is available.

---

<sup>1</sup> This reference will appear subject to agreement by the Council on the document "Complementing MD funding policy" already agreed by the MCG on 14 September 2004.

- 6.4. For the non-military activities, details and procedures can be obtained with the POC mentioned under each activity.
- 6.5. The policy and administrative procedures related to military co-operation activities offered by NATO will continue to apply. In particular:
  - 6.5.1. Military activities are those for which the identification code starts by one of the following acronyms "IMS, NSA, ACO, ACT, NADEFCOL" and also include the courses held at the NATO School (Oberammergau - Germany).
  - 6.5.2. These administrative details concerning NATO financial assistance, reimbursement procedures and information on obtaining visas, can be found in the document "Procedures for the implementation of the Mediterranean Dialogue Military Co-operation Activities" distributed to all MD country Embassies and NATO Contact Point Embassies (CPE).
  - 6.5.3. "Nationally sponsored activities" (Part II) and "activities in the spirit of Mediterranean Dialogue" (Part III) do not qualify for NATO common funding.
  - 6.5.4. Administrative details for financial assistance in the "non military activities" can be obtained by the relevant POC.
7. MD partners are reminded that the present MDWP constitutes an invitation in itself. In this regard, MD countries should not wait for official invitations to be sent for each specific activity. MD partners are therefore invited to select activities in the MDWP and to send a consolidated list to the MDWP point of contact at NATO HQ, which will form the basis for their individual cooperation programmes.

## LIST OF AREAS OF CO-OPERATION WITH MEDITERRANEAN DIALOGUE PARTNERS

1. **Airspace Management:** "Consultation on air traffic management issues to promote flight safety and information exchange on civil/military air traffic control procedures."
2. **Armaments:** "Participation in the Conference of National Armaments Directors (CAD)'s Partnership Group on the NATO Codification System (NCS). Invitation in the CNAD's Partnership Group on Safety Aspects of Transportation and Storage of Military Ammunition and Explosives; exchanges on obsolete or excess ammunition and explosives destruction matters."
3. **Border Security:** "Consultations and cooperation on borders security, especially in connection with terrorism and organised crime, including the provision of training, technical and other forms of support to facilitate borders monitoring against the smuggling of small arms & light weapons and other illegal activities."
4. **Counter-Terrorism:** "Consultations on terrorism, including intelligence-sharing, and expert-level meetings on the terrorist threat and measures taken, individually or together with others, to counter it. Consideration could also be given to involving MD partners in the activities foreseen in the Partnership Action Plan against Terrorism on a case-by-case basis. Consideration should be given to addressing the security aspects of economic development and the security-related economic aspects of the international fight against terrorism."
5. **Defence Policy and Strategy:** Familiarise interested countries with conceptual aspects of security and defence, with other concepts of national security policy and with national strategies and Alliance security policy and its Strategic Concept.
6. **Defence Reform and Defence Economics:** "Defence reform and defence economics including best practice in the economic and civilian management of defence forces. This includes resource management in defence spending and affordability and sustainability of defence expenditures; the consequences of defence reform; the conversion of military personnel; and the management of former military sites. Consideration should also be given to opening selected EAPC/PfP seminars and conferences in the field of defence reform and defence economics to MD countries' participation."

7. **Information/Outreach Activities**: " Putting into action a joint effort aimed at better explaining NATO transformation and cooperative efforts."
8. **Political and Defence Efforts against Proliferation of WMD and their means of delivery**: "Expert-level consultations on political and defence efforts against the proliferation of Weapons of Mass Destruction (WMD)."
9. **"Security Through Science and Environmental Security"**: "Security through Science and Environmental Protection, includes activities in the fields of desertification, drought, management of water and other natural resources, effects of climate on agriculture, marine science in the Mediterranean Sea, regional medical problems, biotechnologies for agriculture, cooperation on environmental pollution possibly including Environmental Protection, and Challenges of Modern Society."
10. **Small Arms and Light Weapons**: "Small Arms & Light Weapons (SALW), including seminars aimed at sharing experiences, expert-level consultations and visits, and training."
11. **Civil Emergency Planning (CEP)**: "Activities include Civil Emergency Planning seminars and expert-level meetings in both NATO and MD countries. Participation is foreseen in selected activities of the CEP Planning Boards and Committees to enhance interaction at technical level between ministries which could be activated in times of complex emergencies. This area also includes the activities related to the Civil-Military Co-operation (CIMIC)".
12. **Crisis Management (CRM)** "Crisis Management, including briefings on crisis management exercises, NATO crisis management arrangements, and the operational organisation of the NATO Situation Centre. Consideration could also be given to opening the Council Operations and Exercise Committee (COEC) to the participation of all MD countries in selected activities related to the MD."
13. **Logistics (LOG)**: "Logistics information exchange, focusing on best practices in military logistic structures, procedures and processes appropriate to improving the ability of MD countries' forces to cooperate with those of the members of NATO. This will also be achieved through specially selected activities such as training for possible participation in and operation with multinational force elements such as a Multinational Joint Logistic Centre (MJLC) or Multinational Integrated Logistic Units (MILUs), and would initially be delivered through participation in the NATO Logistic Course and MJLC Course."
14. **Medical Services (MED)**: "Information exchange on military medicine to improve protection of MD forces, especially in the area of preventive measures, health surveillance systems, and NBC-related protection".
15. **Meteorological Support (MET)**: "Military and National Weather Centres meteorologists to exchange military meteorological capabilities, including organisational structures, tactical decision aids, weather impact on sensor and weapon performance, communications and meteorological support to operations and exercises to improve the ability to co-operate together".
16. **Military-to-military Contacts (MMC)**: "Military-to-military contacts at CHOD, staff and expert level to exchange information and reciprocal experiences on MD military co-operation issues, including in the field of Peace Support Operations (PSO) and related activities such as logistic support for MD country forces involved in NATO-led non-Article 5

CROs, in order to improve the ability of MD countries' forces to operate with those of the members of NATO."

17. **Military Oceanography (OCE)**: "Military and civilians oceanographers meet to facilitate and expand scientific and technical interchanges on military oceanography as well as exchange of historic and real-time oceanographic data with MD countries to expand database and the ability to co-operate together".

18. **Conceptual, planning and operational aspects of Peace Support Operations (PSO)**: "Peace Support Operations make impartial use of diplomatic, civil and military means, normally in pursuit of United Nations Charter purposes and principles, to restore and maintain peace. This area provides orientation on the planning, preparation and conduct of Peace Support Operations (PSO) and related activities conducted by NATO".

19. **Operational and Administrative Aspects of Standardisation (STD)**: "Standardisation is defined as the development and implementation of concepts, doctrines, procedures and designs to achieve and maintain the required levels of compatibility, interchangeability or commonality in the operational, procedural, material, technical and administrative fields to attain interoperability. In this regard, Standardization is beginning to play a more important role in contributing to improve the ability of MD countries' forces to operate with those of the members of NATO."

20. **Military Exercises and Related Training Activities (TEX)**: "Military exercises and related training activities in fields such as search and rescue, maritime safety, medical evacuation, humanitarian relief and peace support operations. The participation of MD partners in these activities could improve the ability of MD countries' forces to operate with those of the members of NATO and facilitate the integration into NATO Forces of MD countries willing to contribute to NATO-led non-Article 5 CROs".

21. **Military Education, Training and Doctrine (TRD)**: "Military education, training and doctrine to address basic operational requirements, including the expanding current Mobile Training Team (MTT) activities. The participation in these activities will make MD partners acquainted with NATO terminology, doctrine, and procedures and thus be better prepared to participate in military exercises and related training activities. This area includes also the activities organised under the responsibility of the NATO Training Group (NTG)".

## 11. CIVIL EMERGENCY PLANNING (CEP)

### a. NATO Civil Emergency Planning and Civil Military Co-operation (CEP/CIMIC) Course

- **Identification Code:** M9-56-A, M9-56-B
- **Type and Aims:** To introduce participants to Civil Military Co-operation (CIMIC) within the NATO Integrated Military Structure and to NATO Civil Emergency Planning (CEP).
- **NATO Action Authority:** NATO School.
- **Location:** Oberammergau (GE).
- **Dates and Duration:** 07-11 March 05 (M9-56-A), 21-25 November 05 (M9-56-B), 5 days.
- **Language Requirements:** participants should have a working knowledge in English language.
- **Number of Participants:** two participants from each MD Country per each course. Mediterranean Dialogue countries are requested to send a civil (CEP) and a military (MOD) representative when two students or more attend any course.
- **Remarks:** HQ SACT will send a letter to all Mediterranean Dialogue Countries Embassies in Brussels and NATO Contact Point Embassies (CPE) informing about the course content and the modality to attend. The seats are reserved in advance for Mediterranean Dialogue Partners. No other invitation letter will be sent before the course starts. **Attendance should be notified directly to NATO School six weeks before the course starts.** If no attendance confirmation is received by this time, the seat will be offered to another nation.
- **NATO financial assistance.** All requests for NATO financial assistance have to be sent for action to HQ SACT at least two weeks before the event. No financial assistance can be guaranteed to requests arrived at HQ SACT less than 30 days before the event. No financial assistance can be granted after the event has already begun. NATO recommends that subsidisation requests be consolidated in a single request for the entire year. MD Countries only by exception on a case-by-case basis should submit requests for last minute activities. MD Partners may always apply for participation in further military activities even if they have already submitted to HQ SACT a consolidated list of activities. There is not a specific format to fill in to request NATO financial assistance but these are the minimum data to be provided: identification code of the activity (or type and title of activity as provided in the 2005 MDWP or in the official invitation letter), dates and location of the activity, total number of personnel taking part and number of personnel for which subsidisation is requested. MD Countries should also avoid any reference to the level of subsidisation (80%, 100%, etc.).

### **Littoral Warfare Operations Seminar (LWOS)**

- **Identification Code:** ACO-05-065
- **Type and Aims:** A Seminar designed to provide a forum for maritime commanders and potential commanders to learn about and discuss Littoral Warfare Issues. The subject varies from year to year and is influenced by Partner requirements.
- **NATO Action Authority:** CC-Mar Northwood.
- **Location:** In a Partner or NATO country – TBC.
- **Dates and Duration:** September, 3 working days.
- **Language Requirements:** Participation in the course will require an English language proficiency of Standardised Language Proficiency 3-2-3-2, in accordance with STANAG 6001. No translation facilities will be available.
- **Number of Participants:** Lt Cdr - Capt (Navy) or equivalent rank (OF-3/OF-5). One to 3 officers per nation are normally accepted, but greater numbers might be accommodated by negotiation once attendance numbers become crystallised.
- **Remarks:** No specific requirements are specified for attendees, but normally attendees are nominated who have an interest in, or professional association with, the theme for each year's activity. The Seminar is an interactive activity, which benefits from the experiences shared by the attendees. A specific topic is selected to be the 'theme' for each year's Seminar. Examples of earlier topics include: Building and Operating a Multinational Force for a PSO; Environmental Implications of Recovery and Dumped Ordnance from Coastal Waters and Maritime Interdiction operations. Normal daily working uniform and civilian jacket and tie dress are required for activities associated to this course. Participation is on a self-funding basis. ### **Maritime Communications Information Systems Workshop (MCISW)**

- **Identification Code:** ACO-05-066
- **Type and Aims:** MCISW is designed to improve maritime CIS interoperability awareness, professional knowledge and further develop the CIS planning skills of participating Partner staff officers. MCISW will assist future staff officers filling appointments in NATO Led Crisis Response Operations and specifically in NATO exercises opened to Partners and NATO/PfP exercises.
- **NATO Action Authority:** CC-Mar Northwood
- **Location:** In a Partner or NATO country – TBC.
- **Dates and Duration:** May, 3 working days.
- **Language Requirements:** Participation in the course will require an English language proficiency of Standardised Language Proficiency 3-2-3-2, in accordance with STANAG 6001. No translation facilities will be available.
- **Number of Participants:** Lt - Capt (Navy) or equivalent rank (OF-2/OF-5). 3 officers per nation are normally accepted, but greater numbers might be accommodated by negotiation once attendance numbers become crystallised. Officers who may undertake duties in a CJTF HQ, or fill posts in J6 and N6 staff during exercises or operations undertaking liaison duties. Officers serving in national J6 and N6 staffs

- **Remarks:** CIS interoperability between NATO and Partner Forces has been a focal point of considerable attention since the earliest stages of PfP development. A review of lessons learned from maritime NATO/PfP exercises and activities has shown that communications issues continue to be a major contributing factor in limiting progress towards greater interoperability between NATO and Partners. In both equipment and procedural aspects, CIS interoperability remains one of the most significant critical factors for Partner Forces to be successfully integrated into NATO/PfP Multinational Forces. MCISW will provide up to date briefings covering maritime CIS planning, procedures and methodology, with their related Military Operational Requirements (MORs). MCISW will also cover Lessons Learned, feedback on maritime CIS issues, and will also take a look at the way ahead. It will contribute as a generic building block to NATO/PfP Exercises and NATO Exercises opened to Partners. MCISW is designed for Partner nations' CIS Staff Officers, OF-2 to OF-5. Target audience for the workshop is officers who may: undertake duties in a Combined Joint Task Forces (CJTF) Headquarters; fill posts in J6 and N6 staff during exercises or operations; undertake liaison duties, and officers serving in national J6 and N6 staffs. Participants are requested to contribute to the Workshop with a short presentation of their national maritime CIS organisations and potential contributions in support of PfP maritime CIS interoperability requirements. Participants are strongly advised that these presentations should not exceed 15 minutes (per country). Partner Nations are encouraged to propose additional topics to the MCISW agenda. Normal daily working uniform and civilian jacket and tie dress are required for activities associated to this course. Participation is on a self-funding basis. Accommodation during the seminar will be arranged by POC.
