3. Assessment

As of 28 August 2017, the forest fires in Borjomi Municipality have been localized due to the extensive efforts of national and international fire-fighting teams. LEMA continues to coordinate assessment and response activities as Georgian firefighters, military staff and volunteers are still working in the affected area. The ground international firefighting teams will leave Georgia on 28 August. All international aerial assets already left the disaster area.

The Government of the Republic of Georgia is grateful for all the assistance received and offered by the international community.
