Over the past 28 years the SPS Programme has facilitated the exchange of more than 745 young scientists.

The SPS Programme also supported 44 Ukrainian young scientists who studied abroad to continue their research in Ukraine.

Since 1991, more than 721 experts from Ukraine have participated in the SPS activities as follows:

- 26 Advanced Study Institutes (ASI) involving 55 experts
- 12 Advanced Training Courses (ATC) involving 24 experts
- 143 Advanced Research Workshops (ARW) involving 287 experts
- 90 Multi-Year Projects (MYP) involving 355 experts
- 83 publications

Thanks to the SPS Programme more than 146 experts from NATO countries have visited scientific establishments from Ukraine with the aim of knowledge sharing and exchange of good practices.
