

CALENDAR OF NATO-FUNDED EVENTS

The organization of these NATO-sponsored events is under the responsibility of the individual co-directors listed, to whom all enquiries for information, attendance and support should be addressed.

The co-directors have limited funds to contribute to the travel and living expenses of some participants. Some events are mainly by invitation.

The list is in chronological order, and the calendar is updated several times a year. Please note that dates and locations can change in the interim.

A description of the specific mechanisms (Advanced Research Workshop, Advanced Study Institute, etc.) can be found at the following link :
